About this republication

The republished law

This is a republication of the *Planning and Development Act 2007* (including any amendment made under the [Legislation Act 2001](#), part 11.3 (Editorial changes)) as in force on 18 May 2019. It also includes any commencement, amendment, repeal or expiry affecting this republished law to 18 May 2019.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at www.legislation.act.gov.au):

- authorised republications to which the [Legislation Act 2001](#) applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

Editorial changes

The [Legislation Act 2001](#), part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see [Legislation Act 2001](#), s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication includes amendments made under part 11.3 (see endnote 1).

Uncommenced provisions and amendments

If a provision of the republished law has not commenced, the symbol **U** appears immediately before the provision heading. Any uncommenced amendments that affect this republished law are accessible on the ACT legislation register (www.legislation.act.gov.au). For more information, see the home page for this law on the register.

Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see the [Legislation Act 2001](#), section 95.

Penalties

At the republication date, the value of a penalty unit for an offence against this law is \$160 for an individual and \$810 for a corporation (see [Legislation Act 2001](#), s 133).

Planning and Development Act 2007

An Act about planning and development in the ACT

Chapter 1 Preliminary

1 Name of Act

This Act is the *Planning and Development Act 2007*.

3 Dictionary

The dictionary at the end of this Act is part of this Act.

Note 1 The dictionary at the end of this Act defines certain terms used in this Act, and includes references (*signpost definitions*) to other terms defined elsewhere.

For example, the signpost definition ‘*tree management plan*—see the [Tree Protection Act 2005](#), dictionary.’ means that the term ‘tree management plan’ is defined in that dictionary and the definition applies to this Act.

Note 2 A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see [Legislation Act](#), s 155 and s 156 (1)).

4 Notes

A note included in this Act is explanatory and is not part of this Act.

Note See the [Legislation Act](#), s 127 (1), (4) and (5) for the legal status of notes.

5 Offences against Act—application of Criminal Code etc

Other legislation applies in relation to offences against this Act.

Note 1 Criminal Code

The [Criminal Code](#), ch 2 applies to all offences against this Act (see Code, pt 2.1).

The chapter sets out the general principles of criminal responsibility (including burdens of proof and general defences), and defines terms used for offences to which the Code applies (eg *conduct*, *intention*, *recklessness* and *strict liability*).

Note 2 Penalty units

The [Legislation Act](#), s 133 deals with the meaning of offence penalties that are expressed in penalty units.

Chapter 2 Object and important concepts

6 Object of Act

The object of this Act is to provide a planning and land system that contributes to the orderly and sustainable development of the ACT—

- (a) consistent with the social, environmental and economic aspirations of the people of the ACT; and
- (b) in accordance with sound financial principles.

Note This Act, like all Territory Acts, has no effect to the extent that it is inconsistent with the national capital plan, but is taken to be consistent with the national capital plan to the extent that it can operate concurrently with it (see [Australian Capital Territory \(Planning and Land Management\) Act 1988](#) (Cwlth), s 11 (1)).

7 Meaning of *development*

- (1) In this Act:

development, in relation to land, means the following:

- (a) building, altering or demolishing a building or structure on the land;
- (b) carrying out earthworks or other construction work on or under the land;
- (c) carrying out work that would affect the landscape of the land;
- (d) using the land, or a building or structure on the land;
- (e) subdividing or consolidating the land;
- (f) varying a lease relating to the land (other than a variation that reduces the rent payable to a nominal rent);

- (g) putting up, attaching or displaying a sign or advertising material other than in accordance with—
 - (i) a licence issued under this Act; or
 - (ii) a sign approval under the *Public Unleased Land Act 2013*, section 25 (Approval to place sign on public unleased land); or
 - (iii) a public unleased land permit under the *Public Unleased Land Act 2013*.

(2) In this section:

consolidation—see section 234.

subdivision—

- (a) includes—
 - (i) the surrender of 1 or more leases held by the same lessee, and the grant of new leases to the lessee to subdivide the parcels of land in the surrendered leases; and
 - (ii) the subdivision of land under the *Unit Titles Act 2001*; and
 - (iii) the subdivision of land in future urban areas; but
- (b) does not include a sublease.

8 **Meaning of use**

In this Act:

use land, or a building or structure on the land, means any of the following:

- (a) begin a new use of the land, building or structure;
- (b) continue a use of the land, building or structure;

Note Development approval is not required for continuing use lawfully commenced (see s 201 and s 204).

- (c) change a use of the land, building or structure, whether by adding a use, stopping a use and substituting another use or otherwise.

9 **Meaning of *sustainable development***

- (1) For this Act:

sustainable development means the effective integration of social, economic and environmental considerations in decision-making processes, achievable through implementation of the following principles:

- (a) the precautionary principle;
- (b) the inter-generational equity principle;
- (c) conservation of biological diversity and ecological integrity;
- (d) appropriate valuation and pricing of environmental resources.

- (2) In this section:

the inter-generational equity principle means that the present generation should ensure that the health, diversity and productivity of the environment is maintained or enhanced for the benefit of future generations.

the precautionary principle means that, if there is a threat of serious or irreversible environmental damage, a lack of full scientific certainty should not be used as a reason for postponing measures to prevent environmental degradation.

Chapter 3 The planning and land authority and chief planning executive

Part 3.1 The planning and land authority

- (2) The Minister must present to the Legislative Assembly a statement of the reasons for the suspension not later than the first sitting day after the day the chief planning executive is suspended.

Note 2 For [territory plan](#) variations that are technical amendments, see pt 5.4 and pt 5.5.

- (2) If the planning and land authority prepares a draft plan variation, the authority must prepare a consultation notice (see s 63) that invites comments on the draft plan variation and, when publicly notified, may give the draft plan variation interim effect (see s 64 and s 65).
- (3) The planning and land authority—
- (a) may revise or withdraw the draft plan variation after the end of public consultation (see s 68); and
 - (b) unless the variation is withdrawn, must—

- (6) The Minister may revoke an approval of a draft plan variation before presenting the approved plan variation to the Legislative Assembly (see s 77), but otherwise must present the approved plan variation to the Legislative Assembly (see s 79).
- (7) The Legislative Assembly may reject the plan variation (see s 80) but, if the plan variation, or a provision of the plan variation, is not rejected, the Minister must fix a day when the variation commences (see s 83).
- (8) Different provisions apply to plan variations that are special variations and technical amendments, including future urban areas.

Note 1 For [territory plan](#) variations that are special variations, see pt 5.3A.

 - (b) more than 60 days after the day the decision is made.
- (3) This section expires 5 years after the day this section commences unless the period that this section is in force is extended by regulation.
- (4) The period may not be extended under subsection (3) by more than 5 years.

Note The [Legislation Act](#), s 84 (1) (a) provides that the repeal of a law does not revive anything not in force or existing when the repeal takes effect.

Part 5.4 Plan variations—technical amendments

86 Definitions—pt 5.4

In this part:

code variation—see section 87 (2) (a).

limited consultation—see section 90.

technical amendment—see section 87.

87 What are *technical amendments* of territory plan and is consultation needed?

- (1) Each of the following [territory plan](#) variations is a *technical amendment* for which no consultation is needed before it is made under section 89:
 - (a) a variation (an *error variation*) that—
 - (i) would not adversely affect anyone's rights if approved; and
 - (ii) has as its only object the correction of a formal error in the plan;
 - (b) a variation to change the boundary of a zone or overlay under section 90A (Rezoning—boundary changes);
 - (c) a variation, other than one to which subsection (2) (d) applies, in relation to an estate development plan under section 96 (Effect of approval of estate development plan);
 - (d) a variation required to bring the [territory plan](#) into line with the national capital plan;

- (e) a variation to omit something that is obsolete or redundant in the [territory plan](#).

Examples—obsolete or redundant things

- 1 a structure plan that is no longer relevant because all the land that the structure plan applies to ceases to be in a future urban area
 - 2 a provision of the [territory plan](#) that has become redundant because of the enactment of a law that applies in the Territory
- (2) Each of the following [territory plan](#) variations is a ***technical amendment*** for which only limited consultation is needed under section 90:
 - (a) a variation (a ***code variation***) that—
 - (i) would only change a code; and
 - (ii) is consistent with the policy purpose and policy framework of the code; and
 - (iii) is not an error variation;
 - (b) a variation to change the boundary of a zone under section 90B (Rezoning—development encroaching on adjoining territory land);
 - (c) a variation in relation to a future urban area under section 90C (Technical amendments—future urban areas);

Note A variation to rezone land that is not in a future urban area is not a technical amendment.
 - (d) a variation in relation to an estate development plan under section 96 (Effect of approval of estate development plan) if it incorporates an ongoing provision that was not included in the plan under section 94 (3) (g);

- (e) a variation to clarify the language in the [territory plan](#) if it does not change the substance of the plan;
- (f) a variation to relocate a provision within the [territory plan](#) if the substance of the provision is not changed.

Example

relocating an area-specific policy from a development code to a precinct code

89 Making technical amendments

- (1) This section applies if—
 - (a) the planning and land authority is satisfied that a plan variation would, if made, be a technical amendment; and
 - (b) any limited consultation needed for the variation has taken place.

Note Section 87 (2) sets out when limited consultation is needed.

- (2) The planning and land authority may put the plan variation (incorporating any amendments made to the variation following the limited consultation) in writing.
- (3) The plan variation is a notifiable instrument.

Note A notifiable instrument must be notified under the [Legislation Act](#).

- (4) The planning and land authority must fix a day when the plan variation is to commence.

Note 1 An instrument under this subsection is a **commencement notice** (see [Legislation Act](#), s 11). A commencement notice must be notified under the [Legislation Act](#). The plan variation commences in accordance with the commencement notice.

Note 2 On commencement, a plan variation varies the [territory plan](#) according to its terms.

- (5) Not later than 5 working days after the day the plan variation is notified under the [Legislation Act](#), the planning and land authority must give additional public notice that—
- (a) describes the variation; and
 - (b) states the date of effect of the variation; and
 - (c) if the authority considers it necessary or helpful—states where the plan variation and information about the plan variation is available for inspection.

Note **Public notice** means notice on an ACT government website or in a daily newspaper circulating in the ACT (see [Legislation Act](#), dict, pt 1). The requirement in s (5) is in addition to the requirement for notification on the legislation register as a notifiable instrument.

90 **Limited consultation**

- (1) The planning and land authority undertakes **limited consultation** for a proposed technical amendment if the authority complies with this section in relation to the amendment.
- (2) The planning and land authority must give public notice that—
 - (a) describes the proposed technical amendment; and
 - (b) states where a copy of the proposed plan variation and information about the amendment is available for inspection; and
 - (c) states the consultation period and how written comments (**consultation comments**) may be made on the amendment; and

- (d) states that a copy of any consultation comments made under paragraph (c) will be made available for inspection for at least 15 working days starting 10 working days after the end of the consultation period, at stated places.

Note 1 **Public notice** means notice on an ACT government website or in a daily newspaper circulating in the ACT (see [Legislation Act](#), dict, pt 1).

Note 2 Section 411 and s 412 apply to a person who makes consultation comments under this section.

- (3) The planning and land authority must make the documents mentioned in subsection (2) (b) and (d) available for inspection as mentioned in the notice.
- (4) The planning and land authority must tell the national capital authority about the proposed technical amendment.
- (5) The planning and land authority must consider—
- (a) any consultation comments made in the consultation period and in accordance with the notice under subsection (2); and
 - (b) any views of the national capital authority.
- (6) In this section:

consultation period means a stated period of not less than—

- (a) 20 working days; or
- (b) for a proposed technical amendment under section 90B—the concurrent consultation period.

Note **Concurrent consultation period**—see s 147AA.

90A Rezoning—boundary changes

- (1) This section applies to a zone or overlay in relation to land if the land adjoins unleased territory land or land for which the Territory is the registered proprietor (the *adjoining territory land*).
- (2) The planning and land authority may vary the [territory plan](#) under section 89 (Making technical amendments) to change the boundary of the zone or overlay to encroach onto the adjoining territory land if the change is consistent with—
 - (a) the apparent intent of the original boundary line; and
 - (b) the objective for the zone.
- (3) The planning and land authority may vary the [territory plan](#) under section 89 to change the boundary of an overlay to encroach onto the adjoining territory land if—
 - (a) the authority is advised to do so by—
 - (i) the conservator of flora and fauna; or
 - (ii) the custodian of the land for the overlay; and
 - (b) the conditions in subsection (2) (a) and (b) are satisfied.
- (4) In this section:

overlay means an overlay identified in the [territory plan](#).

Note An overlay is a map that identifies particular land, such as public land, to which certain rules apply.

90B Rezoning—development encroaching on adjoining territory land

- (1) The planning and land authority may vary the [territory plan](#) under section 89 (Making technical amendments) to change the boundary of a zone consistent with a development proposal under section 137AC (Declaration for development encroaching on adjoining territory land if development prohibited) if the authority makes a declaration that the proposal satisfies the criteria in section 137AC (2).

Note Under s 137AC and s 137AD, a person may apply for development approval of a development proposal that encroaches on adjoining territory land if the development would otherwise be prohibited on the land. However, development approval must not be given until the plan variation has commenced under section 89 (see s 162 (2)).

- (2) However, the planning and land authority must not vary the [territory plan](#) under section 89 to change the boundary of the zone if the adjoining territory land is designated as a future urban area under the [territory plan](#).
- (3) In this section:
adjoining territory land—see section 137AC (1) (a).

90C Technical amendments—future urban areas

- (1) The planning and land authority may vary the [territory plan](#) under section 89 (Making technical amendments) to rezone land in a future urban area, and establish or vary a precinct code in relation to the land, unless the variation is inconsistent with the principles and policies in the structure plan for the area.
- (2) The planning and land authority may vary the [territory plan](#) under section 89 to change the boundary of a future urban area if the change is consistent with the structure plan for the area.

- (3) However, the planning and land authority must not vary the [territory plan](#) under section 89 to change the boundary of a future urban area if part of the boundary proposed to be changed is aligned with the boundary of an existing leasehold.

Part 5.5 Plan variations—structure and concept plans and estate development plans

91 Including structure plan by plan variation

The [territory plan](#) may be varied under part 5.3 to include a structure plan.

92 What is a *structure plan*?

A *structure plan* sets out principles and policies for development of the future urban areas.

Note 1 Future urban areas may be identified in the [territory plan](#) (see s 51 (2) (a)).

Note 2 Certain development may be prohibited in future urban areas (see s 136).

93 What is a *concept plan*?

A *concept plan*—

- (a) applies the principles and policies in the structure plan to future urban areas; and
- (b) is a precinct code in the [territory plan](#) (see section 55 (3)) that guides the preparation and assessment of development in future urban areas to which the concept plan relates.

94 What is an estate development plan?

- (1) An *estate development plan*, for an estate, sets out the proposed development of the estate, and the creation of blocks in the estate, in a way that is consistent with—
- (a) if the estate is in a future urban area—the concept plan for the area where the estate is; and
 - (b) any other code that applies to the estate.

Note A development application for the development of an estate must be accompanied by an estate development plan (see s 139 (2) (r)).

- (2) An estate development plan must identify—
- (a) the block boundaries for individual blocks proposed for inside the estate and the boundaries proposed for the whole estate; and
 - (b) if the estate is in a future urban area—the zones proposed for the estate and any existing zones that are to continue to apply; and
 - (c) if the estate is not in a future urban area—the existing zones in the estate.
- (3) An estate development plan may include the following for the estate:
- (a) design and construction requirements for roads;
 - (b) design and construction requirements for infrastructure works and landscaping;
 - (c) particular areas for particular detailed purposes;
 - (d) a tree management plan;
 - (e) design and construction requirements for reticulated services;
 - (f) design and construction requirements for works on proposed public land;

- (g) a provision, which is consistent with the [territory plan](#), that is proposed to apply to the ongoing development of a block in the estate (an *ongoing provision*) that—
 - (i) relates to the subject matter addressed by an existing mandatory rule or criteria applying to the block; and
 - (ii) does not permit the development of the block in a way that would not be permitted by the existing mandatory rule or criteria.

Example—par (c)

An area zoned for community purposes may be stated in an estate development plan to be proposed for a primary school.

Examples—par (g)

- 1 a building requirement in relation to potential bushfire attack
- 2 building envelopes

- (4) In this section:

mandatory rule, in relation to a code, means a rule that is described in the code as being mandatory.

96 Effect of approval of estate development plan

- (1) This section applies to an area dealt with by an estate development plan if the plan is approved under a development application.

Note A development application is approved under s 162 (Deciding development applications).

- (2) The planning and land authority must, within a reasonable time after the approval of the estate development plan, vary the [territory plan](#) under section 89 (Making technical amendments) to—
 - (a) if the land is in a future urban area—identify the zones that will apply to the land, consistent with the estate development plan; and

- (b) incorporate any ongoing provision that—
 - (i) was included in the estate development plan under section 94 (3) (g); and
 - (ii) the planning and land authority determined should be incorporated in the [territory plan](#); and
- (c) incorporate any ongoing provision that—
 - (i) was not included in the estate development plan under section 94 (3) (g); and
 - (ii) the planning and land authority determined should be incorporated in the [territory plan](#).
- (3) A variation of the [territory plan](#) under subsection (2) has the effect that, if the land dealt with by the estate development plan is in a future urban area, the land ceases to be in a future urban area.
- (4) In this section:
ongoing provision—see section 94 (3) (g).

Part 5.6 Planning reports and strategic environmental assessments

97 What is a *planning report*?

- (1) A *planning report* is a report prepared to inform a decision to be made under this Act, for example, whether to grant a lease or prepare a variation (other than a major variation) to the [territory plan](#).
- (2) A regulation may prescribe what must be included in a planning report.
- (3) In this section:

major variation, of the [territory plan](#), means a variation that would, because of its scope or significance to the ACT, be more appropriately assessed by a strategic environmental assessment.

98 Preparation of planning reports

- (1) The planning and land authority must prepare a planning report if the Minister directs the authority to prepare a planning report in accordance with this Act.

Note The Minister may direct the planning and land authority to prepare a planning report under s 62 and s 245 (2).

- (2) The planning and land authority may prepare a planning report if satisfied that it is necessary or convenient to do so in relation to a matter relevant to the object of this Act.

99 What is a *strategic environmental assessment*?

A *strategic environmental assessment* is a comprehensive environmental assessment, suited to proposals in relation to major policy matters rather than individual development proposals.

Examples of when SEA may be prepared

- 1 major land use policy initiative
- 2 major plan variation

100 Preparation of strategic environmental assessments

- (1) The planning and land authority must prepare a strategic environmental assessment if the Minister directs the authority to prepare the assessment in relation to a matter relevant to the object of this Act or this Act otherwise requires the authority to prepare an assessment.

Note The Minister may direct the planning and land authority to prepare a strategic environmental assessment under s 62 (2) (a). The authority is required to prepare an assessment under s 103 (2).

- (2) The planning and land authority may prepare a strategic environmental assessment if satisfied that it is necessary or convenient to do so in relation to a matter relevant to the object of this Act.

101 Regulation about strategic environmental assessments

A regulation may prescribe—

- (a) how a strategic environmental assessment must or may be developed; and
- (b) what a strategic environmental assessment must or may contain; and
- (c) how recommendations made in a strategic environmental assessment are to be weighed in making any decision in relation to the matter assessed.

Part 5.7 Review of territory plan

102 Consideration of whether review of territory plan necessary

- (1) The planning and land authority must, at least once every 5 years, consider whether the [territory plan](#) should be reviewed.

Note The planning and land authority must review the [territory plan](#) if directed to do so by the Minister (see s 14 (1) (b) and s 13) or if the authority decides the plan should be reviewed (see s 103).

- (2) In deciding whether the [territory plan](#) should be reviewed, the planning and land authority must consider whether the [territory plan](#)—
- (a) is consistent with the object of this Act; and
 - (b) is consistent with its object; and

 - (d) gives effect to its object in a way that gives effect to sustainability principles; and
 - (e) promotes the planning strategy; and
 - (f) meets current community and building industry expectations.
- (3) After the planning and land authority considers whether the [territory plan](#) should be reviewed, the authority must prepare a notice stating—
- (a) that the authority has considered whether the plan should be reviewed; and
 - (b) the authority's decision on whether the plan should be reviewed; and
 - (c) the date of the authority's decision.

- (4) A notice under subsection (3) is a notifiable instrument.

Note A notifiable instrument must be notified under the [Legislation Act](#).

- (5) If the notifiable instrument does not state when the instrument expires, the instrument expires 6 months after the day it is notified.
- (6) To remove any doubt—
- (a) the planning and land authority need not undertake a review of the [territory plan](#) unless—
 - (i) the authority decides a review is necessary; or
 - (ii) the Minister directs the authority to review the plan (see s 14 (1) (b)); and
 - (b) a decision under this section not to review the [territory plan](#) does not affect the authority's function of continually reviewing the [territory plan](#).

103 Review of territory plan

- (1) This section applies if the planning and land authority decides under section 102 that the [territory plan](#) should be reviewed.
- (2) The planning and land authority must review the [territory plan](#) and, for that purpose, must prepare a strategic environmental assessment in relation to the review.

Note Requirements for strategic environmental assessments are dealt with in pt 5.6.

- (3) After reviewing the [territory plan](#), the planning and land authority must prepare a notice stating—
- (a) that the authority has reviewed the plan; and
 - (b) the authority's findings on the review.

- (4) The planning and land authority must give the notice under subsection (3) to the Minister.
- (5) A notice under subsection (3) is a notifiable instrument.

Note A notifiable instrument must be notified under the [Legislation Act](#).

Part 5.8 Territory plan—miscellaneous

104 Limitations on challenge to validity of territory plan provisions

- (2) The validity of a provision of the [territory plan](#) must not be questioned in any legal proceeding only because—
 - (a) the [territory plan](#) variation that inserted or varied the provision was inconsistent with the planning strategy; or
 - (b) a draft plan variation that became the [territory plan](#) variation that inserted or varied the provision was inconsistent with the planning strategy; or
 - (c) the provision, or part of it, is or was inconsistent with the planning strategy.

 - (a) state that—
 - (i) anyone may give a written submission to the Minister about the draft offsets policy guidelines; and

- (ii) submissions may be given to the Minister only during the period starting on the day the consultation notice is notified under the [Legislation Act](#) and ending on a stated day, being a day at least 3 weeks after the day it is notified (the *consultation period*); and
 - (b) include the draft offsets policy guidelines.
- (3) A consultation notice is a notifiable instrument.

Note A notifiable instrument must be notified under the [Legislation Act](#).
- (4) If the Minister notifies a consultation notice for the draft offsets policy guidelines—
 - (a) anyone may give a written submission to the Minister about the draft guidelines; and
 - (b) the submission may be given to the Minister only during the consultation period for the draft guidelines; and
 - (c) the person making the submission may, in writing, withdraw the submission at any time.

111Q Draft offsets policy guidelines—revision

If the consultation period for the draft offsets policy guidelines has ended, the Minister must—

- (a) consider any submissions received during the consultation period; and
- (b) make any revisions to the draft offsets policy guidelines that the Minister considers appropriate.

111R Offsets policy guidelines—monitoring and review

- (1) The Minister must monitor the effectiveness of the offsets policy guidelines.
- (2) The Minister must consider, at least once every 5 years, whether the offsets policy guidelines need to be reviewed.
- (3) In deciding whether the offsets policy guidelines need to be reviewed, the Minister must consult the conservator of flora and fauna.

Part 6A.3 Offsets policy—other provisions

111S Offsets—consistency with offsets policy

An offset must be consistent with the offsets policy.

Note *Offsets policy*—see s 111E.

111T Offsets—calculating value

- (1) The Minister may determine how the value of an offset is to be calculated (an *offset value calculation determination*).
- (2) An offset value calculation determination must be consistent with the offsets policy.

Note *Offsets policy*—see s 111E.

- (3) An offset value calculation determination is a notifiable instrument.

Note A notifiable instrument must be notified under the [Legislation Act](#).

111U Offsets—form

- (1) An offset for a development may be in—
 - (a) a form prescribed by regulation; or
 - (b) any other form the planning and land authority considers appropriate.
- (2) However, an offset for a development must be in a form consistent with the offsets policy.

Note *Offsets policy*—see s 111E.

111V Offsets register

- (1) The planning and land authority must keep a register of each offset (the *offsets register*).
- (2) The offsets register must include the following for each offset:
 - (a) the development approval including the offset condition requiring the offset;
 - (b) the details of the offset;
 - (c) if the offset requires an offset management plan—the offset management plan;
 - (d) if the offset requires another lease to be subject to a condition that the lessee of the other lease complies with an offset management plan that applies to the lease—details of the lease;
 - (e) anything else prescribed by regulation.
- (3) The offsets register may include anything else the planning and land authority considers relevant.

Note 1 The offsets register is included in the public register (see s 28 (1) (c)).

Note 2 The planning and land authority may give an evidentiary certificate about details kept in the offsets register (see s 415A).

Chapter 7 Development approvals

Notes to ch 7

Fees may be determined under s 424 for provisions of this chapter.

If a form is approved under s 425 for a provision of this chapter, the form must be used.

Under this chapter, applications may be made, and notice may be given, electronically in certain circumstances (see the [Electronic Transactions Act 2001](#)).

