Reflection Sheet – How well does each model meet your objectives?

This booklet outlines each of the models put forward for your consideration by the SRG. Please take the time to read them in depth and remind yourself about your role (page 1) and also your report which you completed at your final session together.

The matrix below has been designed for you to make an initial, INDEPENDENT, assessment of each of the models against your objectives. This is not binding, but will enable you to come into the first day having some understanding of each of the models.

Geoff and Peter are on basecamp, so feel free to ask any pertinent questions that you might need answers to which support you in making this initial assessment.

You will be briefed fully on the morning of the 24th March on each model.

MODEL A	How well is this objective met for Model A?		
OBJECTIVE	<i>This objective is met fully</i>	This objective is met partially	This objective is not met
Early Access (p5)			
Value for money and efficiency (p7)			
Who and what is cov- ered / equitable (p12)			
Support navigating the system (p14)			
Scheme design and fraud (p16)			

Notes:

MODEL B	How well is this objective met for Model B?		
OBJECTIVE	This objective is met fully	This objective is met partially	This objective is not met
Early Access (p5)			
Value for money and efficiency (p7)			
Who and what is cov- ered / equitable (p12)			
Support navigating the system (p14)			
Scheme design and fraud (p16)			

Notes:

MODEL C	How well is this objective met for Model C?		
OBJECTIVE	This objective is met fully	This objective is met partially	This objective is not met
Early Access (p5)			
Value for money and efficiency (p7)			
Who and what is cov- ered / equitable (p12)			
Support navigating the system (p14)			
Scheme design and fraud (p16)			

Notes:

MODEL D	How well is this objective met for Model D?		
OBJECTIVE	This objective is met fully	This objective is met partially	This objective is not met
Early Access (p5)			
Value for money and efficiency (p7)			
Who and what is cov- ered / equitable (p12)			
Support navigating the system (p14)			
Scheme design and fraud (p16)