Part 7.1 Outline

112 Outline—ch 7

- (1) This chapter describes the assessment tracks that are to be followed for assessment of different kinds of development proposals.
- (2) The assessment tracks are as follows:
 - (a) **code track** (for development proposals that can be assessed using rules in the code that applies to the proposals);

Examples of possible code track proposals

- 1 large pergola
- 2 below ground swimming pool
- 3 dual occupancy proposal
- 4 house extension

- (b) **merit track** (for development proposals that can be assessed using the rules and criteria in the code that applies to the proposals);

Examples of possible merit track proposals

- 1 childcare centre in residential area
- 2 gymnasium in commercial area
- 3 apartment in commercial area

- (c) **impact track** (for development proposals that can be assessed using the rules and criteria in the code that applies to the proposals, relevant environmental impact statements and the statement of strategic directions).

Examples of possible impact track proposals

- 1 constructing a major dam
- 2 constructing a major road, light rail line or other linear transport corridor
- 3 clearing a significant area of native vegetation

- (3) This chapter also sets out—

- (a) when a development (an **exempt development**) may be undertaken without development approval; and
- (b) when a development (a **prohibited development**) must not be undertaken.

Examples of possible exempt developments

- 1 single residence in new housing area
- 2 small shed

Examples of possible prohibited developments

- 1 a paint factory in a residential area
- 2 commercial office accommodation in a suburban area

Part 7.2 Assessment tracks for development applications

Division 7.2.1 Operation of assessment tracks generally

113 Relationship between development proposals and development applications

- (1) A person who has a development proposal may apply to the planning and land authority for approval to undertake the development proposed.
- (2) The determination of which assessment track applies to a development proposal is made by reference to circumstances when the application is made.
- (3) Subsection (2) does not apply if, after the application is made—
 - (a) the Minister makes a declaration under section 124 (Minister may declare impact track applicable) in relation to the development proposal; or
 - (b) the Public Health Act Minister makes a declaration for section 125 (Declaration by Public Health Act Minister affects assessment track) in relation to the application.
- (4) If an assessment track applies to a development proposal, the proposal is in that assessment track and that track must be followed in assessing the development application for the proposal.
- (5) Subsection (4) is subject to section 123 (c), (d) and (e) (Impact track applicability).

114 Application of assessment tracks to development proposals

- (1) The development table sets out the criteria to allow the assessment track for a development application for a development proposal to be worked out.
- (2) To remove any doubt—
 - (a) the planning and land authority may refuse to accept a development application made in an assessment track other than the assessment track for the development proposal; and
 - (b) if the authority assesses a development application made in an assessment track other than the track for the proposal, the authority must refuse the application.

115 Application of inconsistent code requirements

- (1) This section applies in relation to an application for development approval for a development proposal if—
 - (a) 2 or more codes apply to the proposal; and
 - (b) the requirements under each code (the *code requirements*) that apply to the proposal are inconsistent.
- (2) If the code requirements of a precinct code and either a development code or a general code are inconsistent, the code requirements of the precinct code apply to the development proposal and not the code requirements of the development code or general code, to the extent of the inconsistency.

- (3) If the code requirements of a development code and a general code are inconsistent, the code requirements of the development code apply to the development proposal and not the code requirements of the general code, to the extent of the inconsistency.
- (4) If the code requirements of 2 or more precinct codes, development codes or general codes are inconsistent, the code requirements of the more recent code apply to the development approval and not the code requirements of the earlier code, to the extent of the inconsistency.
- (5) To remove any doubt, a code requirement is not inconsistent with the code requirements of another code only because one code deals with a matter and the other does not.

Division 7.2.2 Code track

116 Code track—when development approval must be given

Development approval must be given for a development proposal on application if—

- (a) the proposal is in the code track; and
- (b) the proposal complies with the relevant rules.

Note 1 **Relevant rules**—see the dictionary.

Note 2 **Rules**—see the dictionary.

Note 3 If a development application is made in the code track, but the development proposal is in another track, the application must be refused (see s 114 (2)).

116A Code track—effect of s 134 on development approval

- (1) This section applies if—
 - (a) an authorised use of the land, or an existing building or structure on the land, is exempt under section 134 (1) (Exempt development—authorised use); and
 - (b) there is a development proposal in relation to the land; and
 - (c) if the proposed development were carried out, the authorised use of the land, or an existing building or structure on the land, would stop being exempt under section 134 (2) or (3); and
 - (d) if a development application were made for both the development proposal and a use mentioned in subsection (2) (b), the application would be assessed in the code track.
- (2) The person proposing the development proposal must apply for development approval for—
 - (a) the development proposal; and
 - (b) any use (the *proposed use*) of the land, or a building or structure on the land, that—
 - (i) is an authorised use of land, or a building or structure on the land that is exempt under section 134 (1); and
 - (ii) is intended to continue to apply to the land after the development proposal is carried out.
- (3) In deciding the development application in the code track, the decision-maker—
 - (a) must not refuse to approve the application only on the ground that, if the application were an application only for the proposed use the application would be refused; and

- (b) must not approve the application on a condition only because, if the application were an application only for the proposed use the application would be approved on the condition.

Example

Bernice is the lessee of land for which the authorised use is residential and on which there is a house. The authorised use is exempt under s 134 (1). Bernice wants to build a double garage on the land which will require development approval. If the double garage was built, the authorised use of the land would stop being exempt under s 134 (3). In addition to applying for development approval to build and use the double garage, Bernice must also apply for development approval to use the land and house for residential purposes.

The decision-maker cannot refuse to approve the application, or approve it on a condition, only on the ground that, if the application were only for the use of the land for residential purposes, or use of the house, the decision-maker would refuse the application or approve it on conditions.

117 Code track—notification, right of review, governmental consultation and reconsideration

To remove any doubt—

- (a) there is no requirement to publicly notify a development proposal in the code track; and
- (b) there is only a right of review under chapter 13 for a decision in relation to a development proposal in the code track by the applicant if the development application for the proposal is approved subject to a condition; and
- (c) there is no referral under division 7.3.3 (Referral of development applications) of a development application for a development proposal in the code track; and
- (d) a decision to refuse a development application for a development proposal in the code track may not be reconsidered under division 7.3.10.

118 Code track—time for decision on application

A development application for a development proposal in the code track must be decided under section 162 (Deciding development applications) not later than 20 working days after the day the application is made to the planning and land authority.

Division 7.2.3 Merit track

119 Merit track—when development approval must not be given

- (1) Development approval must not be given for a development proposal in the merit track unless the proposal is consistent with—
 - (a) the relevant code; and
 - (b) if the proposed development relates to land comprised in a rural lease—any land management agreement for the land; and
 - (c) if the proposed development will affect a registered tree or declared site—the advice of the conservator of flora and fauna in relation to the proposal.

Note 1 An application cannot be approved if it is inconsistent with the [territory plan](#) (see s 50) or the National Capital Plan (see [Australian Capital Territory \(Planning and Land Management\) Act 1988](#) (Cwlth), s 11).

Note 2 **Relevant code**—see the dictionary.

- (2) Also, development approval must not be given for a development proposal in the merit track if approval would be inconsistent with any advice given by an entity to which the application was referred under section 148 (Some development applications to be referred) unless the person deciding the application is satisfied that—
 - (a) the following have been considered:
 - (i) any applicable guidelines;
 - (ii) any realistic alternative to the proposed development, or relevant aspects of it; and
 - (b) the decision is consistent with the objects of the [territory plan](#).
- (3) To remove any doubt, if a proposed development will affect a registered tree or declared site—
 - (a) the person deciding the development application for the proposed development must not approve the application unless the approval is consistent with the advice of the conservator of flora and fauna in relation to the proposal; and
 - (b) subsection (2) does not apply in relation to the conservator's advice.

119A Development proposal related to light rail—qualification of s 119

- (1) This section applies to a development proposal in the merit track if—
 - (a) the proposal is related to light rail; and
 - (b) the proposal does not involve a protected matter; and
 - (c) an entity has given advice in relation to the proposal.

- (2) Section 119 (1) (c), (2) and (3) does not apply to the development proposal if the person deciding the development application for the proposal is satisfied that following the entity's advice will—
- (a) risk significant delay to the commencement or completion of the development to which the proposal relates; or
 - (b) risk significantly increasing the financial or resource cost for completion of the development to which the proposal relates; or
 - (c) be a significant impediment to the commencement or completion of the development to which the proposal relates.

120 Merit track—considerations when deciding development approval

In deciding a development application for a development proposal in the merit track, the decision-maker must consider the following:

- (a) the objectives for the zone in which the development is proposed to take place;
- (b) the suitability of the land where the development is proposed to take place for a development of the kind proposed;
- (c) if an environmental significance opinion is in force for the development proposal—the environmental significance opinion;

Note **Environmental significance opinion**—see s 138AA.
Environmental significance opinions expire 18 months after they are notified (see s 138AD).

- (d) each representation received by the authority in relation to the application that has not been withdrawn;

- (e) if an entity gave advice on the application in accordance with section 149 (Requirement to give advice in relation to development applications)—the entity's advice;

Note Advice on an application is given in accordance with section 149 if the advice is given by an entity not later than 15 working days (or shorter prescribed period) after the day the application is given to the entity. If the entity gives no response, the entity is taken to have given advice that supported the application (see s 150).

- (f) if the proposed development relates to land that is public land—the public land management plan for the land;
- (g) the probable impact of the proposed development, including the nature, extent and significance of probable environmental impacts.

120A Merit track—effect of s 134 on development approval

- (1) This section applies if—
 - (a) an authorised use of the land, or an existing building or structure on the land, is exempt under section 134 (1) (Exempt development—authorised use); and
 - (b) there is a development proposal in relation to the land; and
 - (c) if the proposed development were carried out, the authorised use of the land, or an existing building or structure on the land, would stop being exempt under section 134 (2) or (3); and
 - (d) if a development application were made for both the development proposal and a use mentioned in subsection (2) (b), the application would be considered in the merit track.
- (2) The person proposing the development proposal must apply for development approval for—
 - (a) the development proposal; and

- (b) any use (the *proposed use*) of the land, or a building or structure on the land, that—
 - (i) is an authorised use of land, or a building or structure on the land that is exempt under section 134 (1); and
 - (ii) is intended to continue to apply to the land after the development proposal is carried out.
- (3) In deciding the development application in the merit track, the decision-maker—
 - (a) must not refuse to approve the application only on the ground that, if the application were an application only for the proposed use the application would be refused; and
 - (b) must not approve the application on a condition only because, if the application were an application only for the proposed use the application would be approved on the condition.

Example

Donald is the lessee of land for which the authorised uses are residential, retail and commercial, and on which there is a building that is mixed residential and retail, and another building that is used for commercial. Donald wants to demolish the commercial building, which will require a development approval. Donald does not want to use the land for commercial purposes any more. If the commercial building was demolished, the authorised uses of the land would stop being exempt under s 134 (3). In addition to applying for development approval to demolish the commercial building, Donald must also apply for development approval to use the land for residential and retail purposes, but need not apply for approval for use for commercial purposes.

The decision-maker cannot refuse to approve the application, or approve it on a condition, only on the ground that, if the application were only for the use of the land and for residential purposes or retail purposes, or use of the mixed residential and retail building, the decision-maker would refuse the application or approve it on conditions.

121 Merit track—notification and right of review

- (1) To remove any doubt, if a development proposal is in the merit track, the application for development approval for the proposal must be publicly notified under division 7.3.4.
- (2) If there is a right of review under chapter 13 in relation to a decision to approve an application for development approval for a development proposal in the merit track, the right of review is only in relation to the decision, or part of the decision, to the extent that—
 - (a) the development proposal is subject to a rule and does not comply with the rule; or
 - (b) no rule applies to the development proposal.

122 Merit track—time for decision on application

- (1) A development application for a development proposal in the merit track must be decided under section 162 (Deciding development applications) not later than—
 - (a) 10 working days after the day—
 - (i) for a concurrent development application—the concurrent process is completed;
 - (ii) for an application for development approval of a development proposal made under section 137AB (Applications in anticipation of territory plan variation—made after draft plan variation prepared)—the draft plan variation has commenced under section 83 or section 84; or

- (b) if paragraph (a) does not apply—
 - (i) if no representation is made in relation to the proposal—30 working days after the day the application is made to the planning and land authority; or
 - (ii) in any other case—45 working days after the day the application is made to the authority.
- (2) In this section:
completed concurrent process—see section 162 (7).

Division 7.2.4 Impact track

123 Impact track applicability

The impact track applies to a development proposal if—

- (a) the relevant development table states that the impact track applies; or
- (b) the proposal is of a kind mentioned in schedule 4; or

Note For certain proposals mentioned in sch 4, a proponent may apply under s 138AA (2) for an environmental significance opinion from a relevant agency that the proposal is not likely to have a significant adverse environmental impact. The production of the opinion by the agency will take the proposal out of the impact track unless other reasons under this section apply.

- (c) the Minister makes a declaration under section 124 in relation to the proposal; or
- (d) section 125 (Declaration by Public Health Act Minister affects assessment track) or section 132 (Impact track applicable to development proposals not otherwise provided for) provides that the impact track applies to the proposal; or

- (e) the Commonwealth Minister responsible for administering the *Environment Protection and Biodiversity Conservation Act 1999* (Cwlth) advises the Minister in writing that the development proposed—
 - (i) is a controlled action under that Act, section 76; and
 - (ii) does not require assessment under that Act, part 8 (Assessing impacts of controlled actions) because a bilateral agreement between the Commonwealth and the Territory under that Act allows the proposal to be assessed under this Act.

124 Minister may declare impact track applicable

- (1) The Minister may, in writing, declare that the impact track applies to a development proposal.
- (2) However, the Minister must not make a declaration under subsection (1) in relation to a development proposal unless satisfied on reasonable grounds that there is a risk of significant adverse environmental impact from the development proposed.

Note The Minister may publish guidelines about how the Minister will exercise power under this section (see s 420).

124A Meaning of *significant* adverse environmental impact

- (1) For this Act, an adverse environmental impact is *significant* if—
 - (a) the environmental function, system, value or entity that might be adversely impacted by a proposed development is significant; or
 - (b) the cumulative or incremental effect of a proposed development might contribute to a substantial adverse impact on an environmental function, system, value or entity.

- (2) In deciding whether an adverse environmental impact is *significant*, the following matters must be taken into account:
 - (a) the kind, size, frequency, intensity, scope and length of time of the impact;
 - (b) the sensitivity, resilience and rarity of the environmental function, system, value or entity likely to be affected.
- (3) In deciding whether a development proposal is likely to have a significant adverse environmental impact it does not matter whether the adverse environmental impact is likely to occur on the site of the development or elsewhere.

125 Declaration by Public Health Act Minister affects assessment track

- (1) This section applies if—
 - (a) the Public Health Act Minister makes a declaration for this section in relation to a development application for a development proposal; and
 - Note* The Public Health Act Minister is the Minister responsible for the [Public Health Act 1997](#), section 134 (see dict, def **Public Health Act Minister**).
 - (b) the application is publicly notified; and
 - (c) the declaration is made during the public notification period for the application.
 - Note* A development application in the code track will never be publicly notified.
- (2) The impact track applies to the development proposal.

126 Declaration etc of impact track after application

- (1) This section applies to a development application if, after the application is made—
 - (a) either—
 - (i) the Minister makes a declaration under section 124 in relation to the development proposal to which the application relates; or
 - (ii) the Public Health Act Minister makes a declaration for section 125 in relation to the application; and
 - (b) the application does not satisfy the requirements for an application in the impact track.
- (2) The development application is, by force of this section, taken to have been withdrawn.
- (3) The planning and land authority must give the applicant notice of the effect of this section.

127 Impact track—development applications

- (1) A development application for a development proposal in the impact track must include a completed EIS if—
 - (a) the proponent of the development proposal has previously lodged a development application in relation to the development proposal (the *previous application*); and
 - (b) the previous application was made less than 2 years before the development application; and
 - (c) the planning and land authority rejected the EIS in relation to the previous application under section 224A (Rejection of unsatisfactory EIS).

- (2) If subsection (1) does not apply, a development application for a development proposal in the impact track must include—
- (a) a completed EIS; or
 - (b) a draft EIS.
- (3) However, neither a completed EIS nor a draft EIS is required for a development application for a development proposal in the impact track if—
- (a) an EIS exemption is in force for the proposal; or
 - (b) an EIS exemption application for the proposal accompanies the development application.

Note While a proponent may lodge a draft EIS or an EIS exemption application with a development application, development approval must not be given unless there is either a completed EIS or an EIS exemption for the development application (see s 128 (1) (a)).

127A Impact track—referral of matter protected by the Commonwealth to Commonwealth

- (1) This section applies if—
- (a) but for this section, the planning and land authority or the Minister (the *decision-maker*) intends, under section 162 (Deciding development applications) to approve a development application for a development proposal (with or without conditions); and
 - (b) the proposed development is likely to have a significant adverse environmental impact on a matter protected by the Commonwealth.

Note **Matter protected by the Commonwealth**—see s 111B.
Significant adverse environmental impact—see s 124A.

- (2) Before the decision-maker may make a decision under section 162, the decision-maker must refer the proposed decision to the Commonwealth Minister responsible for administering the *Environment Protection and Biodiversity Conservation Act 1999* (Cwlth) (the *Commonwealth Minister*).
- (3) If the Commonwealth Minister does not give the decision-maker advice about the proposed decision within 10 working days after the day the decision-maker gives the application to the Commonwealth Minister, the decision-maker may approve the application.

Note If the Commonwealth Minister gives the decision-maker advice about the proposed approval, development approval must not be given unless the development proposal is consistent with the advice (see s 128 (1) (b) (v)).

128 Impact track—when development approval must not be given

- (1) Development approval must not be given for a development application for a development proposal in the impact track unless—
- (a) either—
- (i) an EIS for the proposal has been completed; or
 - (ii) an EIS exemption is in force for the development proposal; and
- Note* If a draft EIS or an EIS exemption application is lodged with a concurrent development application, development approval may only be given if the concurrent process is completed (see s 162 (2)).
- (b) the proposal is consistent with—
- (i) the statement of strategic directions; and
 - (ii) if the proposed development relates to land comprised in a rural lease—any land management agreement for the land; and

- (iii) if the proposed development will affect a registered tree or declared site—the advice of the conservator of flora and fauna in relation to the application; and
- (iv) if a conditional EIS exemption is in force for the development application—the requirements of the condition; and

Note An EIS exemption may be conditional (see s 211H (4)).

- (v) if the proposed development is likely to have a significant adverse environmental impact on a matter protected by the Commonwealth—advice given by the Commonwealth Minister under section 127A (Impact track—referral of matter protected by the Commonwealth to Commonwealth); and

Note **Matter protected by the Commonwealth**—see s 111B.
Significant adverse environmental impact—see s 124A.

- (vi) if the proposed development is likely to have a significant adverse environmental impact on a protected matter and the authority is to decide the development application—advice given by the conservator that relates to the protected matter.

Note 1 For par (b), an application cannot be approved if it is inconsistent with the [territory plan](#) (see s 50) or the National Capital Plan (see [Australian Capital Territory \(Planning and Land Management\) Act 1988](#) (Cwlth), s 11).

Note 2 For par (b), requirements for an EIS are dealt with in pt 8.2.

Note 3 For par (b), for when an EIS is completed, see s 209.

Note 4 For par (b) (vi), the conservator may give advice under s 149 as a result of referral under s 147A or s 148, or under s 156. See also the [Nature Conservation Act 2014](#), ch 13

Note 5 For par (b) (vi), if the Minister is to decide the development application (using the Minister's call-in power in div 7.3.5), the development approval may be inconsistent with the conservator's advice if the Minister is satisfied that the approval is consistent with the offsets policy (see s (2)).

Note 6 For par (b) (vi), **protected matter**—see s 111A.

- (2) Also, the Minister must not approve a development application for a development proposal if the approval would be inconsistent with advice given by the conservator as a result of referral under section 147A (Development applications involving protected matter to be referred to conservator) unless the Minister is satisfied that—

- (a) the approval is consistent with the offsets policy; and
- (b) the approval would provide a substantial public benefit.

Note 1 **Offsets policy**—see s 111E.

Note 2 The Minister may approve a development application under s 162 if the Minister exercises the Minister's call-in powers (see div 7.3.5). If the authority is to decide the application, the development approval must not be given unless the development proposal is consistent with the conservator's advice (see s (1) (b) (vi)).

Note 3 The conservator's advice is further dealt with in the [Nature Conservation Act 2014](#), ch 13

- (3) Subsection (2) does not apply if the approval is inconsistent only with a part of the advice that does not relate to a protected matter.

- (4) In addition, development approval must not be given for a development proposal in the impact track if approval would be inconsistent with any advice given by an entity to which the application was referred under section 148 (Some development applications to be referred) unless the person approving the application is satisfied that—
- (a) the following have been considered:
 - (i) any applicable guidelines;
 - (ii) all reasonable development options and design solutions;
 - (iii) any realistic alternative to the proposed development, or relevant aspects of it; and
 - (b) the decision is consistent with the objects of the [territory plan](#).
- (5) To remove any doubt, if a proposed development will affect a registered tree or declared site—
- (a) the person deciding the development application for the proposed development must not approve the application unless the approval is consistent with the advice of the conservator of flora and fauna in relation to the proposal; and
 - (b) subsection (4) does not apply in relation to the conservator's advice.

128A Development proposal related to light rail—qualification of s 128

- (1) This section applies to a development proposal in the impact track if—
- (a) the proposal is related to light rail; and
 - (b) the proposal does not involve a protected matter; and
 - (c) an entity has given advice in relation to the proposal.

- (2) Section 128 (1) (b) (iii), (2) and (4) does not apply to the development proposal if the person deciding the development application for the proposal is satisfied that following the entity's advice will—
- (a) risk significant delay to the commencement or completion of the development to which the proposal relates; or
 - (b) risk significantly increasing the financial or resource cost for completion of the development to which the proposal relates; or
 - (c) be a significant impediment to the commencement or completion of the development to which the proposal relates.

129 Impact track—considerations when deciding development approval

In deciding a development application for a development proposal in the impact track, the decision-maker must consider the following:

- (a) the objectives for the zone in which the development is proposed to take place;
- (b) the relevant code;
- (c) the suitability of the land where the development is proposed to take place for a development of the kind proposed;
- (d) each representation received by the authority in relation to the application that has not been withdrawn;
- (e) if an entity gave advice on the application in accordance with section 149 (Requirement to give advice in relation to development applications)—the entity's advice;

Note Advice on an application is given in accordance with section 149 if the advice is given by an entity not later than 15 working days (or shorter prescribed period) after the day the application is given to the entity. If the entity gives no response, the entity is taken to have given advice that supported the application (see s 150).

- (f) if the proposed development relates to land that is public land—the public land management plan for the land;
- (g) the probable impact of the proposed development, including the nature, extent and significance of probable environmental impacts;
- (h) the offsets policy;

Note **Offsets policy**—see s 111E.

- (i) if an EIS is completed for the proposed development—
 - (i) the completed EIS; and
 - (ii) the EIS assessment report for the EIS;

Note 1 For when an EIS is completed, see s 209.

Note 2 **EIS assessment report**—see s 225A.

- (j) the conclusions of any inquiry about an EIS for the proposed development under chapter 8 (Environmental impact statements and inquiries);
- (k) if an EIS exemption is granted under section 211H (EIS exemption—decision) in relation to the proposed development—
 - (i) the EIS exemption; and
 - (ii) the recent study; and
 - (iii) the revised EIS exemption application under section 211G (EIS exemption application—revision).

129A Impact track—effect of section 134 on development approval

- (1) This section applies if—
 - (a) an authorised use of the land, or an existing building or structure on the land, is exempt under section 134 (1) (Exempt development—authorised use); and
 - (b) there is a development proposal in relation to the land; and
 - (c) if the proposed development were carried out, the authorised use of the land, or an existing building or structure on the land, would stop being exempt under section 134 (2) or (3); and
 - (d) if a development application were made for both the development proposal and a use mentioned in subsection (2) (b), the application would be assessed in the impact track.
- (2) The person proposing the development proposal must apply for development approval for—
 - (a) the development proposal; and
 - (b) any use (the *proposed use*) of the land, or a building or structure on the land, that—
 - (i) is an authorised use of land, or a building or structure on the land that is exempt under section 134 (1); and
 - (ii) is intended to continue to apply to the land after the development proposal is carried out.
- (3) In deciding the development application in the impact track, the decision-maker—
 - (a) must not refuse to approve the application only on the ground that, if the application were an application only for the proposed use the application would be refused; and

- (b) must not approve the application on a condition only because, if the application were an application only for the proposed use the application would be approved on the condition.

Example

Barbara is the lessee of land for which the authorised uses are retail and commercial and on which there are office buildings and shops. Barbara wants to undertake earthworks to clear an area of vegetation for people to park on the land, which will require a development approval. If the earthworks were carried out, the authorised uses of the land would stop being exempt under s 134 (2). In addition to applying for development approval to undertake the earthworks, Barbara must also apply for development approval to use the land for retail and commercial purposes.

The decision-maker cannot refuse to approve the application, or approve it on a condition, only on the ground that, if the application were only for the use of the land for retail purposes or commercial purposes, or use of the office buildings and shops, the decision-maker would refuse the application or approve it on conditions.

130 Impact track—notification and right of review

If a development proposal is in the impact track, the application for development approval for the proposal must be publicly notified under division 7.3.4 and there may be a right of review under chapter 13 by someone other than the applicant in relation to the decision on the application.

131 Impact track—time for decision on application

- (1) A development application in relation to a development proposal in the impact track must be decided under section 162 (Deciding development applications) not later than—
 - (a) 10 working days after the day—
 - (i) for a concurrent development application—the concurrent process is completed;

- (ii) for an application for development approval of a development proposal made under section 137AB (Applications in anticipation of territory plan variation—made after draft plan variation prepared)—the draft plan variation has commenced under section 83 or section 84; or
- (b) if paragraph (a) does not apply—
 - (i) if no representation is made in relation to the proposal—30 working days after the day the application is made to the planning and land authority; or
 - (ii) in any other case—45 working days after the day the application is made to the authority.
- (2) However, if the decision maker has referred the proposed decision to the Commonwealth Minister under section 127A (2) (Impact track—referral of matter protected by the Commonwealth to Commonwealth), the time periods mentioned in subsection (1) (b) (i) and (ii) are 40 and 55 working days respectively.
- (3) In this section:
completed concurrent process—see section 162 (7).

Division 7.2.5 Development proposals not in development table and not exempted

131A Development proposal for lease variation in designated area

- (1) This section applies to a development proposal that is a variation of a lease in a designated area.
- (2) Section 50 (Effect of territory plan), section 65 (Effect of draft plan variations publicly notified) and the [territory plan](#) do not apply in relation to the development proposal.

- (3) The development proposal must be dealt with under the provisions of this Act (other than any territory plan-related provisions) that apply in relation to the merit track.
- (4) However, if the impact track applies to the development proposal under section 123 (b), (c), (d) or (e), the proposal must be dealt with under the provisions of this Act (other than any territory plan-related provisions) that apply in relation to the impact track.
- (5) In this section:

territory plan-related provision means a provision of this Act that applies a development table, code, rules or criteria, objectives for a zone, statement of strategic directions, or anything else in the [territory plan](#).

Examples—territory plan-related provisions

- 1 s 119 (2) (b)
- 2 s 139 (2) (f) and (g)

131B Development proposal for lease variation other than in designated area

- (1) This section applies to a development proposal that is a variation of a lease other than a lease in a designated area.
- (2) The development proposal must be dealt with under the provisions of this Act that apply to the merit track unless—
 - (a) the [territory plan](#) requires the proposal to be dealt with under another track; or
 - (b) the impact track applies to the proposal under section 123 (Impact track applicability).
- (3) However, if the development proposal is a variation to a lease to add an additional authorised use under the lease, the proposal must be dealt with under the provisions of this Act that apply to the track that applies to the proposed additional authorised use under the [territory plan](#).

132 Impact track applicable to development proposals not otherwise provided for

(1) In this section:

development proposal means a development proposal if—

- (a) the relevant development table for the proposal does not state—
 - (i) which assessment track applies to the proposal; or
 - (ii) that the proposal is exempt from requiring development approval or is prohibited; and
- (b) the proposal is not exempt from requiring development approval under the relevant development table or by regulation.

(2) The impact track applies to the development proposal.

Division 7.2.6 Exempt development

133 What is an *exempt development*?

(1) In this Act:

exempt development means development that is exempt from requiring development approval under—

- (a) the relevant development table; or
- (b) section 134; or
- (c) a regulation.

Note 1 Development tables are dealt with in s 54.

Note 2 **Relevant development table**, for a development proposal—see the dictionary.

Note 3 The planning and land authority must tell a proponent of a development proposal if the development is likely to be exempt (see s 138 (4) (a)). A person may apply for an exemption assessment to work out whether a development is an exempt development (see s 138B).

- (2) However, for paragraphs (a) and (c), *exempt development* does not include—
- (a) development if a development application for the proposed development is assessable in the impact track; or
 - (b) development on land if—
 - (i) the development is inconsistent with a provision of a development approval for other development on the land; and
 - (ii) the development approval is given on the condition that the provision is complied with.

Example—condition that provision complied with

Development plans do not include windows in the front wall. The approval is expressed to be subject to the condition that the front wall not have windows.

Example—not a condition that provision complied with

Development plans do not include windows in the front wall. The approval is given without explicit mention of windows in the front wall being a condition of the approval.

Note An approval may be given subject to conditions (see s 165).

134 Exempt development—authorised use

- (1) An authorised use of land, or a building or structure on the land, is exempt from requiring development approval.
- (2) However, use of the land is not exempt from requiring development approval if—
 - (a) earthworks or other construction work is carried out on the land; and
 - (b) the work requires development approval.

- (3) Also, use of the land, or a building or structure on the land, is not exempt from requiring development approval if—
 - (a) a building or structure on the land is constructed, altered or demolished; and
 - (b) the construction, alteration or demolition requires development approval.
- (4) Also, use of the land, or a building or structure on the land, is not exempt from requiring development approval if—
 - (a) the placard quantity or more of a Schedule 11 hazardous chemical is to be stored on the land, or in a building or structure on the land; and
 - (b) immediately before the commencement day, the land, building or structure is not registered as premises in the placard quantity register.
- (5) The director-general must make a list of the premises registered in the placard quantity register immediately before the commencement day (the *placard quantity premises list*).
- (6) The placard quantity premises list is a notifiable instrument.

Note A notifiable instrument must be notified under the [Legislation Act](#).
- (7) In any legal proceeding, the inclusion, or non-inclusion, of premises in the placard quantity premises list is evidence that the premises were, or were not, registered in the placard quantity register immediately before the commencement day.
- (8) To remove any doubt, if an authorised use of land, a building or structure is exempt from requiring development approval under subsection (1), the right to use the land, building or structure as authorised does not end only because 1 or more of the following apply in relation to the use:
 - (a) the use is not continuous;

- (b) someone deals with the lease (the *affected lease*) that authorises the use;
 - (c) a further lease is granted for the affected lease on application under section 254, whether or not the grant happens immediately after the expiry of the affected lease.
- (9) However, the authorised use of the land, building or structure stops being exempt from requiring development approval if the use was authorised by a lease (the *affected lease*) and—
 - (a) the affected lease expires and no application is made under section 254 for a further lease; or
 - Note* A person may apply for the grant of a further lease not later than 6 months after the expiry of the affected lease (see s 254).
 - (b) the affected lease is—
 - (i) surrendered, other than for a lease variation or renewal; or
 - (ii) terminated.
- (10) Also, the authorised use of the land, building or structure stops being exempt from requiring development approval if—
 - (a) the use was authorised by—
 - (i) a licence under this Act; or
 - (ii) a sign approval or work approval under the *Public Unleased Land Act 2013*; or
 - (iii) a public unleased land permit under the *Public Unleased Land Act 2013*; and
 - (b) the licence, approval or permit—
 - (i) has expired and has not been renewed on an application to renew the licence or permit made within 6 months after the day of expiry; or
 - (ii) ends other than by expiring.

- (11) To remove any doubt, an authorised use of a building or structure is exempt from requiring development approval if the construction of the building or structure is exempt from requiring development approval.
- (12) In this section:
- authorised use***, of land, or a building or structure on the land—
- (a) means a use authorised by any of the following (whether expressly or by implication):
 - (i) a lease;
 - (ii) a licence under this Act;
 - (iii) a sign approval or work approval under the *Public Unleased Land Act 2013*;
 - (iv) a public unleased land permit under the *Public Unleased Land Act 2013*;
 - (v) a provision of chapter 15 (Transitional); and
 - (b) includes a use authorised by a lease that expired not more than 6 months before the use if the lease is renewed within 6 months after the expiry; and
 - (c) does not include a use authorised by section 247.

Note As the use of land, or a building or structure on the land, is development (see s 7), if the use of the land, or a building or structure on the land, stops being exempt under this section, development approval will be required for the use. Once development approval has been given for the use, it continues indefinitely unless it ends under s 186 (see also s 188). A further development approval will not be required for use of the land, or a building or structure on the land, unless the existing development approval does not cover a proposed new use of the land, or a building or structure on the land.

commencement day means the day the *Planning and Development Amendment Act 2017*, section 9 commences.

placard quantity register has the meaning given by the *Dangerous Substances (General) Regulation 2004*, section 260 (Placard quantity register) as in force immediately before the commencement day.

Note The list of premises in the placard quantity register immediately before the commencement day is in the placard quantity premises list (see s (5)).

135 Exempt development—no need for application or approval

- (1) An exempt development may be undertaken without a development application and development approval.
- (2) A person cannot apply for approval of a development proposal for an exempt development.

Note The development proposal may still need a building approval under the *Building Act 2004*.

Division 7.2.7 Prohibited development

136 Certain development in future urban area prohibited

A development by an entity other than the Territory or a territory authority in a future urban area is prohibited unless the structure plan for the area states otherwise.

136A Development applications for prohibited development

The planning and land authority may only accept an application for approval of a proposal for a prohibited development if the application is made under—

- (a) section 137 (Applications for development approval in relation to use for otherwise prohibited development); or
- (b) section 137AA (Applications in anticipation of territory plan variation—made before draft plan variation prepared); or
- (c) section 137AB (Applications in anticipation of territory plan variation—made after draft plan variation prepared); or

- (d) section 137AD (Applications for development encroaching on adjoining territory land if development prohibited).

Note 1 It is an offence to undertake prohibited development (see s 200).

Note 2 However, if development is authorised by a development approval and subsequently becomes prohibited, the development can continue (see s 201).

Note 3 Also, development that is lawful when it begins continues to be lawful (see s 203 and s 204).

137 Applications for development approval in relation to use for otherwise prohibited development

- (1) This section applies to a development proposal in relation to a use of land, or a building or structure on the land, if—
- (a) the use is an authorised use; but
 - (b) beginning the use is a prohibited development.
- (2) A person may apply to the planning and land authority for development approval of the development proposal.
- (3) If an application is made under subsection (2)—
- (a) the use is taken not to be a prohibited development; and
 - (b) the impact track applies to the proposal.
- (4) In this section:

authorised use, of land, or a building or structure on the land, means—

- (a) a use authorised by—
 - (i) a lease; or
 - (ii) section 247; or

- (iii) a provision of chapter 15 (Transitional); and
- (b) includes a use authorised by a lease that expired not more than 6 months before the use if the lease is renewed within 6 months after the expiry.

137AA Applications in anticipation of territory plan variation—made before draft plan variation prepared

- (1) A person may apply for approval of a development proposal for a prohibited development in anticipation of a variation to the [territory plan](#) (the *anticipated variation*) that would have the effect of allowing the proposed development.

Note A development application made under this section is a concurrent development application (see s 147AA) and div 7.3.2A (Concurrent development applications) applies to it.

- (2) A development application cannot be made under this section if a consultation notice for a draft plan variation that gives effect to the anticipated variation is notified under section 63.

Note If a consultation notice for a draft plan variation giving effect to the anticipated variation is notified under s 63, a development application may be made under s 137AB after the day the consultation notice is notified as if the draft plan variation were in force.

- (3) The development application must state—
 - (a) why the development is prohibited or is inconsistent with the [territory plan](#), including by identifying the relevant provision of the [territory plan](#); and
 - (b) that the application is made in anticipation of a variation to the [territory plan](#) under this section.
- (4) The planning and land authority or Minister is taken to have refused the development application if a consultation notice for a draft plan variation that gives effect to the anticipated variation is not notified under section 63 within 6 months after the development application is made.

- (5) A development application made under this section must be publicly notified on the day the consultation notice for the draft plan variation that gives effect to the anticipated variation is notified under section 63.

Note 1 The development application and the draft plan variation must be publicly notified for the concurrent consultation period (see s 147AB (2)).

Note 2 Comments about a draft plan variation that gives effect to the anticipated variation must be made in the concurrent consultation period and at the same time as the person makes a representation about the development application (see s 147AC (2)).

Note 3 A development application made under this section may only be decided if the draft plan variation that gives effect to the anticipated variation has commenced under s 83 or s 84 (see s 162 (2)).

- (6) Despite section 50 (Effect of territory plan)—
- (a) chapter 7, chapter 8 and chapter 9 apply to the development application as if the draft plan variation that gives effect to the anticipated variation were in force; and
 - (b) the planning and land authority must assess the application as if the draft plan variation that gives effect to the anticipated variation were in force.

- (7) In this section:

prohibited development includes a development that is inconsistent with the [territory plan](#).

137AB Applications in anticipation of territory plan variation—made after draft plan variation prepared

- (1) This section applies if the planning and land authority notifies a consultation notice for a draft plan variation under section 63.
- (2) A person may apply for approval of a development proposal after the day the consultation notice is notified as if the draft plan variation were in force.

- (3) The development application must—
- (a) identify the draft plan variation; and
 - (b) state that the application is made as if the draft plan variation were in force.
- (4) Despite section 50 (Effect of territory plan)—
- (a) chapter 7, chapter 8 and chapter 9 apply to the development application as if the draft plan variation were in force; and
 - (b) the planning and land authority must assess the application as if the draft plan variation were in force; and
 - (c) the planning and land authority must, in publicly notifying the development application under division 7.3.4 (Public notification of development applications and representations)—
 - (i) identify the draft plan variation; and
 - (ii) state that the application is made in accordance with the draft plan variation.
- (5) The planning and land authority or Minister is taken to have refused the development application if the draft plan variation, or a provision relating to the development application, is—
- (a) withdrawn; or
 - (b) rejected; or
 - (c) revised in a way that no longer permits the proposed development.

Note A development application made under this section may only be decided if the draft plan variation has commenced under s 83 or s 84 (see s 162 (2)).

137AC Declaration for development encroaching on adjoining territory land if development prohibited

- (1) This section applies to a development proposal in relation to a use of land, or a building or structure on the land, if—
 - (a) the land, or the building or structure on the land, adjoins unleased territory land or land for which the Territory is the registered proprietor (the *adjoining territory land*); and
 - (b) the use would encroach no further onto, over or under the adjoining territory land than the distance prescribed by regulation (the *encroachment*); and
 - (c) the use of the land, or the building or structure on the land, is a prohibited development on the adjoining territory land.
- (2) A person may apply to the planning and land authority for a declaration that the development proposal satisfies the following criteria:
 - (a) the encroachment is a minor part of the development;
 - (b) carrying out the proposal in relation to the adjoining territory land would enable a more logical and appropriate development than if there was no encroachment;
 - (c) the proposed use of the land would—
 - (i) not detract from the amenity of the surrounding area; and
 - (ii) promote better land management; and
 - (iii) not unreasonably restrict public access to other land;
 - (d) the authority is not prohibited from granting by direct sale a lease over the encroachment.

Note 1 If a form is approved under s 425 for this provision, the form must be used.

Note 2 A fee may be determined under s 424 for this provision.

- (3) The application must include—
- (a) if the adjoining territory land is unleased land—written consent by the custodian for the land to the encroachment; and
 - (b) a copy of any written information provided to the custodian, with each page—
 - (i) signed by the custodian; and
 - (ii) numbered by stating the page number and the total number of pages provided.
- (4) Not later than 10 working days after the day the person applies to the planning and land authority for a declaration under subsection (2), the authority must—
- (a) make the declaration; or
 - (b) refuse to make the declaration.

Note The requirement to make a decision under s (4) does not lapse if the 10-day time limit is not met (see [Legislation Act](#), s 152).

- (5) A declaration is a notifiable instrument.

Note A notifiable instrument must be notified under the [Legislation Act](#).

137AD Applications for development encroaching on adjoining territory land if development prohibited

- (1) If the planning and land authority has made a declaration under section 137AC in relation to a development proposal—
- (a) the person who applied for the declaration may apply to the planning and land authority for development approval of the development proposal; and
 - (b) the use is taken not to be a prohibited development on the adjoining territory land.

(2) Despite section 50 (Effect of territory plan)—

- (a) chapter 7, chapter 8 and chapter 9 apply to the application as if the [territory plan](#) were varied under section 90B (Rezoning—development encroaching on adjoining territory land) to change the boundary of the land consistent with a proposal under section 137AC; and
- (b) the planning and land authority must assess the application as if the [territory plan](#) were varied under section 90B.

Note 1 A development application made under this section may only be decided if the [territory plan](#) has been varied under s 90B (see s 162 (2)).

Note 2 The planning and land authority must not grant a lease over an encroachment on adjoining territory land by direct sale unless the [territory plan](#) has been varied under s 90B (see s 240 (1) (h)).

(3) In this section:

adjoining territory land—see section 137AC (1) (a).

Part 7.2A Capital Metro facilitation

Division 7.2A.1 Preliminary

137A Meaning of *related to light rail*

- (1) For this Act, a development proposal is *related to light rail* if—
- (a) the development to which the proposal relates may facilitate the construction, ongoing operation and maintenance, repairs, refurbishment, relocation or replacement of—
 - (i) light rail track; or
 - (ii) infrastructure within, or partly within, 1km from—
 - (A) existing light rail track; or
 - (B) proposed light rail track; or
 - (b) a declaration under section 137B is made in relation to it.

Examples—par (a) (ii)

- 1 temporary infrastructure for construction of light rail such as safety fencing, scaffolding, access roads and parking
- 2 stops, stations, terminus and associated shelters, seating and toilet amenities, ticketing infrastructure, parking, set-down areas and bicycle storage
- 3 access roads, footpaths and bicycle lanes
- 4 entry and access points and safety barriers
- 5 electricity supply infrastructure including substations, overhead lines and supports
- 6 signalling and other control facilities
- 7 depot facilities

(2) In this section:

proposed light rail track means—

- (a) light rail track identified in a development proposal in a development application that includes the construction, extension, refurbishment, relocation or replacement of light rail track; or
- (b) light rail track identified in a development approval that authorises the construction, extension, refurbishment, relocation or replacement of light rail track.

Division 7.2A.2 Light rail declaration

137B Authority may declare development proposal related to light rail

- (1) The planning and land authority may declare that a development proposal is related to light rail (a ***light rail declaration***).
- (2) The planning and land authority may make a light rail declaration only if satisfied on reasonable grounds that the development proposal is a development described in section 137A (1) (a).
- (3) The planning and land authority may make a light rail declaration on its own initiative or on application by the proponent of the development proposal.
- (4) A declaration is a notifiable instrument.

Note A notifiable instrument must be notified under the [Legislation Act](#).

137C Light rail declaration—time limit on proceedings

A person may not start a proceeding in a court in relation to a decision to make a light rail declaration more than 60 days after the day the declaration is made.

Division 7.2A.3 Effect of development proposal being related to light rail

Note The operation of other sections of this Act is also affected by a development proposal being related to light rail (see s 119 and s 128).

137D Development related to light rail—time limit on proceedings

- (1) This section applies to a development proposal that is related to light rail.
- (2) A person may not start a proceeding in a court in relation to a decision under this chapter, chapter 8 or chapter 9—
 - (a) if the decision is in relation to the development proposal; and
 - (b) more than 60 days after the day the decision is made.

Part 7.3 Development applications

Division 7.3.1 Pre-application matters

138 Consideration of development proposals

- (1) The planning and land authority must consider a development proposal if asked by the proponent of the proposal.
- (2) However, the planning and land authority need not consider the development proposal if satisfied that the information provided by the proponent in relation to the proposal would not allow the authority to provide adequate advice in relation to the matters mentioned in subsection (4).
- (3) The planning and land authority must tell the proponent if, because the authority is satisfied under subsection (2), the authority does not consider the development proposal.
- (4) The planning and land authority must, after considering the development proposal, tell the person, in writing, the following in relation to the proposal:
 - (a) which assessment track is likely to apply to the proposal, or if the proposal is likely to be exempt or prohibited;
Note A person may apply for an exemption assessment to work out whether a development is an exempt development (see s 138B).
 - (b) whether the application will be referred under section 147A (Development applications involving protected matter to be referred to conservator) or section 148 (Some development applications to be referred);
 - (c) whether public notification under division 7.3.4 will be required for the application;
 - (d) whether the development proposed is consistent with existing lease conditions applying to the land where the development is proposed to take place;

- (e) if the development proposal relates to a variation of a nominal rent lease—
 - (i) whether a lease variation charge is payable under division 9.6.3 (Variation of nominal rent leases) in relation to the variation; and
 - (ii) if asked by the proponent—what the charge is likely to be and how the authority has worked out the charge;
 - (f) generally, what further information may be required.
- (5) The planning and land authority's advice on a proposed development application after consideration is intended to guide and assist the applicant in making the development application.
- (6) However, the planning and land authority may act inconsistently with advice under this section in relation to a development proposal if—
- (a) the environmental circumstances surrounding the development proposal change; or
 - (b) the development proposal for which development approval is sought is different from the proposal in relation to which the advice was given; or
 - (c) for subsection (4) (e)—the development proposal that is approved is different from the proposal in relation to which the advice was given; or
 - (d) when the proponent asked for advice, the request did not include relevant information; or
 - (e) the [territory plan](#) changes after the advice is given and before the authority acts; or
 - (f) the advice given was inconsistent with the [territory plan](#) because of an error.
- (7) Advice given under this section expires 6 months after the day it is given.

138AA Impact track proposals if not likely to have significant adverse environmental impact

- (1) This section applies to a development proposal mentioned in—
 - (a) schedule 4, part 4.2, item 3 (c) or (d) or item 11; or
 - (b) schedule 4, part 4.3, item 1, item 2 (a) or (b), item 3, item 6 or item 7.
- (2) If the proponent of a development proposal wants the application for the development approval assessed in the merit track on the ground that the proposal is not likely to have a significant adverse environmental impact, the proponent must apply to the relevant agency for an opinion (an *environmental significance opinion*) to that effect.
- (3) If the planning and land authority is the relevant agency for an environmental significance opinion, the authority must not give an opinion unless it has consulted each of the following entities:
 - (a) the work safety commissioner;
 - (b) the environment protection authority;
 - (c) the emergency services commissioner;
 - (d) the director-general of the administrative unit responsible for the *Health Act 1993*;
 - (e) if an area adjacent to the ACT could be adversely affected by development that is the subject of the development proposal—the council for the area;
 - (f) an entity prescribed by regulation.

- (4) In this section:

area—see the *Local Government Act 1993* (NSW), dictionary.

council—see the *Local Government Act 1993* (NSW), dictionary.

Note 1 A development proposal may still be in the impact track for other reasons under s 123 (eg because of a declaration under s 125 (Declaration by Public Health Act Minister affects assessment track)).

Note 2 If a form is approved under s 425 for this provision, the form must be used.

138AB Deciding environmental significance opinion applications

- (1) A relevant agency may, by written notice, require an applicant for an environmental significance opinion to provide additional information in support of the application.
- (2) Notice under subsection (1) must state the time, not shorter than 20 working days, within which the applicant must respond to the notice.
- (3) The relevant agency may refuse to decide the application if the additional information requested under subsection (1) is not given to the agency within the stated time.
- (4) If the relevant agency decides the application, the agency must—
 - (a) if the relevant agency considers that the proposal is not likely to have a significant adverse environmental impact—give the environmental significance opinion; or

Note **Significant** adverse environmental impact—see s 124A.

- (b) if the relevant agency considers that the proposal is not likely to have a significant adverse environmental impact if the development satisfies certain conditions—give the environmental significance opinion subject to the stated conditions (a ***conditional environmental significance opinion***); or

Note If a conditional environmental significance opinion has been given for a development, the development approval must include a condition that the development comply with the condition in the environmental significance opinion (see s 165 (2) (d)). In addition, an application to amend a development approval must be refused if the changed development proposal would be in breach of a condition on the approval relating to a conditional environmental significance opinion (see s 198 (3) (c)).

- (c) reject the application.
- (5) The relevant agency must notify the planning and land authority in writing if it rejects the application.
- (6) If the planning and land authority receives notice under subsection (5), the planning and land authority must notify the applicant in writing of the rejection.
- (7) A relevant agency is taken to have rejected an application for an environmental significance opinion if the agency does not give the opinion or a notice under subsection (5) within—
- (a) if no additional information is requested under subsection (1)—30 working days after the application is made to the agency; or
 - (b) if additional information is requested and the information is given to the agency—30 working days after the information is given to the agency; or
 - (c) if additional information is requested and the information is not given to the agency within the time stated—30 working days after the stated time has ended.

- (8) However, the relevant agency may decide the application despite the rejection of the application under subsection (7).

138AC Costs of environmental significance opinion

- (1) A relevant agency may recover from an applicant for an environmental significance opinion the direct and indirect costs incurred by the agency—
- (a) in deciding an application for the opinion; and
 - (b) in preparing the opinion; and
 - (c) in engaging a consultant to assist with deciding the application or preparing the opinion.

Note The costs may be recovered in a court of competent jurisdiction or the ACAT (see [Legislation Act](#), s 177).

- (2) If the relevant agency has sent an invoice to the applicant for the costs recoverable under subsection (1), the agency must give a copy of the invoice to the planning and land authority.
- (3) Despite section 138AB (4) and (5), the relevant agency may wait until the invoice has been paid by the applicant before giving the environmental significance opinion or giving a notice under section 138AB (5).

138AD Requirements in relation to environmental significance opinions

- (1) This section applies to an environmental significance opinion given by a relevant agency to the applicant for the opinion.
- (2) The relevant agency must give a copy of the environmental significance opinion to the planning and land authority when the opinion is given to the applicant.
- (3) The planning and land authority must prepare a notice including the text of the environmental significance opinion.

- (4) A notice is a notifiable instrument.

Note A notifiable instrument must be notified under the [Legislation Act](#).

- (5) The planning and land authority must put an electronic link to the notice on the authority website.
- (6) An environmental significance opinion and the notice including the text of the opinion expire 18 months after the day the notice is notified.
- (7) Giving an environmental significance opinion does not limit any power the relevant agency has under this Act or any other territory law.

138AE Community consultation for certain development proposals

- (1) This section applies to a development proposal (a ***prescribed development proposal***) prescribed by regulation for this section.
- (2) Before lodging a development application for a prescribed development proposal, the proponent of the proposal must consult the community (***community consultation***)—
- (a) about the proposal; and
 - (b) if a guideline is made under section 138AF—in accordance with the guideline.
- (3) If a proponent proposes to lodge a development application for a prescribed development proposal (a ***revised proposal***) that is not substantially the same as the proposal consulted on under subsection (2), the proponent must carry out community consultation in relation to the revised proposal.

- (4) The development application for a prescribed development proposal must be accompanied by a written notice of the community consultation carried out for the proposal.

Note 1 If a form is approved under s 425 for this provision, the form must be used.

Note 2 If particular information is to be included in the form for the written notice of the community consultation, or a particular document must be attached to or given with the form, the form is properly completed only if the requirement is complied with (see [Legislation Act](#), s 255 (5)).

- (5) The validity of a decision on a development application for a prescribed development proposal is not affected by a defect or irregularity in relation to community consultation for the proposal.

138AF Community consultation guidelines

- (1) The planning and land authority may make guidelines about how a proponent of a development proposal to which section 138AE applies must or may consult the community under that section.
- (2) A guideline is a notifiable instrument.

Note 1 A notifiable instrument must be notified under the [Legislation Act](#).

Note 2 Power to make a statutory instrument includes power to make different provision for different categories (see [Legislation Act](#), s 48).

Division 7.3.1A Exemption assessments

138A Purpose of exemption assessment D notices

- (1) An exemption assessment may relate to development that is to be undertaken or has been undertaken.
- (2) An exemption assessment D notice in relation to a development that is to be undertaken certifies that the development is, or is not, an exempt development.

- (3) An exemption assessment D notice in relation to a development that has been undertaken certifies that the development is, or is not, exempt from requiring development approval based on whether the development was exempt from requiring development approval at the time it was done, or is currently exempt from requiring development approval.

138B Exemption assessment applications

- (1) A person may apply, in writing, to a works assessor or building surveyor for an assessment (an *exemption assessment*) of whether a development is an exempt development under section 133.

Note 1 **Building surveyor**—see the *Constructions Occupations (Licensing) Act 2004*, s 9. **Works assessor**—see the *Constructions Occupations (Licensing) Act 2004*, s 14A.

Note 2 Applying for an exemption assessment is not a requirement of the development approval or building approval process (see s 138C and the *Building Act 2004*, s 14A). If a person believes that a development is an exempt development, the person need not apply for an exemption assessment from a works assessor or building surveyor.

- (2) The application must—
- (a) include—
 - (i) the plans relating to the development prescribed by regulation; and
 - (ii) the number of copies of the plans prescribed by regulation; and
 - (iii) any other details or material prescribed by regulation; and
 - (b) be in writing signed by the applicant; and

- (c) if the applicant is someone other than the lessee of the land to which the application relates—also be signed by—
 - (i) if the land to which the application relates is subject to a lease—the lessee of the land; or
 - (ii) if the land to which the application relates is public land or unleased land—the custodian for the land; or
 - (iii) in any other case—the planning and land authority.

Note If a form is approved under s 425 for an application, the form must be used.

- (3) A regulation may prescribe information required to be shown in plans under subsection (2) (a) (i).

138C Exemption assessment not required for development approval

- (1) An exemption assessment is not a requirement of the development approval process.
- (2) A works assessor or building surveyor may issue an exemption assessment D notice to a person only if the person has applied to the works assessor or building surveyor for an exemption assessment.

138D Exemption assessments and notices

- (1) This section applies if a person applies to a works assessor or building surveyor for an exemption assessment under section 138B and the works assessor or building surveyor agrees to provide the exemption assessment.
- (2) The works assessor or building surveyor must—
 - (a) prepare the exemption assessment; and
 - (b) issue a notice (an *exemption assessment D notice*)—
 - (i) stating whether the development is an exempt development under section 133; and

- (ii) including anything else prescribed by regulation; and
- (c) give the exemption assessment D notice to the applicant; and
- (d) within 5 days after the day the works assessor or building surveyor issues the notice—give a copy of the notice to the planning and land authority.

Note 1 The works assessor or building surveyor may refuse to issue a notice if the works assessor or building surveyor does not have enough information (see s 138G).

Note 2 Other people may rely on an exemption assessment D notice, for example, a building surveyor when issuing a building approval under the [Building Act 2004](#).

- (3) A regulation under subsection (2) (b) (ii) may prescribe—
 - (a) any document that must be attached to the exemption assessment D notice; and
 - (b) information required to be shown in the document.
- (4) If the development that is the subject of the application has been undertaken and the works assessor or building surveyor certifies that the development is exempt because the development was exempt when undertaken, the exemption assessment D notice must also include the dates on which the works assessor or building surveyor has based the assessment that the development was exempt.
- (5) If, after taking reasonable steps, an applicant cannot find a works assessor or building surveyor who will agree to provide an exemption assessment, the applicant may apply to the construction occupations registrar to appoint a works assessor to prepare the exemption assessment and issue an exemption assessment D notice.

Note If the proponent of a development proposal lodges the proposal with the planning and land authority, the authority must tell the proponent if the development is likely to be exempt (see s 138 (4) (a)).

138E Exemption assessment applications—request for further information

- (1) This section applies if—
 - (a) a works assessor or building surveyor requires further information for an exemption assessment under section 138D; and
 - (b) the applicant and the works assessor or building surveyor have not agreed that the works assessor or building surveyor will obtain the further information; and
 - (c) the works assessor or building surveyor believes on reasonable grounds that the further information will help the works assessor or building surveyor to prepare the assessment.
- (2) The works assessor or building surveyor may, by written notice, ask the applicant to give the works assessor or building surveyor stated further information in relation to the application.
- (3) This section does not entitle a works assessor or building surveyor to require—
 - (a) photographs to be taken by someone other than the applicant; or
 - (b) photographs to be taken using equipment other than equipment of the applicant's choice; or
 - (c) further information if—
 - (i) the works assessor or building surveyor has, or has reasonable access to, suitable information that allows the works assessor or building surveyor to decide the application without personally inspecting the land where the development is to be carried out; or

- (ii) a territory law requires the works assessor or building surveyor to personally obtain or be given the information.

Examples—suitable information works assessor or building surveyor has or has reasonable access to

- 1 The website www.actmapi.act.gov.au provides aerial photographs and topographical information including ground contours for some ACT areas. If the land to which an application relates is covered by the website, the photographs and contours have sufficient information, and are accurate and recent enough, to decide the application in relation to tree and ground-height related matters, the works assessor or building surveyor may not require further information or documents by way of photographs or topographical information in relation to trees and ground heights.
 - 2 A works assessor or building surveyor may verify land tenure and permit and statutory approval matters by contacting the statutory custodians of the information to a sufficient degree to decide the application in relation to those matters. The works assessor or building surveyor may not require further information in relation to those matters.
 - 3 The land to which an application relates is covered by www.actmapi.act.gov.au but, because the slope of the land to be built on is steeper than would be adequately shown on the website, the works assessor or building surveyor does not have suitable information to allow the works assessor or building surveyor to decide the application without personally inspecting the land. Another website has some topographical information on the land, but it is not of sufficient resolution, or recent enough, to be relied on by the works assessor or building surveyor in relation to ground heights to decide the application. The works assessor or building surveyor may require further information in relation to ground heights.
- (4) For this section, a works assessor or building surveyor that is a partnership inspects land personally if any partner inspects the land.

138F Exemption assessment applications—contents of request for further information

- (1) A request under section 138E must—
- (a) state the period within which the further information asked for must be provided; and

- (b) if the further information is not a document—state that the further information must be provided in writing; and
 - (c) state that the applicant need not provide the further information, but if the applicant fails to provide some or all of the information in accordance with the request, the works assessor or building surveyor may under section 138G refuse to issue an exemption assessment D notice; and
 - (d) state that, despite the applicant and works assessor or building surveyor having previously not agreed that the works assessor or building surveyor would obtain the further information, the applicant and works assessor or building surveyor may agree that the works assessor or building surveyor will obtain the information.
- (2) The request may require the applicant to include a statement verifying all or part of any information provided.
- Note* It is an offence to make a false or misleading statement, give false or misleading information or produce a false or misleading document (see [Criminal Code](#), pt 3.4).
- (3) The period stated under subsection (1) (a) must be at least 20 working days or, if a shorter period is prescribed by regulation, the shorter period.
- (4) The works assessor or building surveyor may, on application before the end of the period stated under subsection (1) (a), extend the period within which the further information must be provided once only, for a period not longer than 20 working days.

138G Exemption assessment applications—effect of failure to provide further information

- (1) This section applies if—
- (a) a works assessor or building surveyor has asked for further information under section 138E in relation to an exemption assessment application; and

- (b) the applicant has not provided some or all of the information by—
 - (i) the end of the period stated in the request; or
 - (ii) if the works assessor or building surveyor has extended the period within which the further information must be provided—the end of that period; and
 - (c) the applicant and the works assessor or building surveyor have not agreed that the works assessor or building surveyor will obtain the further information.
- (2) The works assessor or building surveyor may refuse to issue an exemption assessment D notice under section 138D.

- Note* Matters the Minister must consider before approving a variation are set out in s 261, and conditions to which the variation may be subject are set out in s 262.
- (q) if the applicant wants the application for development approval assessed in the merit track on the ground of an environmental significance opinion that the development proposal is not likely to have a significant adverse environmental impact—be accompanied by—
 - (i) the environmental significance opinion for the proposal; and

- (r) if the application is for the development of an estate—be accompanied by an estate development plan for the estate.

Note 1 For par (r), matters that must or may be included in an estate development plan are set out in s 94.

Note 2 A development application in the impact track must usually include an EIS (see s 128).

Note 3 A development application for a development proposal to which division 7.2.5 applies must include an EIS (see s 120 and div 7.2.4).

Note 4 For when an EIS is completed, see s 209.

Note 5 A development application for a development proposal to which s 138AE applies must also be accompanied by a written notice of the community consultation carried out (see s 138AE (4)).

Note 6 If particular information is to be included in the form for a development application, or a particular document must be attached to or given with the form, the form is properly completed only if the requirement is complied with (see [Legislation Act](#), s 255 (5)).

- (3) A person who signs an application under subsection (2) (b) (i) is taken to be an applicant in relation to the application.
- (4) A regulation may exempt an application for approval of a development related to light rail from any of the requirements in subsection (2) other than the requirements in subsection (2) (a), (b), (f) and (p).
- (5) A regulation may prescribe the requirements for an assessment mentioned in subsection (2) (p) (i).
- (6) The Minister may make guidelines for the preparation of an assessment mentioned in subsection (2) (p) (i).
- (7) A guideline is a notifiable instrument.

Note A notifiable instrument must be notified under the [Legislation Act](#).

(8) In this section:

adjoining territory land—see section 137AC (1) (a).

encroachment—see section 137AC (1) (b).

relevant criteria, for a development proposal, means the criteria that apply to the proposal in each relevant code.

s 277 chargeable variation—see section 276.

survey certificate, for land where development is to be carried out, means a certificate prepared by a registered surveyor that shows—

- (a) the boundaries of the land; and
- (b) the location of each building or structure on the land; and
- (c) the existing contours of the land.

140 Effect of approvals in development applications

(1) This section applies if—

- (a) a code that applies to a development proposal requires an entity to approve the development or certify something in relation to the development; and
- (b) the entity approves the development, or certifies something in relation to the development, in writing; and
- (c) the development application is approved (by way of a development approval).

(2) The entity must not act inconsistently with the development approval unless—

- (a) further information in relation to the development proposed in the application comes to the entity's attention (other than information mentioned in subsection (3)); and
- (b) the entity did not have the further information when the entity approved the development or certified the thing; and

- (c) the further information is relevant to the approval of, or certification in relation to, the development; and
 - (d) the entity would not have approved the development or certified the thing considered if the entity had the further information before deciding the application.
- (3) Subsection (2) (a) does not apply to further information in relation to a development proposed in an application if—
 - (a) the information was not required in the development application; and
 - (b) the information is required by the entity after the application is approved; and
 - (c) the information is consistent in all significant respects with information already provided by the applicant, except that it is more detailed.
- (4) For this section, an entity ***acts inconsistently*** with a development approval if the entity—
 - (a) does not issue or give an approval or other thing required for the development; or
 - (b) issues or gives the approval or other thing in a way, or subject to a condition, that prevents the applicant undertaking the development approved.

Example of thing required for development

the entity's agreement to the digging up of a footpath to allow the development

- (5) Also for this section, an entity ***acts inconsistently*** with a development approval if—
 - (a) the approval, or a certificate in writing by the entity in relation to the development, states that an activity to which the approval relates does not require a particular authorisation (however described); and

- (b) the entity prosecutes someone, or takes other compliance action, in relation to the activity because the activity is carried out without the particular authorisation.

141 Authority may require further information—development applications

- (1) The planning and land authority may, by written notice, ask an applicant for development approval to give the authority stated further information in relation to a development application.
- (2) The request must—
 - (a) state the period within which the further information asked for must be provided; and
 - (b) state that the further information must be provided in writing.

Note A request for further information may affect the time for deciding a development application (see div 7.3.7).

- (3) The period stated under subsection (2) (a) must be at least 20 working days or, if a shorter period is prescribed by regulation, the shorter period.
- (4) The planning and land authority may, on application before the end of the period stated under subsection (2) (a), extend the period within which the further information must be provided once only, for a period not longer than 20 working days.

Note The planning and land authority may extend the period within which further information must be provided after the end of the period being extended (see [Legislation Act](#), s 151C (3)).

142 Effect of failure to provide further information—development applications

- (1) This section applies if—
 - (a) the planning and land authority has asked for further information under section 141 in relation to an application; and

- (b) the applicant has not provided some or all of the information in accordance with the request.
- (2) The planning and land authority may refuse the application under section 162.

143 Correcting development applications

- (1) The planning and land authority may, on the authority's own initiative or on application, correct a formal error in a development application.
- (2) However, the planning and land authority must not make a correction if making the correction would adversely affect someone other than the applicant.
- (3) If the planning and land authority does not tell the applicant that the authority refuses to amend a development application by not later than 5 working days after the day the applicant asks for the correction, the authority is taken to have made the correction.
- (4) If the planning and land authority corrects a development application on the authority's own initiative, the authority must give the applicant, or if there is more than 1, each applicant, written notice about the correction.

144 Amending development applications

- (1) The planning and land authority may, if asked by the applicant, amend a development application.
- (2) However, the planning and land authority must not amend the development application unless—
 - (a) the authority is satisfied that—
 - (i) the development applied for after the amendment will be substantially the same as the development applied for originally; and

- (ii) the assessment track for the application will not change if the application is amended; and
- (b) for land under a land sublease—
 - (i) if the applicant is not the sublessee—the sublessee consents, in writing, to the amendment; and
 - (ii) if the applicant is not the Crown lessee—the Crown lessee consents, in writing, to the amendment.
- (3) The planning and land authority must, not later than 5 working days after the day the applicant asks for the amendment—
 - (a) amend the development application; or
 - (b) refuse to amend the development application.
- (4) If the planning and land authority does not tell the applicant that the authority refuses to amend the application within the time given under subsection (3), the authority is taken to have amended the application.

145 Referred development application amended

- (1) This section applies if—
 - (a) a development application has been amended under section 144; and
 - (b) before it was amended, the application was referred to an entity under—
 - (i) section 127A (Impact track—referral of matter protected by the Commonwealth to Commonwealth); or
 - (ii) section 147A (Development applications involving protected matter to be referred to conservator); or
 - (iii) section 148 (Some development applications to be referred).

- (2) The planning and land authority must refer the development application to the entity.

Note Section 149 sets out what the entity to which the application is referred must do with the application.

- (3) A referral under subsection (2) must include a brief description of how the application has been amended since the entity last saw it.
- (4) However, if the planning and land authority is satisfied that the proposed amendment of the application does not affect any part of the application in relation to which the entity to which the application was referred made a comment, the authority need not refer the proposed amendment to the entity.

146 Notice of amended development applications

- (1) This section applies if—
- (a) the planning and land authority amends a development application; and
 - (b) the making of the application has been publicly notified.
- (2) The planning and land authority must publicly notify the amended application under division 7.3.4 (Public notification of development applications and representations).
- (3) However, the planning and land authority may waive the requirement to publicly notify the amended application for development approval if satisfied that—
- (a) no-one other than the applicant will be adversely affected by the amendment; and
 - (b) the environmental impact caused by the approval of the amendment will do no more than minimally increase the environmental impact of the development.

147 Withdrawal of development applications

An applicant may withdraw a development application at any time before the application is approved.

Division 7.3.2A Concurrent development applications

147AA Definitions

(1) In this Act:

concurrent consultation period, for a concurrent development application, means a stated period of not less than 35 working days plus any concurrent extension period.

concurrent development application means an application for development approval—

- (a) made under section 137AA (Applications in anticipation of territory plan variation—made before draft plan variation prepared); or
- (b) that is accompanied by 1 or more concurrent documents.

concurrent document, in relation to a concurrent development application, means—

- (a) if the application is made under section 137AA—the draft plan variation that gives effect to the anticipated [territory plan](#) variation; or
- (b) if the application is made under section 137AD (Applications for development encroaching on adjoining territory land if development prohibited)—the proposed technical amendment; or
- (c) if a draft EIS is lodged with the application—the draft EIS; or
- (d) if an application for an EIS exemption is lodged with the development application—the EIS exemption application.

(2) In this section:

concurrent extension period, in relation to a concurrent development application, means—

- (a) if the application is made under section 137AA (Applications in anticipation of territory plan variation—made before draft plan variation prepared)—the period of any extension under section 63 (2); or
- (b) if a draft EIS is lodged with the application—the period of any extension under section 211D (2); or
- (c) if an application for an EIS exemption is lodged with the development application—the period of any extension under section 219 (3).

147AB Public notification of concurrent documents

(1) This section applies if—

- (a) a development application is a concurrent development application; and
- (b) a concurrent document in relation to the application must be publicly notified under this Act.

(2) The concurrent document must be publicly notified together with the concurrent development application for the concurrent consultation period.

Note A development application is ***publicly notified*** under div 7.3.4.

(3) A notice under subsection (2) must—

- (a) state that the concurrent development application—
 - (i) is a concurrent development application; and
 - (ii) cannot be finalised until the concurrent process is complete; and

- (b) state the concurrent consultation period for the concurrent development application; and
- (c) state that if the concurrent document relating to the application is refused, rejected or withdrawn, the application is taken to have been refused; and
- (d) include an electronic link to each concurrent document for the concurrent development application on the authority website.

(4) In this section:

completed concurrent process—see section 162 (7).

publicly notified, for a concurrent document, means—

- (a) for a draft plan variation that gives effect to an anticipated [territory plan](#) variation under section 137AA—notification of the consultation notice for the draft plan variation under section 63 (3); or
- (b) for a proposed technical amendment under section 90B—public notice under section 90 (2); or
- (c) for an EIS exemption application—notification of the consultation notice for the EIS exemption application under section 211C; or
- (d) for a draft EIS—notification of the draft EIS under section 217.

147AC Representations about concurrent documents

(1) This section applies if—

- (a) a development application is a concurrent development application; and
- (b) a written representation about a concurrent document relating to the application may be made under this Act.

- (2) A person may only make a written representation about—
 - (a) the concurrent development application and each concurrent document in the concurrent consultation period; and
 - (b) the concurrent document at the same time as the person makes a representation about the concurrent development application.
- (3) Subsection (4) applies if—
 - (a) a person makes a written representation about a concurrent document at the same time as the person makes a representation about a concurrent development application; and
 - (b) the representation must be published under this Act.
- (4) The planning and land authority must—
 - (a) include an electronic link to each concurrent document for the concurrent development application on the authority website; and
 - (b) either—
 - (i) publish the representations together on the authority website; or
 - (ii) include an electronic link to the representations on the authority website.
- (5) In this section:
representation, about a concurrent document, means—
 - (a) for a draft plan variation that gives effect to an anticipated [territory plan](#) variation under section 137AA—a comment about the variation under section 63; or
 - (b) for a proposed technical amendment under section 90B—a comment about the amendment under section 90; or
 - (c) for an EIS exemption application—a submission about the application under section 211C; or

- (d) for a draft EIS—a representation about the draft EIS under section 219.

147AD Refusal, rejection or withdrawal of concurrent documents

- (1) This section applies if—
 - (a) a development application is a concurrent development application; and
 - (b) a concurrent document relating to the application—
 - (i) is refused, rejected or withdrawn; or
 - (ii) is taken to have been refused, rejected or withdrawn; or
 - (iii) for a draft plan variation that gives effect to an anticipated [territory plan](#) variation under section 137AA—
 - (A) the draft plan variation is revised in a way that no longer permits the proposed development; or
 - (B) if a provision of the draft plan variation relates to the concurrent development application—subparagraph (i), (ii) or (iii) (A) applies to the provision.
- (2) The planning and land authority or Minister is taken to have refused the concurrent development application.

Note For a development application made under s 137AA, the planning and land authority or Minister is taken to have refused the development application if a consultation notice for a draft plan variation that gives effect to the anticipated variation is not notified under s 63 within 6 months after the development application is made (see s 137AA (3)).
- (3) Any other concurrent document is taken to have been withdrawn.
- (4) For subsection (1) (b), if the concurrent document is a draft plan variation that gives effect to an anticipated [territory plan](#) variation under section 137AA, a reference also includes refusal or rejection of a provision of the draft plan variation if the provision relates to the concurrent development application.

- (5) The planning and land authority must give the applicant for the concurrent development application notice of the effect of this section.

Division 7.3.3 Referral of development applications

147A Development applications involving protected matter to be referred to conservator

- (1) This section applies if the planning and land authority is satisfied that a proposed development is likely to have a significant adverse environmental impact on a protected matter.
- (2) The planning and land authority must refer the development application for the development to the conservator of flora and fauna.

Note 1 The conservator's advice must contain an assessment of whether the proposed development is likely to have a significant adverse environmental impact on a protected matter and, if so, advice about suitable offsets for the proposed development (see [Nature Conservation Act 2014](#), ch 13, particularly s 318).

Note 2 If the proposed development is likely to have a significant adverse environmental impact on a protected matter, and the authority is to decide the development application, development approval must not be given unless the development proposal is consistent with the conservator's advice (see s 128 (1) (b) (vi)).

Note 3 **Significant** adverse environmental impact—see s 124A.

148 Some development applications to be referred

- (1) The planning and land authority must refer a development application prescribed by regulation to an entity prescribed by regulation.
- (2) However, the planning and land authority must not refer a development application to an entity under subsection (1) if—
- (a) the authority is satisfied that the applicant has adequately consulted the entity in relation to the application not earlier than 6 months before the day the application is made; and

- (b) the entity agrees in writing to the proposed development.
- (3) A written agreement to a proposed development mentioned in subsection (2) (b) is taken to be advice received in accordance with section 149 in relation to an application for development approval for the development.
- (4) To remove any doubt, if the planning and land authority is not required to refer a development application to an entity under subsection (1)—
 - (a) the authority need not refer the application to the entity before deciding the application; and
 - (b) the decision of the authority is not affected by the authority not referring the application to the entity.

149 Requirement to give advice in relation to development applications

- (1) This section applies if a development application, including an amended application, is referred to an entity under section 147A or section 148.

Note An amended application may be required to be referred to an entity under s 145.

- (2) The entity must give the planning and land authority the entity's advice in relation to the development application not later than 15 working days after the day the authority gives the application to the entity or, if a shorter period is prescribed by regulation, not later than the end of the shorter period.

Note 1 A written agreement to a development proposal under section 148 (2) (b) is taken to be advice given in accordance with this section in relation to a development application for the proposal (see s 148 (3)).

Note 2 For how documents may be given, see the [Legislation Act](#), pt 19.5.

150 Effect of no response by referral entity

For this Act, if an entity fails to provide advice in accordance with section 149 in relation to a development application referred to the entity, the entity is taken to have given advice that the entity supports the application.

151 Effect of advice by referral entity

(1) This section applies if—

- (a) a development application, including a development application amended under section 144, is referred to an entity; and
- (b) the entity gives advice on the application in accordance with section 149; and

Note Advice on an application is given in accordance with section 149 if the advice is given by an entity not later than 15 working days (or shorter prescribed period) after the day the application is given to the entity.

- (c) the planning and land authority or Minister approves the application; and
- (d) the approval is substantially consistent with the advice.

(2) The entity must not act inconsistently with the advice in relation to the development application unless—

- (a) further information in relation to the development proposed in the application comes to the entity's attention (other than information mentioned in subsection (3)); and
- (b) the entity did not have the further information when the entity gave the advice; and
- (c) the further information is relevant to the advice the entity gave; and
- (d) the entity would have given different advice if the entity had the further information before giving the advice.

- (3) Subsection (2) (a) does not apply to further information in relation to a development proposed in an application if the information—
- (a) was not required in the development application; and
 - (b) is required by the entity after the application is approved; and
 - (c) is consistent in all significant respects with information already provided by the applicant, except that it is more detailed.
- (4) For this section, an entity *acts inconsistently* with advice in relation to a development application if—
- (a) the advice is that the entity will issue or give an approval or other thing in relation to the development; and
 - (b) the application is approved; and
 - (c) the entity—
 - (i) does not issue or give the approval or other thing consistent with the advice; or
 - (ii) issues or gives the approval or other thing in a way, or subject to a condition, that prevents the applicant undertaking the development approved.

Example of advice

that the entity will agree to the digging up of a footpath to allow the development

- (5) Also for this section, an entity *acts inconsistently* with advice in relation to an application if—
- (a) the advice is that an activity to which the application relates does not require a particular authorisation (however described); and

- (b) the entity prosecutes someone, or takes other compliance action, in relation to the activity because the activity is carried out without the particular authorisation.

Example of acting inconsistently

An Act prohibits activity A without an approval. The entity responsible for administering the Act gives advice under section 149 that the activity (activity B) in the application does not fall within the description of activity A. The application is approved consistent with the advice. The entity cannot prosecute a person for carrying out activity B in accordance with the approved application because activity B does fall within the description of activity A and the person did not have approval.

- (6) For this section, an entity acts inconsistently with advice that the entity is taken under section 150 to have given in relation to a development application if the entity—
 - (a) refuses to do something required to be done by the entity to allow the applicant to undertake the development approved in the application; or
 - (b) does something in a way, or subject to a condition, that prevents the applicant from undertaking the development approved in the application.

151A Effect of advice by referral entity for concurrent documents

- (1) This section applies if—
 - (a) an entity gives advice in relation to a development application in accordance with section 149; and
 - (b) the development application is a concurrent development application.
- (2) The advice must not be inconsistent with any previous advice given by the entity in relation to a concurrent document for the concurrent development application unless—
 - (a) further information in relation to the proposed development comes to the entity's attention; and

- (b) the entity did not have the further information when the entity gave the previous advice; and
- (c) the further information is relevant to the previous advice the entity gave; and
- (d) the entity would have given different advice if the entity had the further information before giving the previous advice.

Division 7.3.4 Public notification of development applications and representations

152 What is *publicly notifies* for ch 7?

- (1) For this chapter, the planning and land authority *publicly notifies* a development application if—
 - (a) for an application for a development proposal in the merit track that is prescribed by regulation—the authority notifies the application in the manner prescribed under subsection (2); or
 - (b) for any other application for a development proposal—the authority notifies the application under—
 - (i) section 153 and section 155; and
 - (ii) if the development proposal is, or includes, a lease variation—section 154 (if applicable).

Note 1 Only developments to which the merit track and impact track applies are required to be publicly notified (see s 121 and s 130). Also, the planning and land authority must re-notify some amended development applications (see s 146).

Note 2 An entity other than an applicant may apply for review of a decision to approve a development application in the merit track only if the application is required to be notified under section 153 and section 155 (see sch 1, item 4).

Note 3 If a draft EIS or an EIS exemption application is lodged with a concurrent development application, the planning and land authority must publicly notify the concurrent documents with the development application under s 147AB.

- (2) For an application prescribed under subsection (1) (a), the planning and land authority may, by regulation, prescribe either of the following ways of notifying the application:
- (a) under section 155 (Major public notification) and, if the development proposal is, or includes, a lease variation—section 154 (Public notice to registered interest holders) (if applicable);
 - (b) under section 153 (Public notice to adjoining premises) and, if the development proposal is, or includes, a lease variation—section 154 (if applicable).

153 Public notice to adjoining premises

- (1) This section applies in relation to a development application if—
- (a) the planning and land authority must notify the application under this section; and
 - (b) a place (the *adjoining place*) other than unleased land adjoins the place (the *developing place*) to which the application relates.
- (2) If the adjoining place is occupied, the planning and land authority must give written notice of the making of the development application to the registered proprietor of the lease of the adjoining place at the adjoining place.

Note For how documents may be given, see the [Legislation Act](#), pt 19.5.

- (3) If the adjoining place is unoccupied, the planning and land authority must give written notice of the making of the development application to the lessee of the adjoining place at the lessee's last-known address.

- (4) The planning and land authority must give a new written notice under subsection (2) or (3) if, before the public notification period ends, the authority—
- (a) becomes aware that the original notice is defective because its contents are incorrect, incomplete or include misleading information; and
 - (b) is satisfied that the defect is likely to—
 - (i) unfavourably affect a person's awareness of the timing, location or nature of the development proposal in the application; or
 - (ii) deny or restrict the opportunity of a person to make representations about the application under section 156.
- (5) However, the planning and land authority need not give public notice under subsection (2), (3) or (4) in relation to an adjoining place that is leased by the applicant or a person for whom the applicant has been appointed to act as agent.

Note This section is subject to s 411 and s 412.

- (6) The validity of a development approval is not affected by a failure by the planning and land authority to comply with this section.
- (7) In this section:

adjoins—a place ***adjoins*** another place if the place touches the other place, or is separated from the other place only by a road, reserve, river, watercourse or similar division.

registered proprietor—see section 234.

154 Public notice to registered interest-holders

- (1) This section applies in relation to a development application if—
 - (a) the planning and land authority must notify the application under this section because it is, or includes, a lease variation; and
 - (b) a person other than the applicant has a registered interest in the land comprised in the lease to be varied.
- (2) The planning and land authority must give written notice of the making of the development application to each person, other than the applicant, with a registered interest in the land comprised in the lease.
- (3) The planning and land authority must give a new written notice under subsection (2) if, before the public notification period ends, the authority—
 - (a) becomes aware that the original notice is defective because its contents are incorrect, incomplete or include misleading information; and
 - (b) is satisfied that the defect is likely to—
 - (i) unfavourably affect a person's awareness of the nature of the lease variation; or
 - (ii) deny or restrict the opportunity of a person to make representations about the application under section 156.
- (4) The validity of a development approval is not affected by a failure by the planning and land authority to comply with this section.

155 Major public notification

- (1) If the planning and land authority must notify a development application under this section, the authority must do each of the following:

- (a) display a sign on the place to which the application relates that states the development proposed to be undertaken;
- (b) give public notice of the making of the application.

Note 1 **Public notice** means notice on an ACT government website or in a daily newspaper circulating in the ACT (see [Legislation Act](#), dict, pt 1).

Note 2 This section is subject to s 411 and s 412.

- (2) The planning and land authority must display a new sign under subsection (1) (a) if, before the public notification period ends—

- (a) the authority—
 - (i) becomes aware that the original sign is defective because its contents are incorrect, incomplete or include misleading information; and
 - (ii) is satisfied that the defect is likely to—
 - (A) unfavourably affect a person's awareness of the timing, location or nature of the development proposal in the application; or
 - (B) deny or restrict the opportunity of a person to make representations about the application under section 156; or

- (b) the authority becomes aware that a sign was not displayed.

- (3) Subsection (2) does not apply if a sign is displayed, but is subsequently moved, altered, damaged, defaced, covered or had access to it prevented.

- (4) The planning and land authority must publish a new notice under subsection (1) (b) if, before the public notification period ends—
- (a) the planning and land authority—
 - (i) becomes aware that the original notice is defective because its contents are incorrect, incomplete or include misleading information; and
 - (ii) is satisfied that the defect is likely to—
 - (A) unfavourably affect a person’s awareness of the timing, location or nature of the development proposal in the application; or
 - (B) deny or restrict the opportunity of a person to make representations about the application under section 156; or
 - (b) the authority becomes aware that a notice was not published.
- (5) A person commits an offence if—
- (a) a sign is displayed under subsection (1) (a) or (2); and
 - (b) the person moves, alters, damages, defaces, covers or prevents access to the sign while it is required to be displayed.
- Maximum penalty: 5 penalty units.
- (6) An offence against subsection (5) is a strict liability offence.
- (7) Subsection (5) does not apply to a person if the person acts with the written approval of the chief planning executive.
- (8) The validity of a development approval is not affected by a failure by the planning and land authority to comply with this section.

156 Representations about development applications

- (1) Anyone may make a written representation about a development application that has been publicly notified under this Act.

Note Only developments in the merit track and impact track are required to be publicly notified (see s 121 and s 130). Also, the planning and land authority must re-notify some amended development applications (see s 146).

- (2) A representation about a development application must be made during the public notification period for the application.

Note 1 **Public notification period** for a development application—see s 157.

Note 2 For a concurrent development application, a representation about the development application or a concurrent document must be made in the concurrent consultation period (see s 147AC (2)).

- (3) The planning and land authority may give public notice to extend the public notification period.

Note 1 **Public notice** means notice on an ACT government website or in a daily newspaper circulating in the ACT (see [Legislation Act](#), dict, pt 1).

Note 2 The planning and land authority may extend the public notification period after it has ended (see [Legislation Act](#), s 151C).

- (4) If the planning and land authority extends the public notification period under subsection (3), the authority must give the applicant for the development approval written notice of the extension.

- (5) A person who makes a representation about a development application may, in writing, withdraw the representation at any time before the application is decided.

- (6) To remove any doubt, a representation about a development application—
- (a) may relate to how the development proposed in the application meets, or does not meet, any finding or recommendation of the EIS for the development; and
 - (b) if the development application is accompanied by a completed EIS—must not relate to the adequacy of the EIS.

Note Representations about a draft EIS may be made under s 219.

157 Meaning of *public notification period* for development applications—Act

In this Act:

public notification period, for a development application, means—

- (a) the period prescribed by regulation; or
- (b) if the period prescribed is extended under section 156 (3)—the prescribed period as extended.

Division 7.3.4A Notice of development applications to registrar-general

157A Notice of development applications

- (1) The planning and land authority must give written notice of each development application lodged with the authority to the registrar-general for recording under the [Land Titles Act 1925](#), part 8A (Record of administrative interests).
- (2) The notice under subsection (1) must include the following:
 - (a) a description of the development;
 - (b) the assessment track under which the development is to be assessed;

- (c) the approval status of the application;

Examples—approval status

- 1 pending
- 2 approved
- 3 approved on conditions
- 4 refused
- 5 under review by the ACAT

- (d) anything else prescribed by regulation.

- (3) If the approval status of a development application changes, the planning and land authority must give written notice to the registrar-general of the change.

Division 7.3.5 Ministerial call-in power for development applications

158 Direction that development applications be referred to Minister

- (1) The Minister may, in writing, direct the planning and land authority to refer to the Minister a development application that has not been decided by the authority.

Note 1 Section 13 provides that the planning and land authority must comply with directions given to it under this Act or a territory law.

Note 2 The power to make a statutory instrument (like the Minister's direction) about a matter includes the power to make the instrument for a particular class of matters (see [Legislation Act](#), s 48 (2)).

- (2) However, the Minister must not give a direction under subsection (1) in relation to an application for a development proposal in the code track.

- (3) The planning and land authority must give a copy of the Minister's direction in relation to a development application to each entity to whom the application—
- (a) is required to be referred, or has been referred, under—
 - (i) section 127A (Impact track—referral of matter protected by the Commonwealth to Commonwealth); or
 - (ii) section 147A (Development applications involving protected matter to be referred to conservator); or
 - (iii) section 148 (Some development applications to be referred); and
 - (b) would be required to be referred under section 148 but for section 148 (2).
- (4) If the Minister gives a direction under subsection (1) in relation to an application, the planning and land authority—
- (a) must take no further action that would lead to a decision by the authority on the application; but
 - (b) may continue to take procedural steps in relation to the application, unless the Minister's direction under subsection (1) directs the authority not to take a procedural step.

Examples—procedural steps

- 1 referring the application to an entity under s 147A or s 148
- 2 public notification under div 7.3.7 (Extensions of time for deciding development applications)

- (5) When complying with the direction under subsection (1), the planning and land authority must also give the Minister—
- (a) the information and documents received by the authority in relation to the application, including any advice given to the authority as a result of referral under—
 - (i) section 127A; or
 - (ii) section 147A; or
 - (iii) section 148; and
 - (b) any other relevant information and documents held by the authority.

158A Minister to consider level of consultation before considering development applications

- (1) The Minister must not consider an application referred to the Minister under section 158 (1) unless the Minister is satisfied that the level of community consultation carried out by the proponent of the development proposal to which the application relates is sufficient to allow the Minister to form an opinion under section 159 (2).
- (2) In making a decision under subsection (1), the Minister—
 - (a) must consider the following:
 - (i) the nature of the development proposal;
 - (ii) whether the proponent has undertaken community consultation in accordance with section 138AE (Community consultation for certain development proposals);
 - (iii) whether the authority has publicly notified the development application under division 7.3.4 (Public notification of development applications and representations) and, if so, the kind of the notification;

- (iv) if the authority has publicly notified the application under division 7.3.4, any representations the authority has received in response to the notification;
- (v) the level of community awareness, discussion and debate in relation to the development proposal;
- (vi) the information and documents given to the Minister by the planning and land authority under section 158 (5) and section 158B (2) (b) (if any); and

Examples—par (vi)

- 1 information about whether the proponent carried out community consultation other than in accordance with s 138AE
 - 2 the written notice required under s 138AE (4)
 - 3 information about the outcome of community consultation carried out by the proponent
 - 4 any advice received from an entity under s 149
- (b) may consider any other relevant information.

158B Action if insufficient community consultation

- (1) This section applies if—
- (a) an application is referred to the Minister under section 158 (1) (Direction that development applications be referred to Minister); and
 - (b) the Minister is not satisfied that the proponent of the development proposal to which the application relates has undertaken sufficient community consultation in relation to the proposal.

(2) The Minister must—

- (a) refer the application back to the planning and land authority for further action and decision; or
- (b) direct the authority to do either or both of the following:
 - (i) extend the public notification period under section 156 (3) (Representations about development applications) for a stated period and, if the Minister considers it necessary, tell stated people about the extended notification period;
 - (ii) ask the proponent, under section 141 (Authority may require further information—development applications), to give the authority stated further information in relation to the development application.

Example

information about community attitudes towards the development proposal

- (3) The authority must give the Minister any additional information and documents it receives under subsection (2) (b).

159 Minister may decide to consider development applications

- (1) This section applies in relation to an application—
 - (a) referred to the Minister under section 158 (Direction that development applications be referred to Minister); and
 - (b) in relation to which the Minister is satisfied that the level of community consultation carried out by the proponent of the development proposal to which the application relates is sufficient to allow the Minister to form an opinion under subsection (2).

- (2) The Minister may decide to consider the application if, in the Minister's opinion—
- (a) the application raises a major policy issue; or
 - (b) the application seeks approval for a development that may have a substantial effect on the achievement or development of the object of the [territory plan](#) as set out in the statement of strategic directions and objectives for each zone to which the application relates; or
 - (c) the approval or refusal of the application would provide a substantial public benefit.
- (3) If the Minister is satisfied that the Minister should not consider the application, the Minister must refer the application back to the planning and land authority for decision.

Note Section 162 applies to an application referred back to the planning and land authority under s (3) (see s 162 (5)).

160 Minister decides to consider referred development applications

- (1) This section applies if the Minister decides under section 159 to consider an application referred to the Minister.
- (2) The Minister must—
- (a) tell the planning and land authority about the decision to consider the application; and
 - (b) tell the applicant in writing about the decision and the grounds on which the decision was made; and
 - (c) ensure that the Minister has the comments of the authority on the application; and
 - (d) approve or refuse the application under section 162 (Deciding development applications).

- (3) A notice under subsection (2) (a) is a notifiable instrument.

Note A notifiable instrument must be notified under the [Legislation Act](#).

- (4) A notice under subsection (2) (a) must be notified under the [Legislation Act](#) not later than 15 working days after the day it is given.

161 After Minister decides referred development applications

- (1) This section applies if the Minister decides an application under section 162.
- (2) Not later than 3 sitting days after the day the Minister decides the application, the Minister must present to the Legislative Assembly a statement containing—
- (a) a description of the development to which the application relates; and
 - (b) details of the land where the development is proposed to take place; and
 - (c) the applicant's name; and
 - (d) details of the Minister's decision; and
 - (e) the grounds for the decision; and
 - (f) a summary of community consultation under section 138AE and section 158B (2) (b) (if any).

Division 7.3.6 Deciding development applications

162 Deciding development applications

- (1) The planning and land authority or, for a development application that the Minister decides to consider under division 7.3.5 (Ministerial call-in power for development applications), the Minister, must—
- (a) approve a development application; or
 - (b) approve a development application subject to a condition; or

(c) refuse a development application.

Note 1 For provisions about conditions, see s 165. Also, a development application to vary a lease granted as a concessional lease by surrender and regrant of the lease as a market value lease is subject to a condition (see s 262).

Note 2 Notice of a decision under s (1) must be given under div 7.3.8.

Note 3 If a development application has been referred to an entity under s 147A or s 148, the notice of the decision under this section must include information about any comment by the entity and whether the authority followed the entity's advice (see s 170 (3) (c) and s 172).

Note 4 The criteria for a decision on an application to vary a lease granted as a concessional lease are in div 9.4.2.

Note 5 An applicant and, in some cases, other people may have a right to apply for review of a decision under s (1) (see ch 13 and sch 1). However, the right to apply for legal review of a decision by the Minister is time-limited (see s 410).

(2) However, the planning and land authority or Minister may only decide the application if—

(a) for a concurrent development application—the concurrent process is completed; or

Note Under s 147AA, a **concurrent development application** means an application for development approval that is made under s 137AA, or that is accompanied by 1 or more of the following:

- (a) if the application is made under s 137AA—the draft plan variation that gives effect to the anticipated [territory plan](#) variation;
- (b) if the application is made under s 137AD—the proposed technical amendment;
- (c) if a draft EIS is lodged with the application—the draft EIS;
- (d) if an application for an EIS exemption is lodged with the development application—the EIS exemption application.

- (b) for a development application made under section 137AB (Applications in anticipation of territory plan variation—made after draft plan variation prepared)—the draft plan variation has commenced under section 83 or section 84.
- (3) Also, the planning and land authority or Minister must refuse a development application to which division 9.4.2 (Varying concessional leases to remove concessional status) applies if the Minister decides under section 261 that considering the application is not in the public interest.
- (4) The planning and land authority or Minister must take action under subsection (1) in relation to a development application not later than the end of the prescribed time period for the application.
- (5) To remove any doubt, the time for deciding a development application is not affected by—
 - (a) the referral of the application to the Minister by the planning and land authority under section 158; or
 - (b) the referral of the application back to the authority by the Minister under section 159.

(7) In this section:

completed concurrent process—a ***concurrent process is completed*** if a concurrent development application is lodged and—

- (a) if the application is made under section 137AA (Applications in anticipation of territory plan variation—made before draft plan variation prepared)—the draft plan variation has commenced under section 83 or section 84; or

Note For a development application made under s 137AA, the planning and land authority or Minister is taken to have refused the application if a consultation notice for a draft plan variation that gives effect to the anticipated variation is not notified under s 63 within 6 months after the development application is made (see s 137AA (3)).

- (b) if the application is made under section 137AD (Applications for development encroaching on adjoining territory land if development prohibited)—the plan variation has commenced under section 89; or

- (c) if the application is lodged with—

- (i) a draft EIS—the EIS has been completed; or
(ii) an EIS exemption application for the development proposal for the application—the EIS exemption has been granted under section 211H.

prescribed time period, for a development application, means—

- (a) the period set out in part 7.2 (Assessment tracks for development applications) for deciding an application for a development proposal in the assessment track that applies to the proposal; or

- (b) if the period mentioned in paragraph (a) is extended under division 7.3.7—the period mentioned in paragraph (a) plus each extension that applies to the application under division 7.3.7.

Note The time for deciding a development application is 20 working days for a development proposal in the code track (see s 118), 30 or 45 working days for a development proposal in the merit track (see s 122) or different periods for a development proposal in the impact track (see s 131).

regulated tree—see the *Tree Protection Act 2005*, section 10.

163 Power to approve etc development applications deemed refused

- (1) This section applies if—

- (2) The planning and land authority or, if the Minister has decided to consider the application under division 7.3.5, the Minister, may approve the application, or approve the application subject to a condition, under section 162 despite the ending of the time for deciding the application.
- (3) To remove any doubt, if neither the planning and land authority nor the Minister has decided an application under section 162, the authority is taken to have decided to refuse the application under the *ACT Civil and Administrative Tribunal Act 2008*, section 12 (When no action taken to be decision).

Note Because a decision of the ACAT on review is taken to have been a decision of the original decision-maker, the planning and land authority or Minister will not be able to approve an application if the ACAT has decided an application for review of the deemed refusal (see *ACT Civil and Administrative Tribunal Act 2008*, s 69).

164 Refusal does not affect existing use

The refusal of a development application in relation to the use of land does not affect an existing use of the land.

 - (b) is not inconsistent with an approval under subsection (3) (p).

165A Lease to be varied to give effect to development approval

- (1) This section applies if—
- (a) the planning and land authority or the Minister approves a development application under section 162; and
 - (b) the development consists of or includes a lease variation.
- (2) The planning and land authority must vary the lease in accordance with the terms of the approval.

- (b) requiring an offset to compensate for the likely impact of the development on the protected matter.

Note **Significant** adverse environmental impact—see s 124A.

Offset, for a development—see s 111C.

An offset must be consistent with the offsets policy (see s 111S).

- (3) An offset condition, for a development approval, may include a requirement that—
 - (a) if the offset land is not the development approval land—the lease for the offset land be subject to a condition requiring the lessee of the offset land to comply with an offset management plan for the offset; and

Note 1 **Development approval land**, for a development approval and **offset land**, for an offset—see s (4).

Note 2 To satisfy an offset condition with this kind of requirement, another development approval may be needed to vary the lease for the offset land to include a condition on the lease for the offset land that the lessee must comply with the offset management plan.

(b) if the offset is to be on public land—

- (i) a new public land management plan for the land be prepared, including stated matters; or

 - (b) someone deals with the affected lease;
 - (c) a further lease is granted for the affected lease on application under section 254, whether the grant happens immediately after the expiry of the affected lease or otherwise;

- (d) for a declared unit title lease—a further lease is granted under the *Unit Titles Act 2001*, section 167AA.

Examples of use not being continuous for par (a)

Division 7.3.10 Reconsideration of decisions on development applications

190 Definitions—div 7.3.10

In this division:

original application—see section 191 (1) (a).

original decision—see section 191 (1) (a).

reconsideration application—see section 191 (3).

191 Applications for reconsideration

- (1) This section applies if—
 - (a) a development application, or an application for amendment of a development approval, (the *original application*) has been approved subject to a condition or refused (the *original decision*) by the planning and land authority; and
 - (b) an application has not previously been made under this section for reconsideration of the original decision; and
 - (c) the ACAT has not decided an application for review of the original decision.
- (2) However, this section does not apply in relation to—
 - (a) the refusal of a development application, or an application for amendment of a development approval, in the code track; or
 - (b) the refusal of a development application to which division 9.4.2 (Varying concessional leases to remove concessional status) applies if the Minister decides that considering the application is not in the public interest.
- (3) The applicant for the original application may apply (the *reconsideration application*) for reconsideration of the original decision.
- (4) The reconsideration application must—
 - (a) be in writing signed by the applicant; and
 - (b) if the application is made by someone other than the lessee of the land to which the application relates and the land is not unleased—also be signed by the lessee of the land.

- (5) The reconsideration application must be made not later than—
- (a) 20 working days after the day the applicant is told about the original decision by the planning and land authority; or
 - (b) any longer period allowed by the planning and land authority.

Note The planning and land authority may extend the period after the end of the period being extended (see [Legislation Act](#), s 151C (3)).

- (6) The reconsideration application must set out the grounds on which reconsideration of the original decision is sought.

Note Making an application under this section stays the operation of the decision for which reconsideration is sought.

192 Notice to ACAT of reconsideration application

- (1) This section applies if—
- (a) a development application, or an application for amendment of a development approval, (the *original application*) has been approved subject to a condition or refused (the *original decision*) by the planning and land authority; and

 - (c) the person also applies to the ACAT for review of the original decision, whether before or after applying for reconsideration; and
 - (d) the ACAT gives the planning and land authority notice of the application for review.
- (2) The planning and land authority must tell the ACAT in writing about the application for reconsideration.

193 Reconsideration

- (1) If the planning and land authority receives a reconsideration application, the authority must—
 - (a) reconsider the original decision; and
 - (b) not later than 20 working days after the day the authority receives the application—
 - (i) make any decision in substitution for the original decision that the authority could have made on the original application; or
 - (ii) confirm the original decision.
- (2) However, the planning and land authority must not take action under subsection (1) (b) if the ACAT has decided an application for review of the original decision.
- (3) Also, the planning and land authority may only reconsider the original decision to the extent that the development proposal approved or refused in the original decision or part of the original decision—
 - (a) is subject to a rule and does not comply with the rule; or
 - (b) is not subject to a rule.
- (4) The 20 working days mentioned in subsection (1) may be extended for a stated period by agreement between the planning and land authority and the applicant.
- (5) In reconsidering the original decision, the planning and land authority—
 - (a) need not publicly notify the reconsideration application under division 7.3.4; but

- (b) must give written notice of the reconsideration application to anyone who made a representation under section 156 about the original application, allow the person reasonable time (that is not shorter than 2 weeks) to make a representation on the reconsideration application, and consider any representation made within the time allowed.
- (6) Also, in reconsidering the original decision, the planning and land authority—
 - (a) must consider any information available to the authority when it made the original decision and information given in the reconsideration application; and
 - (b) may consider any other relevant information.

Example of other relevant information

information from representations

- (7) The planning and land authority must ensure that, if the original decision is made on the authority's behalf by a person (the ***original decision-maker***), the authority or someone other than the original decision-maker reconsiders the decision.

194 No action by authority within time

If the planning and land authority does not make a substitute decision, or confirm the original decision, by the end of the 20 working days, or the 20-working day period as extended by agreement, mentioned in section 193, the authority is taken to have confirmed the original decision.

195 Notice of decisions on reconsideration

As soon as practicable after reconsidering the original decision, the planning and land authority must give written notice of the decision on the reconsideration to—

- (a) the applicant; and
- (b) anyone who was given notice of the reconsideration application under section 193 (5) (b); and
- (c) if the original decision was an approval subject to conditions and the authority gave the registrar-general notice of the approval—the registrar-general.

Note If the notice is given to a person who may apply to the ACAT for review of the decision to which it relates, the notice must be a reviewable decision notice (see s 408).

Division 7.3.11 Correction and amendment of development approvals

195A Meaning of *decision-maker*—div 7.3.11

In this division:

decision-maker, for a development approval means—

- (a) if the planning and land authority has approved a development application under section 162 (Deciding development applications)—the planning and land authority; or
- (b) if the Minister has approved a development application under section 162—the Minister.

196 **Correcting development approvals**

- (1) The planning and land authority may, on its own initiative or on application, correct a formal error in a development approval.
- (2) If the planning and land authority corrects a development approval, the authority must give the approval holder, or if there is more than 1, each approval holder, written notice about the correction.

Note *Approval holder*—see dict.

197 **Applications to amend development approvals**

- (1) This section applies if—
 - (a) the decision-maker has given development approval for a development proposal; and
 - (b) the development proposal changes (the ***changed development proposal***) so that it is not covered by the development approval; and
 - (c) section 198C (When development approvals do not require amendment) does not apply to the changed development proposal.

Note If the development proposal changes in accordance with the development approval condition requiring the change, the change is covered by the approval, so this section does not apply.

- (2) An approval holder may apply to the decision-maker to amend the development approval so that it approves the changed development proposal.

- (3) An application under subsection (2) must—
- (a) be in writing signed by the applicant; and
 - (b) if the application is made by someone other than the lessee of the land to which the application relates, be signed by—
 - (i) if the land to which the application relates is subject to a lease—the lessee of the land; or
 - (ii) if the land to which the application relates is public land or unleased land—the custodian for the land; or
 - (iii) in any other case—the planning and land authority; or
 - (c) if the application relates to land under a land sublease and—
 - (i) the applicant is not the sublessee—also be signed by the sublessee; and
 - (ii) the applicant is not the Crown lessee—also be signed by the Crown lessee.
- (4) A person who signs an application under subsection (3) (b) (i) or (c) is taken to be an applicant in relation to the application.

198 Deciding applications to amend development approvals

- (1) In deciding whether to amend a development approval in accordance with an application under section 197, the decision-maker must consider the application, and take action in relation to the application, as if—
- (a) the development originally approved had been completed; and

- (b) the application for amendment were an application for approval of a development proposal (the *proposed development*) to change the completed development to give effect to the amendment.

Example

Philip has development approval (the *original approval*) to build a house. Philip starts to build the house, but discovers that he needs an extra room in the house. He applies to amend the original approval.

In considering whether to amend the original approval, the planning and land authority must treat the application to amend as if the house has been built in accordance with the original approval, and the application is for approval to add an extra room. This means the authority must assess the application in the assessment track that would apply to an application to add an extra room, and any requirement to notify agencies or publish the application would have to be followed.

Note 1 A decision of the planning and land authority to amend a development approval subject to a condition, or refuse to amend a development approval, may be reconsidered under pt 7.3.10 (see s 191 (1) (a)). The approval holder may apply for review of a decision under s 193 (1) (b) (ii) to confirm the original decision (see sch 1, item 13).

Note 2 The decision-maker must decide whether to amend the development approval as soon as possible (see [Legislation Act](#), s 151B).

Note 3 The Minister may delegate the decision to the planning and land authority (see [Legislation Act](#), s 254A).

- (2) However, section 162 (4) (Deciding development applications) does not apply to the application.
- (3) If the decision-maker is the Minister, the Minister may ask the planning and land authority to prepare a report for the Minister in relation to the application on anything the Minister considers relevant.
- (4) The Minister may, in deciding to amend or to refuse to amend a development approval, consider the report prepared by the planning and land authority.

- (5) The decision-maker must refuse to amend the development approval if satisfied that—
- (a) if the original proposal was in the code track—the changed development proposal would be in the merit track or impact track; or
 - (b) if the original proposal was in the merit track—the changed development proposal would be in the impact track; or
 - (c) the changed development proposal would be in breach of a condition on the approval—
 - (i) imposed (rather than confirmed or varied) by a court or tribunal; or
 - (ii) relating to a conditional environmental significance opinion; or

Note 1 **Conditional environmental significance opinion**—see s 138AB (4) (b).

Note 2 If a conditional environmental significance opinion has been given for a development, the development approval must include a condition that the development comply with the condition in the environmental significance opinion (see s 165 (2) (d)).

- (d) if the original development approval included an offset condition—the offset condition on the approval as amended would not provide an offset at least equivalent to the offset provided by the original approval.

Note **Offset condition**, for a development approval—see s 165B.

- (6) Also, the decision-maker must refuse to amend a development approval unless satisfied that, after the amendment, the development approved will be substantially the same as the development for which approval was originally given.

- (7) To remove any doubt, only the application for the amendment need be publicly notified if—
- (a) public notification of the proposed development is required under the assessment track that applies to the proposed development; and
 - (b) the requirement to publicly notify the application is not waived under section 198B.

198A Exception to referral requirement under s 198 (1) (b)

- (1) This section applies if—
- (a) a development application was referred to an entity under—
 - (i) section 127A (Impact track—referral of matter protected by the Commonwealth to Commonwealth); or
 - (ii) section 147A (Development applications involving protected matter to be referred to conservator); or
 - (iii) section 148 (Some development applications to be referred); and
 - (b) an application for amendment of the development approval to which the development application related must be referred to the entity under section 198 (1) (b); and

Note 1 Under s 198 (1) (b), an application for amendment is deemed to be an application for development approval, which would ordinarily require the application to be referred to relevant entities under s 127A, s 147A or s 148.

Note 2 For the referral requirement, see s 145.

- (c) the decision-maker is satisfied that the application for amendment does not affect any part of the development approval in relation to which the entity made a comment.
- (2) Despite section 198 (1) (b), the decision-maker need not refer the application for amendment to the entity.

198B Waiver of notification requirement under s 198 (1) (b)

Despite section 198 (1) (b), the decision-maker may waive the requirement to publicly notify an application for amendment of a development approval if satisfied that—

- (a) no-one other than the applicant will be adversely affected by the amendment; and
- (b) the environmental impact caused by the amendment will do no more than minimally increase the environmental impact of the development.

Note For the notification requirement, see s 146.

198C When development approvals do not require amendment

- (1) This section applies if—
 - (a) the decision-maker has given development approval for a development proposal; and
 - (b) the development proposal changes (the ***changed development proposal***) so that it is not covered by the development approval; and
 - (c) a circumstance prescribed by regulation under subsection (3) applies.
- (2) The changed development proposal is taken to be in accordance with the development approval.
- (3) A regulation may prescribe circumstances for subsection (1) (c).

Note 1 The development may still need building approval, or further building approval, under the [Building Act 2004](#).

Note 2 The development must also comply with the lease for the land on which it is carried out.

 - (i) before the day the defendant started to undertake the development, a building approval or approval of amended building work plans under the *Building Act 2004* for which development approval was required was issued; and
 - (ii) the building work was carried out when the building approval, or the approval for the amended plans, was in force; and

- (iii) the defendant was not aware, and could not reasonably have been aware, that the building approval, or the approval of the amended plans, should not have been issued without development approval.

Note See the [Building Act 2004](#), s 28 (for issue of building approvals) and s 32 (for amendment of approved plans).

- (7) To remove any doubt, this section does not apply to development that is lawful because of section 203 or section 204.

Note A person also commits an offence if the person occupies or uses, or allows someone else to occupy or use, a building, or part of a building, if a certificate of occupancy has not been issued for the building or part of the building (see [Building Act 2004](#), s 76 (1)).

Note Section 137 and s 201 disapply s (1) to (4) in certain cases.

- (5) An offence against subsection (4) is a strict liability offence.
- (6) To remove any doubt, this section does not apply to development that is lawful—
- (a) because of section 201, section 203 or section 204; or
 - (b) because it is in accordance with a development approval granted on an application mentioned in section 137 (2).

201 Development authorised by approval before prohibition

- (1) This section applies if—
- (a) a person undertakes development; and
 - (b) the development is in accordance with a development approval given in relation to the development; and
 - (c) the development becomes prohibited.

- (2) Section 200 (1) to (4) does not apply to the development if it is undertaken in accordance with the development approval, despite any other provision of this Act.

Note 1 The development may still need building approval, or further building approval, under the [Building Act 2004](#).

Note 2 A reference to an Act includes a reference to the statutory instruments made or in force under the Act, including any regulation (see [Legislation Act](#), s 104).

202 Offence to develop other than in accordance with conditions

- (1) A person commits an offence if—

Maximum penalty: 60 penalty units.

- (2) An offence against subsection (1) is a strict liability offence.

203 Development other than use lawful when begun

- (1) This section applies if—
- (a) a development, other than a development that is a use, is exempt from requiring development approval under a development table or by regulation; and
 - (b) a person undertakes, or begins, the development; and

- (c) after the person undertakes, or begins, the development, the development stops being exempt because of an amendment of this Act.

Note A reference to an Act includes a reference to the statutory instruments (eg the [territory plan](#)) made or in force under the Act, including any regulation (see [Legislation Act](#), s 104).

- (2) The development is lawful despite any other provision of this Act.

204 Use as development lawful when begun

- (1) This section applies to the use of land, or a building or structure on the land, if—

- (a) the use, when it began, was exempt from requiring development approval in a development table or by regulation; and
- (b) the use is authorised by—
 - (i) a lease (the *affected lease*) for the land; or
 - (ii) a licence under this Act; or
 - (iii) a sign approval or work approval under the [Public Unleased Land Act 2013](#); or
 - (iv) a public unleased land permit under the [Public Unleased Land Act 2013](#); or
 - (v) section 247; and
- (c) the use stops being exempt because of an amendment of this Act.

Note A reference to an Act includes a reference to the statutory instruments (eg the [territory plan](#)) made or in force under the Act, including any regulation (see [Legislation Act](#), s 104).

- (2) Also, this section applies in relation to a use of land, or a building or structure on the land, even if 1 or more of the following apply in relation to the use:

- (a) the use is not continuous;

- (b) someone deals with the affected lease;
 - (c) a further lease is granted for the affected lease on application under section 254, whether the grant happens immediately after the expiry of the affected lease or otherwise.
- (3) However, this section does not apply in relation to the use of land, or a building or structure on the land, if—
- (a) the affected lease is surrendered (other than under section 254) or terminated; or
 - (b) the use is authorised by a relevant authorisation and the relevant authorisation ends—
 - (i) whether on expiry or otherwise; and
 - (ii) even if renewed; or
 - (c) the affected lease expires and no application is made under section 254 for a further lease.

Note A person may apply for the grant of a further lease not later than 6 months after the expiry of the affected lease (see s 254 (1) (c)).

- (4) The use of the land, or building or structure, is lawful while authorised by a lease for the land, a licence, an approval, a permit or section 247, despite any other provision of this Act.
- (5) In this section:

deal with a lease—see section 234.

relevant authorisation means—

- (a) a licence under this Act; or
- (b) a sign approval or work approval under the *Public Unleased Land Act 2013*; or
- (c) a public unleased land permit under the *Public Unleased Land Act 2013*.

205 Development applications for developments undertaken without approval

- (1) This section applies if—
 - (a) a development has been undertaken; and
 - (b) development approval was required for the development; and
 - (c) there was no development approval for the development.
 - (2) If the development becomes an exempt development—
 - (a) the development is taken to have been an exempt development since the development was started; but
 - (b) the exemption of the development does not affect any proceeding under this part, whether or not the proceeding starts before the development became exempt.
 - (3) The lessee of the land (or for land under a land sublease, the sublessee) where the development was undertaken may apply for approval for the development under part 7.3 (Development applications).
 - (4) The planning and land authority must treat an application for development approval for the development as if the development had not been undertaken, subject to section 139 (2) (n) (Form of development applications).
- Note* Development applications (including an application to which this section applies) are decided under s 162.
- (5) To remove any doubt, the making of an application for approval of a development to which this section applies, or the approval of the application, does not affect any proceeding under this part, whether or not the proceeding starts before the making or approval of the application.

Notes to ch 8

Fees may be determined under s 424 for provisions of this chapter.

If a form is approved under s 425 for a provision of this chapter, the form must be used.

Under this chapter, applications may be made, and notice may be given, electronically in certain circumstances (see the [Electronic Transactions Act 2001](#)).

Part 8.1 Overview and interpretation— ch 8

205A Overview of EIS process under ch 8

- (1) If this Act requires an environmental impact statement in relation to a development proposal, a development application for the proposal must include a completed EIS or a draft EIS, unless an EIS exemption is in force, or there is an EIS exemption application, for the proposal (see s 127).
- (2) If the proponent of the development proposal applies to the Minister for an EIS exemption (see s 211B), the Minister may grant, or refuse to grant, the exemption (see s 211H).
- (3) If the proponent does not apply for an EIS exemption, or the proponent does apply but the Minister refuses to grant the exemption, the proponent must apply to the planning and land authority for an EIS scoping document (see s 212).
- (4) If the proponent applies to the planning and land authority under section 212, the authority must prepare the scoping document and give the scoping document to the proponent (see s 212 to s 214).
- (5) If the planning and land authority gives a scoping document to the proponent, the proponent must prepare a draft EIS (see s 216).

- (6) The planning and land authority must publicly notify the draft EIS (see s 217 and s 218), and anyone may make a representation about the draft EIS (see s 219) (for a draft EIS that is lodged with a concurrent development application, see also s 147AB and s 147AC).
- (7) The proponent must revise the draft EIS and give the revised EIS to the planning and land authority (see s 221).
- (8) The planning and land authority must consider the EIS (see s 222) and—
 - (a) accept the EIS (see s 222 (2)); or
 - (b) give the proponent an opportunity to revise the EIS (see s 224); or
 - (c) reject the EIS (see s 223 and s 224A).
- (9) If the planning and land authority accepts the EIS, the authority must—
 - (a) give the EIS to the Minister (see s 225); and
 - (b) prepare an EIS assessment report (see s 225A).
- (10) If the planning and land authority gives an EIS to the Minister, the Minister may—
 - (a) if the Minister decides not to present to the Legislative Assembly under section 227 nor establish an inquiry panel under part 8.3—give the authority a notice of no action on the EIS (see s 226); or
 - (b) present the EIS to the Legislative Assembly (see s 227).
- (11) An EIS expires 5 years after the day it is completed (see s 227A).

206 Definitions—ch 8

In this chapter:

proponent, for a development proposal, means the person proposing the proposal.

Note See also s 207.

representation, about a draft EIS, means a representation made about the draft EIS under section 219.

scoping document, for a development proposal—see section 212 (2) (b).

Note For when an EIS is completed, see s 209.

207 Proponents

- (1) The relevant Minister in relation to a defined decision may, in writing, designate a person or territory authority as the proponent in relation to the decision.

- (2) In this section:

defined decision means a decision of the Territory, the Executive, a Minister or a territory authority about a proposal in relation to which a Minister is empowered—

- (a) to direct that an EIS be prepared; or
- (b) to establish an inquiry panel to inquire about the EIS.

Note Inquiry panels are established under pt 8.3.

relevant Minister, means the Minister responsible for the administration of the Act or subordinate law under which—

- (a) in relation to a statement or inquiry—the statement or inquiry is authorised to be prepared or conducted; or
- (b) in relation to a defined decision—the relevant decision is authorised to be made.

208 What is an *EIS* and a *s 125-related EIS*?

- (1) An *EIS* is an environmental impact statement prepared as prescribed by regulation.
- (2) A *s 125-related EIS* is an environmental impact statement prepared for a development proposal in a development application in relation to which the Public Health Act Minister has made a declaration for section 125 (Declaration by Public Health Act Minister affects assessment track).

Note An environmental impact statement is an investigation of the potential impact of a project on the environment. An environmental impact statement is taken into account in deciding development applications but the completion of an environmental impact statement is not itself a development application or a development approval process.

209 When is an *EIS* *completed*?

- (1) For this Act, an *EIS* (other than a *s 125-related EIS*) is *completed* if—
 - (a) the Minister gives the planning and land authority notice under section 226 (Notice of no action on *EIS* given to Minister) in relation to the *EIS*; or
 - (b) the Minister decides not to establish an inquiry panel to inquire about the *EIS*; or
 - (c) the Minister has established an inquiry panel for the *EIS* and—
 - (i) the panel has reported the results of the inquiry; or
 - (ii) the time for reporting under section 230 has ended.
- (2) To remove any doubt, for subsection (1), it does not matter whether or not the Minister intends to present, or has presented, a copy of the *EIS* to the Legislative Assembly under section 227.

209A When is a s 125-related EIS completed?

- (1) For this Act, a s 125-related EIS is *completed* if—
- (a) notice in relation to the EIS is given to the planning and land authority by—
 - (i) the Minister under section 226 (Notice of no action on EIS given to Minister); and
 - (ii) the Public Health Act Minister under the *Public Health Act 1997*, section 134 (3) (b); or
 - (b) at least 15 working days have elapsed since the EIS was given to the Minister and the Public Health Act Minister and—
 - (i) the Minister has not decided, within the 15-day period mentioned in section 228 (1), to establish an inquiry panel to inquire about the EIS; and
 - (ii) the Public Health Act Minister has not decided, within the 15-day period mentioned in the *Public Health Act 1997*, section 134 (4), that an inquiry panel to inquire about the EIS must be established; or
 - (c) both of the following apply:
 - (i) notice in relation to the EIS is given to the authority by—
 - (A) the Minister under section 226; or
 - (B) the Public Health Act Minister under the *Public Health Act 1997*, section 134 (3) (b);

- (ii) at least 15 days have elapsed since the EIS was given to the Minister and the Public Health Act Minister and—
 - (A) if the Minister gave the authority notice in relation to the EIS under section 226—the Public Health Act Minister has not decided, within the 15-day period mentioned in the *Public Health Act 1997*, section 134 (4), that an inquiry panel to inquire about the EIS must be established; or
 - (B) in any other case—the Minister has not decided, within the 15-day period mentioned in section 228 (1), to establish an inquiry panel to inquire about the EIS; or
- (d) the Minister has established an inquiry panel for the EIS and—
 - (i) the panel has reported the results of the inquiry; or
 - (ii) the time for reporting under section 230 has ended.
- (2) To remove any doubt, for subsection (1), it does not matter whether or not the Minister intends to present, or has presented, a copy of the EIS to the Legislative Assembly under section 227.

Part 8.2 Environmental impact statements

Division 8.2.1 EIS exemptions

211 Meaning of *EIS exemption*

In this Act:

EIS exemption, for a development proposal, means an exemption from the requirement to include an EIS in the development application for the proposal.

Note An EIS exemption may be given if a recent study has already addressed the expected environmental impact of a development proposal (see s 211B).

211A Meaning of *recent study*—pt 8.2

In this part:

recent study means a study that is not more than 5 years old.

Note An EIS exemption may be given if a recent study has already addressed the expected environmental impact of a development proposal (see s 211B).

211B EIS exemption application

- (1) This section applies if the expected environmental impact of a development proposal has been addressed by a recent study, whether or not the recent study relates to the particular development proposal.

Note 2 A fee may be determined under s 424 for this provision.

211C EIS exemption application—public consultation

- (1) If the Minister receives an EIS exemption application, the Minister must prepare a notice about the application (a *consultation notice*).
- (2) A consultation notice must—
 - (a) state that—
 - (i) anyone may give a written submission to the Minister about the EIS exemption application; and
 - (ii) submissions may be given to the Minister during a stated period of not less than 15 working days (the *consultation period*); and
 - (b) include the EIS exemption application.
- (3) A consultation notice is a notifiable instrument.

Note A notifiable instrument must be notified under the [Legislation Act](#).

- (4) The Minister must put an electronic link to the EIS exemption application on the authority website during the consultation period.

Note 1 This section is subject to s 411 and s 412.

Note 2 **Authority website**—see the dictionary.

211D EIS exemption application—public submissions

- (1) If the Minister notifies a consultation notice for an EIS exemption application—

- (a) anyone may give a written submission to the Minister about the EIS exemption application; and

Note There are particular matters the Minister must consider (see s 211H (3)).

- (b) the submission may be given to the Minister only during the consultation period for the EIS exemption application; and

Note If an EIS exemption application is lodged with a concurrent development application, a submission about the EIS exemption application must be made in the concurrent consultation period and at the same time as the person makes a representation about the development application (see s 147AC (2)).

- (c) the person making the submission may, in writing, withdraw the submission at any time.

- (2) The Minister may extend the consultation period.

Note The Minister may extend the time even though the consultation period has ended (see [Legislation Act](#), s 151C).

211E EIS exemption application—consultation with entities

- (1) The Minister must consult the entities prescribed by regulation about the EIS exemption application.
- (2) It is sufficient consultation under subsection (1) if the Minister, not later than the day the consultation notice is notified—
 - (a) tells the entity about the consultation notice for the EIS exemption application; and
 - (b) gives the entity a copy of any document the Minister considers relevant to the application.
- (3) An entity is taken to have made no comment on the EIS exemption application if the entity fails to give the Minister a comment within the consultation period.

Note The consultation period may be extended under s 211D (2).

211F EIS exemption application—publication of submissions

If a person or other entity gives the Minister a submission about an EIS exemption application within the consultation period for the application, the Minister must—

- (a) make a copy of the submission available on the authority website until—
 - (i) if the submission is withdrawn before the consultation period ends—the submission is withdrawn; or
 - (ii) the consultation period ends; and
- (b) give a copy of the submission to the proponent of the development proposal.

Note 1 This section is subject to s 411 and s 412.

Note 2 **Authority website**—see the dictionary.

211G EIS exemption application—revision

- (1) This section applies if the consultation period for an EIS exemption application has ended.

Note The consultation period may be extended under s 211D (2).

- (2) The proponent of the development proposal must—
- (a) consider any submissions received during the consultation period; and
 - (b) make any revisions to the EIS exemption application that the proponent considers appropriate; and
 - (c) give the revised application to the Minister.
- (3) The revised application must—
- (a) if a submission about the application is made within the consultation period—address each matter raised in the submission; and
 - (b) if no submissions about the application are made within the consultation period—include a statement to that effect.

211H EIS exemption—decision

- (1) This section applies if the proponent of a development proposal gives the Minister a revised EIS exemption application under section 211G (2) (c).

- (2) The Minister may grant an EIS exemption for the proposal if satisfied that the expected environmental impact of the development proposal has already been sufficiently addressed by a recent study, whether or not the recent study relates to the particular development proposal.

Examples—recent study that may sufficiently address the expected environmental impact of a development proposal

- a report about the ecological value of an area
 - an environmental impact statement under the *Environment Protection and Biodiversity Conservation Act 1999* (Cwlth), pt 8 (Assessing impacts of controlled actions)
 - an endorsed policy, plan or program under the *Environment Protection and Biodiversity Conservation Act 1999* (Cwlth), pt 10 (Strategic assessments)
- (3) In deciding whether the environmental impact of the development proposal has been sufficiently addressed by the recent study, the Minister must consider—
- (a) whether the recent study was conducted by an appropriately qualified person with relevant expertise and experience in relation to the environmental values of the land in the proposal; and
 - (b) if the recent study does not relate directly to the proposal—whether there is sufficient detail to allow assessment of the environmental impacts likely to occur if the proposal proceeds; and
 - (c) whether the part of the recent study relevant to the proposal required public consultation through a statutory process or as part of a government policy development; and

Example

the public consultation process in a [territory plan](#) variation under pt 5.3

- (d) if the recent study is more than 18 months old—whether the Minister is satisfied that the information in the study is current; and
 - (e) any submissions received during the consultation period for the EIS exemption application.
- (4) An EIS exemption may be conditional.
- (5) An EIS exemption is a notifiable instrument.

Note A notifiable instrument must be notified under the [Legislation Act](#).

- (6) The Minister must put an electronic link to the EIS exemption on the authority website.

Note **Authority website**—see the dictionary.

211I EIS exemption—expiry

An EIS exemption expires—

- (a) if the recent study is an environmental impact statement prepared under the [Environment Protection and Biodiversity Conservation Act 1999](#) (Cwlth), part 8 (Assessing impacts of controlled actions) and approval of action in relation to the development has been given under that Act, part 9 (Approval of actions)—when the approval expires, or 5 years after the day the exemption is notified, whichever happens later; or
- (b) if the recent study is an endorsed policy, plan or program under the [Environment Protection and Biodiversity Conservation Act 1999](#) (Cwlth), part 10 (Strategic assessments) and approval of action in relation to the development has been given under that Act, part 10—when the approval expires, or 5 years after the day the exemption is notified, whichever happens later; or

- (c) in any other case—
 - (i) 5 years after the day it is notified; or
 - (ii) if a later day is prescribed by regulation—the later day.

Note Power to make a statutory instrument (including a regulation) includes power to make different provision in relation to different matters or different classes of matters, and to make an instrument that applies differently by reference to stated exceptions or factors (see [Legislation Act](#), s 48).

Division 8.2.2 Scoping of EIS

212 Scoping of EIS

- (1) A proponent of a development proposal must apply to the planning and land authority under this section if—
 - (a) an EIS, whether completed or draft, is required for the proposal; and
 - (b) the proponent has—
 - (i) not applied for an EIS exemption for the proposal; or
 - (ii) applied for an EIS exemption for the proposal, but the Minister has refused to grant the EIS exemption under section 211H.

Note 1 A development application for a development proposal in the impact track must include either a completed EIS or a draft EIS, unless there is an EIS exemption, or an EIS exemption application, for the proposal (see s 127).

Note 2 If a form is approved under s 425 for this provision, the form must be used.

- (2) The planning and land authority must—
- (a) identify the matters that are to be addressed by an EIS in relation to the development proposal; and
 - (b) prepare a notice (the *scoping document*) of the matters.

Note The time for giving a scoping document to the applicant is set out in s 214.

- (3) A scoping document is a notifiable instrument.

Note A notifiable instrument must be notified under the [Legislation Act](#).

Note The costs may be recovered in a court of competent jurisdiction or the ACAT (see [Legislation Act](#), s 177).

- (d) to contribute to the export earnings and import replacement of the ACT or region;
- (e) to facilitate the achievement of a major policy objective.

single dwelling house—see the [territory plan](#).

241 Direct sale if single person in restricted class

- (1) This section applies if—
 - (a) under section 239 (Eligibility for grant of lease), the planning and land authority restricts the people eligible to apply for a lease; and
 - (b) only 1 person is eligible for the grant of the lease.
- (2) The planning and land authority may grant the lease to the person under section 238 (1) (d) without auctioning the lease, calling for tenders or holding a ballot.

242 Notice of direct sale

- (1) The planning and land authority must, not later than 10 working days after the end of a quarter, give the Minister—
 - (a) a statement of—
 - (i) the number of single dwelling house leases granted during the quarter; and
 - (ii) any other information prescribed by regulation for single dwelling house leases; and

- (b) a statement that sets out the prescribed information for each other direct sale lease granted during the quarter; and
- (c) a copy of each other direct sale lease granted during the quarter.
- (2) The Minister must present the documents given under subsection (1) to the Legislative Assembly not later than 5 sitting days after the day the Minister receives the information.
- (3) To remove any doubt, the validity of a single dwelling house lease or other direct sale lease is not affected by a failure to comply with subsection (1) or (2) in relation to the lease.
- (4) In this section:

other direct sale lease means a lease granted by direct sale, other than a single dwelling house lease.

Note *Single dwelling house lease*—see s 234.

prescribed information, for an other direct sale lease, means—

- (a) the amount (if any) paid for the grant of the lease; and
- (b) if the lease was granted with the approval of the Executive under section 240 (2)—the reason for granting the lease with the approval of the Executive.

243 Direct sale leases subject to agreed provisions

A lease granted under section 238 (1) (d) must be granted subject to the provisions that are agreed between the planning and land authority and the applicant for the lease.

244 Authority need not grant lease

- (1) The planning and land authority need not grant a lease to an applicant, even if applications for the lease have been invited.
- (2) If applications for a lease have been invited subject to conditions, the planning and land authority may, without granting a lease, invite fresh applications for the lease subject to the same or other conditions.

245 Planning report before granting leases

- (1) The planning and land authority may, but need not, prepare a planning report in relation to a proposal to grant a lease.
- (2) The planning and land authority must prepare a planning report in relation to a proposal to grant a lease if directed in writing to do so by the Minister.

246 Payment for leases

- (1) The planning and land authority must not grant a lease other than for payment of an amount that is not less than the market value of the lease.

Note **Lease**—see s 235.

- (2) However, subsection (1) does not apply in relation to—
 - (a) a rental lease granted for not less than the market rental value of the lease; or

Note **Rental lease**—see s 234.

- (b) a land rent lease; or
 - (c) a lease mentioned in section 246A (Payment for adjoining concessional leases); or
 - (d) a further lease granted under section 254 (Grant of further leases); or
 - (e) a lease mentioned in section 461A (Payment for leases to community organisations); or
 - (f) the grant of a lease prescribed by regulation for which the amount prescribed by regulation has been paid.
- (3) To remove any doubt, an entity pays an amount that is not less than the market value of a lease if—
 - (a) the entity pays less than the market value of the lease (the **monetary component**); and

- (b) the entity provides another component (a ***non-monetary component***) comprising—
 - (i) infrastructure, or other work, in relation to the lease or another lease; or
 - (ii) 1 or more of the following under a deed or agreement with the Territory or a Territory authority:
 - (A) goods;
 - (B) services;
 - (C) works; and
 - (c) the total value of the monetary component and the non-monetary component is not less than the market value of the lease.
- (4) To remove any doubt, for a lease prescribed for subsection (2) (f), an entity pays the amount prescribed by regulation for the lease if—
- (a) the entity pays less than the amount prescribed for the lease (the ***monetary component***); and
 - (b) the entity provides another component (a ***non-monetary component***) comprising—
 - (i) infrastructure, or other work, in relation to the lease or another lease; or
 - (ii) 1 or more of the following under a deed or agreement with the Territory or a Territory authority:
 - (A) goods;
 - (B) services;
 - (C) works; and
 - (c) the total value of the monetary component and the non-monetary component is not less than the amount prescribed for the lease.

- (5) The validity of a lease granted by the planning and land authority is not affected by a failure to comply with this section.

246A Payment for adjoining concessional leases

- (1) This section applies if—
- (a) a person applies for the grant of a lease (a *new lease*) (whether before or after 31 March 2008); and
 - (b) the new lease adjoins another lease (an *original lease*) granted to the person; and
 - (c) the original lease is a concessional lease.
- (2) The planning and land authority may grant the new lease on payment of an amount worked out in the way the amount payable for the original lease was worked out.
- (3) If the amount payable for the original lease was worked out under the repealed Act, the repealed Act applies to working out the amount payable for the new lease as if the repealed Act had not been repealed.
- (4) In this section:

repealed Act means the [Land \(Planning and Environment\) Act 1991](#).

247 Use of land for leased purpose

- (1) Territory land, or a building or structure on the land, in relation to which a lease has been granted, whether before or after the commencement of this part, must not be used for a purpose other than a purpose authorised by the lease.

Note Beginning a use of land, or a building or structure on the land, is development and may require development approval (see s 7, def *development*, par (d) and s 8, def *use*, par (a)).

- (2) However, if the lease is a residential lease, the land may also be used for home business.

Note While the use of a residential lease for a home business is authorised, the use of the land for a home business is not exempt from requiring development approval unless the use is an exempt development (see div 7.2.6).

- (3) In this section:

home business, carried on on land subject to a residential lease, means a profession, trade or other occupation carried on by a resident of the land.

248 Access to leased land from roads and road related areas

- (1) The planning and land authority must not grant a lease unless satisfied that, during the term of the lease, the lessee will have—
- (a) direct access to the leased land from a road or road related area; or
 - (b) access to the leased land from a road or road related area by way of an access road or track, or in another way, that the lessee may use for entry or exit only, without charge and at any hour of the day or night.
- (2) Access provided because of subsection (1) (b)—
- (a) must not interfere with a building, garden or stockyard on the land (the **affected land**) through which the access is provided at the time the access is provided; and
 - (b) must be located in a way that causes as little damage or inconvenience to the lessee of the affected land as possible.
- (3) The validity of a lease granted under this part is not affected by a failure to comply with this section.

- (4) In this section:

road—see the [Road Transport \(General\) Act 1999](#), dictionary.

road related area—see the [Road Transport \(General\) Act 1999](#), dictionary.

249 No right to use, flow and control of water

A lease or further lease granted under this chapter does not give a right to the use, flow and control of water (including water containing impurities) under the land comprised in the lease.

Note This section does not apply in relation to leases or further leases granted before 11 December 1998 (see s 455).

250 Failure to accept and execute lease

- (1) This section applies if, not later than the end of the period prescribed by regulation, a person who is entitled to the grant of a lease under this chapter fails to—

- (a) accept and execute the lease; or
- (b) pay any amount the person is required to pay before being granted the lease.

- (2) The planning and land authority may, by written notice given to the person, end the person's right to be granted the lease.

Note For how documents may be given, see the [Legislation Act](#), pt 19.5.

- (3) The notice under subsection (2) must—

- (a) state the ground on which it is given; and
- (b) state that it takes effect on the day 20 working days after the day it is given.

- (4) If the planning and land authority does not know the home address of the person to whom the notice under subsection (2) is to be given, the authority may give public notice of the notice under subsection (2).

Note **Public notice** means notice on an ACT government website or in a daily newspaper circulating in the ACT (see [Legislation Act](#), dict, pt 1).

- (5) A notice given under subsection (2) takes effect on the day 20 working days after the day it is given.
- (6) A person whose right to be granted a lease has been ended under this section does not have any claim for compensation in relation to the ending of the right or for the recovery of any money paid to the planning and land authority in relation to the grant of the lease.

251 Restrictions on dealings with certain leases

- (1) This section applies in relation to the following leases:
- (a) a lease that provides that the lessee cannot deal with the land, or part of the land, comprised in the lease without the prior written consent of the planning and land authority;
 - (b) a lease granted under section 238 (1) by auction, tender or ballot, if the class of people eligible or ineligible for the grant was restricted under section 239;
 - (c) a lease granted under section 238 (1) (d), other than—
 - (i) a lease granted to the Territory; or
 - (ii) a single dwelling house lease, other than a single dwelling house lease prescribed by regulation; or
 - (iii) a lease—
 - (A) that was offered for sale under section 238 (1) (a) or (c) but not sold; and
 - (B) for which not less than the market value was paid for the subsequent direct sale; or

(iv) a lease—

- (A) that was sold under section 238 (1) (c) but the contract of sale was rescinded or otherwise ended before the lease was granted under the contract; and
- (B) for which not less than the market value was paid for the subsequent direct sale;

(d) a lease prescribed by regulation.

Note 1 This section has extended application (see s 450 and s 451).

Note 2 Dealings with concessional leases and rural leases, which are not restricted by this section, are restricted under s 265 and s 284.

(2) This section does not apply in relation to the following leases:

- (a) a concessional lease;
- (b) a rural lease.

(3) If this section applies to a lease, the planning and land authority must tell the registrar-general that it applies.

Note If the planning and land authority tells the registrar-general that this section applies to a lease, the registrar-general must include a memorial in the register to that effect (see [Land Titles Act 1925](#), s 72D).

(4) If a memorial stating that this section applies to the lease is included in the register under the [Land Titles Act 1925](#), the lessee, or anyone else with an interest in the lease, must not, during the restricted period for the lease, deal with the lease without the written consent of the planning and land authority under section 252.

Note **Memorial**—see the [Land Titles Act 1925](#), dictionary.

(5) However, a regulation may exempt a lease from this section, whether generally or in relation to a particular dealing.

(6) A dealing in relation to a lease to which this section applies that is made or entered into without consent has no effect.

- (7) However, subsection (6) does not apply to a dealing registered under the *Land Titles Act 1925*.

Note The registration of an interest in land under the *Land Titles Act 1925* takes priority over any other interest in the land, subject to some exceptions (see that Act, s 58).

- (8) In this section:

deal, with a lease, does not include sublet the lease.

restricted period, for a lease to which this section applies, means—

- (a) for a lease that provides that the lessee cannot deal with the land, or part of the land, comprised in the lease without the prior written consent of the planning and land authority—the period stated in the lease or, if no period is stated, the term of the lease; or
- (b) for a lease granted under section 238 (1) by auction, tender or ballot, if the class of people eligible or ineligible for the grant was restricted under section 239—5 years after the day the lease was granted; or
- (c) for a lease granted under section 238 (1) (d)—the period ending 5 years after the day the lease was granted; or
- (d) for a lease prescribed by regulation—
 - (i) the period prescribed by regulation for the lease; or
 - (ii) if no period is prescribed—the term of the lease.

252 Consent to s 251 dealings

- (1) The planning and land authority must not consent to a dealing under section 251 in relation to a lease unless—
 - (a) satisfied that the person to whom it is proposed that the lease should be assigned or transferred or the person to whom it is proposed that possession of the land should be given, is a person who satisfies the criteria prescribed under section 240 in relation to the class of leases in which the lease is included; or
 - (b) if the lease was originally granted by restricted auction, tender or ballot—satisfied that the person to whom it is proposed that the lease should be assigned or transferred or the person to whom it is proposed that possession of the land should be given, is a person who could have been granted the original lease.
- (2) The validity of a dealing made or entered into with the consent of the planning and land authority is not affected—
 - (a) by a defect or irregularity in relation to the giving of the consent; or
 - (b) because a ground, or all grounds, for the consent had not arisen.

253 Leases held by Territory not to be transferred or assigned

- (1) The Territory must not transfer or assign a lease if the Territory is the registered proprietor of the lease.
- (2) To remove any doubt, subsection (1) does not prevent the Territory from subletting a lease if the Territory is the registered proprietor of the lease.

Part 9.3 Grants of further leases

254 Grant of further leases

(1) This section applies if—

- (a) a person (the *lessee*) who is or was the holder of a lease (the *old lease*) of land applies to the planning and land authority for the grant of a further lease of the land; and

Note A further lease under the [Unit Titles Act 2001](#) over land under a declared land sublease may only be granted under the [Unit Titles Act 2001](#), s 167AA (see s (2)).

- (b) neither the Territory nor the Commonwealth needs the land for a public purpose; and
- (c) either—
 - (i) before expiry of the old lease, the lessee surrenders the old lease; or
 - (ii) the old lease expired not more than 6 months before the application for the grant of a further lease; and
- (d) if the old lease is not a residential lease—all rent due under the old lease is paid; and
- (e) if the further lease is a rural lease—
 - (i) if the further lease is a rental lease—the amount of rent determined under section 280 is payable under the further lease; or

- (ii) in any other case—
 - (A) the amount determined under section 280 for the grant of the further lease is paid; or
 - (B) if the determination under section 280 for the grant of the further lease provides for the payment of the amount by instalments—any instalment required, under the determination, to be paid before the further lease is granted is paid; and
 - (f) the criteria (if any) prescribed by regulation are satisfied.
- (2) For a lease granted or arising under the *Unit Titles Act 2001*—
 - (a) the owners corporation for a units plan may apply on behalf of an owner of a unit for the grant of a further lease of the unit; and
 - (b) relating to a units plan that subdivides land under a declared land sublease—the owners corporation may only apply for the grant of a further lease under the *Unit Titles Act 2001*, section 167AA.
- (3) The planning and land authority must grant the lessee a further lease of the land for a term not longer than—
 - (a) 99 years; or
 - (b) for a rural lease for which a period shorter than 99 years is determined under section 281—the shorter period.
- (4) A further lease granted under this section must include a statement—
 - (a) if the lease is a concessional lease—that the lease is concessional; or

- (b) if the lease is not concessional—to the effect that the lease is a market value lease.

Examples—statement in lease

a condition of the lease or a notation or stamp on the lease

Examples—statement to effect that lease is market value lease

the lease is a market value lease or the lease is not concessional

Note A grant must be lodged with the registrar-general under the [Land Titles Act 1925](#) (see that Act, s 17 (2)).

- (5) A further lease begins on the day after—
 - (a) the day the old lease is surrendered; or
 - (b) for a further lease granted on application after the expiry of the old lease—the day after the old lease expires.
- (6) If the term of a further lease granted under subsection (3) is not longer than the term of the old lease, any fee payable under subsection (3) for the grant of the further lease must not be more than the cost of granting the further lease.

255 Grant of further lease includes authorised use

- (1) This section applies if a further lease is granted under this part on the surrender of an existing lease.
- (2) The further lease must authorise each use of the leased land, and any building or structure on the land, that the lease surrendered authorised.
- (3) However, this section does not apply if a change of use of land, or a building or structure on the land, that involves a lease variation is applied for at the same time as the grant of the further lease is applied for.

- (4) To remove any doubt, a further lease may include provisions that are different from the lease that it is replacing.

Example

A further lease includes a restriction on the number of dwellings that may be built on the lease. The lease the further lease is replacing did not include a similar provision.

Part 9.4 Concessional leases

Division 9.4.1 Deciding whether leases concessional

256 Application for decision about whether lease concessional

A lessee may apply to the planning and land authority for a decision about whether the lease is a concessional lease.

257 Decision about whether lease concessional

- (1) On application under section 256, the planning and land authority must decide whether the lease is concessional.
- (2) However, if someone (other than the lessee) has a registered interest in the lease, the planning and land authority must not make a decision under subsection (1) unless the authority has—
 - (a) given written notice (the *application notice*) of the application to the person; and
 - (b) in the application notice, invited the person to give written representations about the application to the authority at a stated address by not later than the end of a stated period of not less than 15 working days after the date the notice is given to the person; and
 - (c) considered any representations made in the time given in the application notice.
- (3) If the planning and land authority is not satisfied that the lease is a concessional lease, the authority must decide that the lease is not concessional, in which case the lease is taken to be a market value lease.

- (4) However, the planning and land authority is taken to have decided (the *deemed decision*) that the lease is a concessional lease if the authority has not made a decision on the application at the end of the period of 15 working days after—

- (a) the day the application is made; or
- (b) if someone (other than the lessee) has a registered interest in the lease—the day the period for making representations given in the application notice ends.

Note 1 A lessee has a right to apply for review of a decision under this provision (see ch 13 and sch 1).

Note 2 The time for making an application for review of a deemed decision is 20 working days after the end of the 20 working-day period mentioned in s (5) (see s 409A).

- (5) If the planning and land authority is taken to have decided that a lease is a concessional lease under subsection (4), the authority may, within 20 working days after the deemed decision is taken to have been made, decide that the lease is a market value lease under subsection (1) despite the deemed decision.

Note Because a decision of the ACAT on review is taken to have been a decision of the original decision-maker, the planning and land authority will not be able to decide that the lease is a market value lease if the ACAT has decided an application for review of the deemed decision (see [ACT Civil and Administrative Tribunal Act 2008](#), s 69).

- (6) The planning and land authority must give written notice of the decision under subsection (1) to the applicant and anyone else with a registered interest in the lease to which the decision relates.

Note If the notice is given to a person who may apply to the ACAT for review of the decision to which it relates, the notice must be a reviewable decision notice (see s 408).

- (7) The [ACT Civil and Administrative Tribunal Act 2008](#), section 12 (When no action taken to be decision) does not apply to this section.

258 Authority may decide whether lease concessional on own initiative

- (1) The planning and land authority may, on its own initiative, decide whether a lease is concessional.
- (2) However, the planning and land authority must not make a decision under subsection (1) unless the authority has—
 - (a) given written notice (the *lease decision notice*) of the authority's intention to make a decision under subsection (1) to each person with a registered interest in the lease; and
 - (b) in the lease decision notice, invited the person to give written representations about the proposed decision to the authority at a stated address by not later than the end of a stated period of not less than 15 working days after the date the notice is given to the person; and
 - (c) considered any representations made in the time given in the lease decision notice.
- (3) If the planning and land authority is not satisfied that the lease is a concessional lease, the authority must decide that the lease is not concessional, in which case the lease is taken to be a market value lease.
- (4) Also, if the planning and land authority gives a lease decision notice in relation to a lease, the authority must make a decision under subsection (1) in relation to the lease not later than 15 working days after the day the period for making representations given in the lease decision notice ends.

- (5) The planning and land authority must give written notice of the decision under subsection (1) to each person with a registered interest in the lease to which the decision relates.

Note 1 If the notice is given to a person who may apply to the ACAT for review of the decision to which it relates, the notice must be a reviewable decision notice (see s 408).

Note 2 A lessee has a right to apply for review of a decision under this provision (see ch 13 and sch 1).

258A Application for decision about whether certain leases are concessional

- (1) This section applies to a lease if—
- (a) the lease was granted before 31 March 2008; and
 - (b) the lease does not state in the lease that the lease is a concessional lease; and
 - (c) the planning and land authority made a decision (the *original decision*), whether before or after 31 March 2008, that the lease is a concessional lease; and
 - (d) the original decision is stated in a memorial to the lease.

Note **Memorial**—see the [Land Titles Act 1925](#), dictionary.

- (2) The lessee of the lease may apply to the planning and land authority for a decision about whether the lease is a concessional lease.

258B Making other decisions about concessional status of certain leases

- (1) On application by the lessee under section 258A, the planning and land authority may decide whether the lease is a concessional lease.

- (2) However, the planning and land authority must not make a decision under subsection (1) unless—
- (a) the authority is satisfied that—
 - (i) there is additional relevant information about the concessional status of the lease; or
 - (ii) there is information to indicate that the authority made a formal error when it made the original decision; and
- Note* **Formal error**—see the dictionary.
- (b) if someone (other than the lessee) has a registered interest in the lease, the authority has—
 - (i) given written notice (the ***application notice***) of the application to the person; and
 - (ii) in the application notice, invited the person to give written representations about the application to the authority at a stated address by not later than the end of a stated period of not less than 15 working days after the day the notice is given to the person; and
 - (iii) considered any representations made in the time given in the application notice.
- (3) If the planning and land authority is not satisfied that the lease is a concessional lease, the authority must decide that the lease is not concessional, in which case the lease is taken to be a market value lease.
- (4) However, the planning and land authority is taken to have decided (the ***deemed decision***) that the lease is a concessional lease if the authority has not made a decision on the application at the end of the period of 15 working days after—
- (a) the day the application is made; or

- (b) if someone (other than the lessee) has a registered interest in the lease—the day the period for making representations given in the application notice ends.

Note 1 A lessee has a right to apply for review of a decision under this provision (see ch 13 and sch 1).

Note 2 The time for making an application for review of a deemed decision is 20 working days after the end of the 20 working-day period mentioned in s (5) (see s 409A).

- (5) If the planning and land authority is taken to have decided that a lease is a concessional lease under subsection (4), the authority may, within 20 working days after the day the deemed decision is taken to have been made, decide that the lease is a market value lease despite the deemed decision.

Note Because a decision of the ACAT on review is taken to have been a decision of the original decision-maker, the planning and land authority will not be able to decide that the lease is a market value lease if the ACAT has decided an application for review of the deemed decision (see [ACT Civil and Administrative Tribunal Act 2008](#), s 69).

- (6) The planning and land authority must give written notice of the decision under subsection (1) to the applicant and anyone else with a registered interest in the lease to which the decision relates.

Note If the notice is given to a person who may apply to the ACAT for review of the decision to which it relates, the notice must be a reviewable decision notice (see s 408).

- (7) The [ACT Civil and Administrative Tribunal Act 2008](#), section 12 (When no action taken to be decision) does not apply to this section.

- (8) In this section:

original decision—see section 258A (1) (c).

258C Authority may make another decision about whether certain leases concessional on own initiative

- (1) This section applies to a lease if—
- (a) the lease was granted before 31 March 2008; and
 - (b) the lease does not state in the lease that the lease is a concessional lease; and
 - (c) the planning and land authority made a decision (the *original decision*) that the lease is concessional, whether before or after 31 March 2008; and
 - (d) the decision is stated in a memorial to the lease.

Note **Memorial**—see the [Land Titles Act 1925](#), dictionary.

- (2) The planning and land authority may, on its own initiative, decide whether the lease is a concessional lease.
- (3) However, the planning and land authority must not make a decision under subsection (2) unless—
- (a) the authority is satisfied that—
 - (i) there is additional relevant information about the concessional status of the lease; or
 - (ii) there is information to indicate that the authority made a formal error when it made the original decision; and

Note **Formal error**—see the dictionary.

- (b) the authority has—
 - (i) given written notice (the *lease decision notice*) of the authority's intention to make a decision under subsection (2) to each person with a registered interest in the lease; and

- (ii) in the lease decision notice, invited the person to give written representations about the proposed decision to the authority at a stated address by not later than the end of a stated period of not less than 15 working days after the day the notice is given to the person; and
 - (iii) considered any representations made in the time given in the lease decision notice.
- (4) If the planning and land authority is not satisfied that the lease is a concessional lease, the authority must decide that the lease is not concessional, in which case the lease is taken to be a market value lease.
- (5) Also, if the planning and land authority gives a lease decision notice in relation to a lease, the authority must make a decision under subsection (2) in relation to the lease not later than 15 working days after the day the period for making representations given in the lease decision notice ends.
- (6) The planning and land authority must give written notice of the decision under subsection (2) to each person with a registered interest in the lease to which the decision relates.

Note 1 If the notice is given to a person who may apply to the ACAT for review of the decision to which it relates, the notice must be a reviewable decision notice (see s 408).

Note 2 A lessee has a right to apply for review of a decision under this provision (see ch 13 and sch 1).

259 Lodging notice of decision about concessional status of lease

- (1) This section applies if—
 - (a) the planning and land authority makes a decision that a lease is a concessional lease or not; and

- (b) for a decision that the lease is a concessional lease—either—
 - (i) no application is made to the ACAT for review of the decision within the time allowed for applications; or
 - (ii) an application for review of the decision is made and the ACAT—
 - (A) confirms, varies or substitutes the decision; or
 - (B) remits the matter for reconsideration by the planning and land authority and the authority decides that the lease is a concessional lease or not.

Note The planning and land authority may decide whether a lease is a concessional lease or market value lease under s 257, s 258, s 258B or s 258C.

- (2) The planning and land authority must lodge notice with the registrar-general for registration under the [Land Titles Act 1925](#) that—
 - (a) if the planning and land authority decides that the lease is a concessional lease—the lease is concessional; or
 - (b) if the planning and land authority decides that the lease is not concessional—the lease is a market value lease.

Note The registrar-general must register an instrument lodged in registrable form (see [Land Titles Act 1925](#), s 48 (1)).

259A Lodging notice of deemed decision about concessional status of lease

- (1) This section applies if—
 - (a) the planning and land authority is taken to have made a decision that a lease is concessional under section 257 (4) or section 258B (4); and
 - (b) the 20 working-day period mentioned in section 257 (5) or section 258B (5) for the decision has ended; and

- (c) either—
 - (i) no application is made to the ACAT for review of the decision that the lease is a concessional lease within the time allowed for applications; or
 - (ii) an application for review of the decision is made and the ACAT—
 - (A) confirms, varies or substitutes the decision; or
 - (B) remits the matter for reconsideration by the planning and land authority and the authority decides that the lease is a concessional lease or not.
- (2) The planning and land authority must lodge notice with the registrar-general for registration under the *Land Titles Act 1925* that—
 - (a) if the planning and land authority decides that the lease is a concessional lease—the lease is concessional; or
 - (b) if the planning and land authority decides that the lease is not concessional—the lease is a market value lease.

Note The registrar-general must register an instrument lodged in registrable form (see *Land Titles Act 1925*, s 48 (1)).

259B Non-concessional status of leases

- (1) This section applies to a lease if—
 - (a) the lease includes a statement, in the lease or a memorial to the lease, to the effect that the lease is a market value lease; or

Examples—statement in lease

a condition of the lease or a notation or stamp on the lease

Examples—statement to effect that lease is market value lease

the lease is a market value lease or the lease is not concessional

- (b) the planning and land authority has lodged a notice that the lease is a market value lease with the registrar-general for registration under the *Land Titles Act 1925*.
- (2) A person may rely on the statement and deal with the lease as a market value lease.
- (3) The planning and land authority must not make a decision that would change the lease's status as a market value lease.
- (4) This section is subject to an order of a court or tribunal.

259C Concessional status of leases

- (1) This section applies to a lease if—
 - (a) the lease states, in the lease or a memorial to the lease, that the lease is a concessional lease; or
Examples—statement in lease
a condition of the lease or a notation or stamp on the lease
 - (b) the planning and land authority has lodged a notice that the lease is a concessional lease with the registrar-general for registration under the *Land Titles Act 1925*.
- (2) A person may rely on the statement and deal with the lease as a concessional lease.
- (3) The planning and land authority must not make a decision that would change the lease's status as a concessional lease.
- (4) This section is subject to—
 - (a) a decision about whether a lease is a concessional lease under section 258B or section 258C; or
 - (b) a variation of the lease to remove the concessional status of the lease under division 9.4.2; or
 - (c) an order of a court or tribunal.

259D Concessional status guidelines

- (1) The planning and land authority may make guidelines (the *concessional lease guidelines*) setting out information to assist people to decide whether a lease is a concessional lease, market value lease or possibly concessional.
- (2) A person who is deciding whether a lease is a concessional lease, market value lease or possibly concessional may have regard to the concessional lease guidelines but is not bound by the guidelines.
- (3) A concessional lease guideline is a notifiable instrument.

Note A notifiable instrument must be notified under the [Legislation Act](#).

Division 9.4.2 Varying concessional leases to remove concessional status

260 Application—div 9.4.2

This division applies to an application for development approval to vary a lease granted as a concessional lease if the application is for or includes the removal of its concessional status.

Example of varying lease to remove concessional status

surrender of the concessional lease and regrant of a lease for market value

260A Removal of concessional status by variation of lease

- (1) The concessional status of a lease may only be removed by a variation of the lease.
- (2) This section does not apply to a decision under section 258B or section 258C.

Example

surrender of a concessional lease and regrant of a new market value lease

Note A variation of a lease is a development (see s 7).

261 No decision on application unless consideration in public interest

- (1) The planning and land authority, or Minister, must not decide a development application to which this part applies under section 162 (Deciding development applications) unless the Minister decides whether it is in the public interest to consider the application.
- (2) In deciding whether it is in the public interest to consider the development application, the Minister must consider the following:
 - (a) whether the Territory wishes to continue to monitor the use and operation of the lease by requiring consent before the lease is dealt with;
 - (b) whether approving the application would cause any disadvantage to the community taking into account potential uses of the leased land that are consistent with the [territory plan](#), whether or not those uses are authorised by the lease;
 - (c) whether the application to vary the lease to make it a market value lease is, or is likely to be, part of a larger development and, if so, what that development will involve;
 - (d) whether the Territory should buy back, or otherwise acquire, the lease;
 - (e) whether the Territory wishes to encourage the continued use of the land for an authorised use under the lease by retaining the concessional status of the lease.

Note The Minister must consider the material required under s 139 (2) (p).

- (3) The Minister must give notice of the decision to the planning and land authority.
- (4) The decision is a notifiable instrument.

Note A notifiable instrument must be notified under the [Legislation Act](#).

262 Development approval of application about concessional lease subject to condition

- (1) If the planning and land authority or Minister approves a development application to vary a lease granted as a concessional lease, the approval is subject to the condition that the lessee pays the Territory or a territory entity the payout amount worked out under section 263.

Note 1 The ways a lease may be varied to change its concessional status include by surrender and regrant (see s 260, example).

Note 2 For approval of development applications—see s 162.

- (2) A payout amount is taken to be paid to the Territory or a territory entity if the amount is waived by the Treasurer under the *Financial Management Act 1996*, section 131, or part of the amount is waived and the rest of the amount is paid.

263 Working out amount payable to discharge concessional leases

- (1) This section applies if a development application in relation to a lease is subject to the condition that the lessee pays the Territory or a territory entity the payout amount worked out under this section.
- (2) The payout amount for the lease is the amount worked out as follows:

$$MV - \left(\frac{AP}{OV} \times MV \right)$$

Note If the variation of the lease is not solely for the purpose of removing the lease's concessional status, a person may also be required to pay a lease variation charge under div 9.6.3.

- (3) In this section:

AP, for a lease, means the amount (if any) paid for the lease at grant.

MV, for a lease, means the market value of the lease if it were a market value lease.

OV, for a lease, means the market value of the lease at grant if it had been a market value lease.

- (4) To remove any doubt, an amount paid as rent under a lease is not an amount paid for the lease.

264 Uses under leases varied by surrender and regrant to remove concessional status

- (1) This section applies to a lease varied only to remove the concessional status of the lease by surrender and regrant of the lease.
- (2) The regranted lease authorises each use of the land, and any building or structure on the land, authorised under the lease before the lease was varied to remove its concessional status.
- (3) To remove any doubt—
 - (a) this section does not apply if the lease is varied other than to remove the concessional status of the lease; and
 - (b) subsection (2) applies despite anything to the contrary in the [territory plan](#).

Division 9.4.3 Restrictions on dealings with concessional leases

265 Restrictions on dealings with concessional leases

- (1) The lessee, or anyone else with an interest in a concessional lease, must not, during the term of the lease, deal with the lease without the written consent of the planning and land authority.
- (2) A dealing in relation to a lease to which this section applies that is made or entered into without consent has no effect.

- (3) However, subsection (2) does not apply to a dealing registered under the *Land Titles Act 1925*.

Note The registration of an interest in land under the *Land Titles Act 1925* takes priority over any other interest in the land, subject to some exceptions (see that Act, s 58).

266 Consent to s 265 dealings

- (1) The planning and land authority must not consent to a dealing under section 265 in relation to a lease unless—
- (a) satisfied that the person to whom it is proposed that the lease should be assigned or transferred, the person to whom it is proposed that a sublease should be granted or the person to whom it is proposed that possession of the land should be given, is a person (an *eligible person*) who could be granted the concessional lease; or
 - (b) for a dealing that is a subletting—satisfied that the lessee, or an eligible person, continues to be the main user of the lease.

Examples of lessee continuing to be main user

- 1 A community hospital (the *lessee*) with a concessional lease proposes to sublet an area within the hospital for a coffee shop. The lessee continues to operate the hospital, which is the majority of the site and offers most of the services being provided from the site. The sublease is likely to be allowed because it is a complementary proposed use of the sublet area.
 - 2 A community group has subleased part of a lease to a commercial enterprise and the remainder of the lease to an eligible person. The sublease to the commercial enterprise is likely to be allowed as long as the eligible person is the main user of the lease.
- (2) In deciding whether the lessee proposing to grant a sublease, or an eligible person, continues to be the main user of the lease, the planning and land authority must consider the following:
- (a) the proposed area of the sublease;

- (b) the extent to which the lessee or eligible person continues to provide most of the goods, services or both to be provided from the area leased;
 - (c) the extent to which the use of the area proposed to be subleased will be ancillary to the permitted uses of the area that is not proposed to be subleased;
 - (d) the extent to which the use of the area proposed to be subleased will be complementary to the use of the area that is not proposed to be subleased.
- (3) The validity of a dealing made or entered into with the consent of the planning and land authority is not affected—
- (a) by a defect or irregularity in relation to the giving of the consent;
or
 - (b) because a ground, or all grounds, for the consent had not arisen.

Part 9.5 Rent variations and relief from provisions of leases

266A Application to land rent—pt 9.5

This part does not apply to a variation of land rent in accordance with the provisions of a land rent lease.

267 Variations of rent

- (1) If the rent payable under a lease is varied in accordance with the provisions of the lease, the planning and land authority must give the lessee written notice of the variation.

Note For how documents may be given, see the [Legislation Act](#), pt 19.5.

- (2) A variation of rent mentioned in a notice under subsection (1) comes into operation on—
 - (a) the day 20 working days after the day the notice is given; or
 - (b) if the lease under which the variation is made provides that the variation comes into operation on a later day—the later day.

268 Review of variations of rent

- (1) This section applies if—
 - (a) the rent payable under a lease is varied in accordance with the provisions of the lease; and
 - (b) the lease does not provide for the submission to arbitration of differences between the parties to the lease about variation of the rent.
- (2) The lessee may, not later than 20 working days after receiving the notice under section 267 (1) about the variation, ask the planning and land authority in writing to review the variation.

- (3) The making of the request does not affect the operation of the variation to which the request relates or prevent the taking of action to implement the variation.
- (4) If the request is made in relation to a variation, the planning and land authority must review the variation and may—
 - (a) confirm the variation; or
 - (b) set the variation aside and substitute any other variation the authority considers appropriate.

269 Reduction of rent and relief from provisions of lease

- (1) The planning and land authority may approve—
 - (a) a reduction of the rent payable under a lease, or of the amount payable, in relation to any occupation of territory land; or
 - (b) the grant of relief, to a lessee or occupier of territory land, from compliance, completely or partly, with any provision to which the person's lease or occupation is subject.
- (2) The reduction or grant of relief may be for a maximum period of 3 years, and may include a period before the approval.
- (3) If the planning and land authority gives an approval under subsection (1), the liability or obligation of the lessee or occupier under the lease, or in relation to the person's occupation, is discharged for the period approved, to the extent of the reduction or grant of relief approved.
- (4) An approval under subsection (1) may be conditional.
- (5) If the planning and land authority approves a grant of relief to a lessee or occupier under subsection (1), the authority must give the lessee or occupier written notice of the reduction of rent or amount payable or other grant of relief approved.

Note For how documents may be given, see the [Legislation Act](#), pt 19.5.

Part 9.6 Lease variations

Division 9.6.1 Lease variations—general

270 Effect subject to pt 9.7

This part has effect subject to part 9.7 (Rural leases).

Division 9.6.2 Variation of rental leases

271 Variation of rental leases

- (1) The planning and land authority must not execute a variation of a rental lease unless any rent, including additional rent, payable under the lease up to the day of variation has been paid.
- (2) If the planning and land authority executes a variation of a rental lease, the authority must reappraise the rent payable under the lease, following (as far as possible) the method provided by the rental provisions of the lease.
Note The application of subsection (2) (and s (3)) is reduced by subsection (4).
- (3) If the planning and land authority executes a variation of a rental lease, the rent payable under the lease is to be adjusted in accordance with the reappraisal under subsection (2) with effect from the day the variation is executed.
- (4) Subsections (2) and (3) do not apply to a variation of—
 - (a) a rental lease—
 - (i) to reduce the rent payable to a nominal rent; or
 - (ii) otherwise affecting the rental provisions of the lease; or
 - (b) a land rent lease.

272 Advice of rent payable on variation of lease

- (1) This section applies if—
 - (a) the planning and land authority agrees to a variation of a lease; and
 - (b) the lease is a lease (other than a land rent lease) under which rent or additional rent is payable.
- (2) The planning and land authority must—
 - (a) calculate the amount that would be payable under the lease for rent, including additional rent, up to the day when the authority expects the variation to be executed; and
 - (b) give the lessee written notice of—
 - (i) the amount calculated for rent, including additional rent, under paragraph (a); and
 - (ii) the day up to which the amount payable for rent and additional rent has been calculated; and
 - (iii) the day by which the authority requires payment of the amount stated under subparagraph (i) to allow the variation of the lease to be executed on the day stated under subparagraph (ii).

272A Application for rent payout lease variation

- (1) This section applies to the following leases:
 - (a) a land rent lease;
 - (b) a lease that is included in a class of leases prescribed by regulation.
- (2) The lessee may apply to the planning and land authority for a variation of the lease to reduce the rent payable to a nominal rent.

Note If a form is approved under s 425 for this provision, the form must be used.

272B Decision on rent payout lease variation application

- (1) Within the period prescribed by regulation after the day the planning and land authority receives an application by a lessee under section 272A, the authority must—
 - (a) decide to vary the lease to reduce the rent payable to a nominal rent; or
 - (b) if subsection (2) prevents the authority from varying the lease—refuse to vary the lease.
- (2) The planning and land authority must not vary the lease to reduce the rent payable to a nominal rent unless—
 - (a) all amounts payable to the Territory up to the day of variation of the lease for tax levied in relation to the land comprised in the lease have been paid; and
 - (b) for a land rent lease, all rent and other amounts payable to the commissioner for revenue under the *Land Rent Act 2008* up to the day of variation in relation to the land comprised in the lease have been paid; and
 - (c) the provisions of the lease requiring the lessee to develop the land comprised in the lease have been complied with up to the day of the variation; and
 - (d) the lessee has paid the Territory an amount decided by the planning and land authority by reference to any policy direction made under section 272C.
- (3) The planning and land authority must give written notice of the decision on the application to the applicant.

Note If the notice is given to a person who may apply to the ACAT for review of the decision to which it relates, the notice must be a reviewable decision notice (see s 408).

- (4) In this section:

tax means a tax under the following tax laws:

- (a) division 9.6.3 (Variation of nominal rent leases);

Note An unpaid amount of tax may arise under div 9.6.3 if an amount is deferred under a deferral arrangement or due to a reconsideration, reassessment or review.

- (b) the [Duties Act 1999](#);
(c) the [Land Tax Act 2004](#);
(d) the [Rates Act 2004](#).

272C Policy directions for paying out rent

- (1) The Minister may make policy directions for section 272B (2) (d).
(2) A policy direction is a disallowable instrument.

Note A disallowable instrument must be notified, and presented to the Legislative Assembly, under the [Legislation Act](#).

272D Power to decide rent payout applications deemed refused

- (1) This section applies if—
- (a) an application has been made under section 272A (Application for rent payout lease variation); and
 - (b) the time for deciding the application has ended; and
 - (c) the planning and land authority has not decided the application under section 272B.
- (2) The planning and land authority may decide to vary the lease to reduce the rent payable to a nominal rent under section 272B despite the ending of the time for deciding the application.

- (3) To remove any doubt, if the planning and land authority has not decided the application under section 272B, the authority is taken to have decided to refuse the application under the *ACT Civil and Administrative Tribunal Act 2008*, section 12 (When no action taken to be decision).

273 Lease to be varied to pay out rent

- (1) This section applies if the planning and land authority decides to vary a lease under section 272B to reduce the rent payable to a nominal rent.
- (2) The planning and land authority must vary the lease in accordance with the decision.
- (3) The lease as varied must provide that the lessee is to pay a nominal rent if and when that rent is demanded.

274 No variations to extend term

The planning and land authority must not execute a variation of a lease to extend the term of the lease.

275 No variation of certain leases for 5 years

- (1) This section applies to the following leases:
- (a) a lease granted in accordance with section 241;
 - (b) a lease to which section 251 applies.
- Note* This section also applies to leases granted under the *Land (Planning and Environment) Act 1991*, s 164 (see s 451).
- (2) However, this does not apply to a lease exempted by regulation.
- (3) The planning and land authority must not consent to the variation of a lease to which this section applies earlier than 5 years after the day the lease is granted.

- (4) However, the planning and land authority may consent to the variation if the variation does not limit, add or remove an authorised use of the land.
- (5) In this section:
- authorised use***, of land—
- (a) means a use authorised (whether expressly or by implication) by a lease; and
 - (b) includes a use authorised by a lease that expired not more than 6 months before the use if the lease is renewed within 6 months after the expiry.

Division 9.6.3 Variation of nominal rent leases

Note 1 This division is a tax law under the [Taxation Administration Act 1999](#). As a tax law, this division is subject to provisions of the [Taxation Administration Act 1999](#) about the administration and enforcement of tax laws generally.

Note 2 The commissioner for revenue may delegate the commissioner's functions under this division to the planning and land authority (see [Taxation Administration Act 1999](#), s 78).

Subdivision 9.6.3.1 Definitions—div 9.6.3

276 Definitions—div 9.6.3

In this division:

chargeable variation, of a nominal rent lease, means a variation of the lease other than—

- (a) a variation, if—
 - (i) the only effect of the variation is to alter a common boundary between 2 or more adjoining leases; and
 - (ii) the authorised use of the land comprised in each adjoining lease (however described) is the same; and

- (iii) none of the adjoining leases is a rural lease; or
- (b) a variation if the only effect of the variation is to remove the lease's concessional status; or
- (c) a variation prescribed by regulation.

Note **Variation**, of a lease—see the dictionary.

deferral arrangement, for a lease variation charge—see section 279AB (2).

gross floor area—see the [territory plan](#) (13 Definitions).

LVC determination means a determination made under section 276E (Lease variation charges—LVC determination).

original decision—see section 277B (1) (b) (Lease variation charge under s 277—working out statement).

reconsideration application—see section 277C (5) (Lease variation charge under s 277—application for reconsideration).

s 276E chargeable variation, of a nominal rent lease, means a chargeable variation prescribed by regulation.

s 277 chargeable variation means—

- (a) a chargeable variation that is not a s 276E chargeable variation;
or
- (b) a s 276E chargeable variation if no lease variation charge is determined in an LVC determination for the variation.

working out statement—see section 277B (2) (Lease variation charge under s 277—working out statement).

Subdivision 9.6.3.2 Chargeable variations

276B Chargeable variation of nominal rent lease—lease variation charge

- (1) The planning and land authority must not execute a chargeable variation of a nominal rent lease unless—
 - (a) the lease variation charge for the variation, less any remission under section 278, plus any increase under section 279 (the ***total charge***) has been paid to the Territory; or
 - (b) a deferral arrangement in relation to the total charge has been entered into.

Note If the planning and land authority has executed a variation of a nominal rent lease, the authority must lodge a copy of the variation with the registrar-general for registration. A lease variation takes effect on registration (see [Land Titles Act 1925](#), s 72A).

- (2) A lease variation charge is taken to be paid to the Territory if—
 - (a) the amount of the charge is waived by the Treasurer under the [Financial Management Act 1996](#), section 131 (Waiver of debts etc); or
 - (b) part of the amount is waived and the rest of the amount is paid.
- (3) Payment of the lease variation charge, or entering into a deferral arrangement in relation to the lease variation charge, does not affect any right a person may have to apply for reconsideration under section 277C (Lease variation charge under s 277—application for reconsideration).

276C Lease variation charges—amount payable

- (1) The lease variation charge for a chargeable variation of a nominal rent lease is—
 - (a) for a s 276E chargeable variation—the determined charge for the variation; or

- (b) for a s 277 chargeable variation—the charge (if any) worked out under section 277 for the variation.
- (2) If a development approval of a development application relates to more than 1 chargeable variation of a nominal rent lease, the lease variation charge is worked out as follows:
 - (a) if all the chargeable variations are s 276E chargeable variations for which a charge is determined in an LVC determination—in accordance with the LVC determination;
 - (b) if all the chargeable variations are s 277 chargeable variations—in accordance with section 277;
 - (c) if 1 or more are a kind of variation mentioned in paragraph (a) and 1 or more are a kind of variation mentioned in paragraph (b)—as prescribed by regulation.

276D Lease variation charges—notice of assessment

- (1) On approval of a development application for a chargeable variation, the commissioner for revenue must give—
 - (a) a notice of assessment of the lease variation charge to the lessee; and
 - (b) if the development application in relation to the chargeable variation is made by someone other than the lessee—a copy of the notice to the applicant.

Note 1 The notice of assessment is an assessment under the [Taxation Administration Act 1999](#) as if the lease variation charge were a tax payable by the lessee under that Act (see this Act, s 279B (1)). However, no actual liability to pay the lease variation charge arises on the giving of the notice (see s 279B (2)). The planning and land authority must not execute a variation of the lease unless the lessee has paid the assessed lease variation charge (see s 276B (1)).

Note 2 The commissioner for revenue must give a notice of assessment as soon as possible after the development application for the chargeable variation has been approved (see [Legislation Act](#), s 151B).

- (2) A lease variation charge is taken to be worked out—
 - (a) on the day the development approval of the chargeable variation is approved; or
 - (b) if another day is prescribed by regulation—on that day.
- (3) A notice of assessment lapses on the earlier of—
 - (a) the day the lease variation charge is paid; or
 - (b) the day the development approval of the chargeable variation lapses.

276E Lease variation charges—s 276E chargeable variations

- (1) The Treasurer may, after consulting with the Minister, determine a lease variation charge for a s 276E chargeable variation.

Note 1 The [Legislation Act](#) contains provisions about the making of determinations and regulations relating to fees (see pt 6.3).

Note 2 Power to make a statutory instrument (including a determination) includes the power to make different provision for different categories (see [Legislation Act](#), s 48).

- (2) In considering whether to determine a lease variation charge for a s 276E chargeable variation, the Treasurer must, before the start of each financial year—
 - (a) obtain and have regard to advice from an accredited valuer; and
 - (b) comply with any other requirement prescribed by regulation.
- (3) A determination must—
 - (a) as far as is practicable, represent the average market value in relation to the variation; and
 - (b) if a variation increases the number of dwellings permitted on the land under the lease—state an amount for each additional dwelling permitted on the land under the lease; and

- (c) if a variation increases, or has the effect of increasing, the maximum gross floor area of any building or structure permitted for non-residential use on the land under the lease—state an amount for each additional square metre of gross floor area permitted on the land under the lease.
- (4) The determination must state—
 - (a) the reasons for determining the lease variation charge; and
 - (b) how the charge was determined.
- (5) A determination is a disallowable instrument.

Note A disallowable instrument must be notified, and presented to the Legislative Assembly, under the [Legislation Act](#).

277 Lease variation charges—s 277 chargeable variations

- (1) The commissioner for revenue works out the lease variation charge for a s 277 chargeable variation of a nominal rent lease as follows:

$$LVC = (V_1 - V_2) \times 75\%$$

- (2) In this section:

LVC means the lease variation charge payable for the s 277 chargeable variation of the lease.

VI—

- (a) for a variation other than a consolidation or subdivision, means the capital sum that the lease might be expected to realise if—
 - (i) the lease were varied as proposed; and
 - (ii) the lease were genuinely offered for sale immediately after the variation on the reasonable terms and conditions that a genuine seller would require; and

- (iii) the rent payable throughout the term of the lease or, for a variation that involves the surrender of a lease and issue of a new lease, the new lease, were a nominal rent; or
- (b) for a variation that is a consolidation or subdivision, means the capital sum that the new lease or leases to be granted under the consolidation or subdivision might be expected to realise if—
 - (i) the consolidation or subdivision were to take place as proposed; and
 - (ii) the new lease or leases were genuinely offered for sale immediately after the variation on the reasonable terms and conditions that a genuine seller would require; and
 - (iii) the rent payable throughout the term of the new lease or leases were a nominal rent.

V2—

- (a) for a variation other than a consolidation or subdivision, means the capital sum that the lease might be expected to realise if—
 - (i) the lease were not varied during the remainder of its term; and
 - (ii) the lease were genuinely offered for sale immediately before the variation on the reasonable terms and conditions that a genuine seller would require; and
 - (iii) the rent payable throughout the term of the lease, or lease to be surrendered, were a nominal rent; or
- (b) for a variation that is a consolidation or subdivision, means the capital sum that the lease or leases to be surrendered under the consolidation or subdivision might be expected to realise if—
 - (i) no consolidation or subdivision were to take place during the remainder of the term of the surrendered lease or leases; and

- (ii) the lease or leases were genuinely offered for sale immediately before the consolidation or subdivision on the reasonable terms and conditions that a genuine seller would require; and
 - (iii) the rent payable throughout the term of the lease or leases to be surrendered were a nominal rent.
- (3) If the amount worked out as **VI** is equal to or less than the amount worked out as **V2**, no lease variation charge is payable.
- (4) If the development approval for the relevant development application relates to 2 or more s 277 chargeable variations, **VI** and **LVC** are worked out as if the s 277 chargeable variations were a single s 277 chargeable variation of the lease.

277A Lease variation charge under s 277—improvements

- (1) In working out **VI** and **V2** under section 277, an improvement in relation to the land comprised in the lease must not be taken into account.

Note Power to make a regulation in relation to a matter includes power to make provision in relation to a class of a matter (see [Legislation Act](#), s 48 (2)).

- (2) However, an existing improvement by way of clearing, filling, grading, draining, levelling or excavating the land may be taken into account.
- (3) In this section:

- (1) The reconsideration application must be in writing and signed by—
 - (a) the lessee; and
 - (b) if the application is made by the applicant for the development application who is not the lessee—the applicant.
- (2) Also, the reconsideration application must—

Note A disallowable instrument must be notified, and presented to the Legislative Assembly, under the [Legislation Act](#).

- (b) the day after the 6th sitting day after the day it is presented to the Legislative Assembly under that chapter; or
- (c) if the regulation provides for a later date or time of commencement—on that date or at that time.

Subdivision 9.6.3.3 Deferring lease variation charges

279AA Application to defer payment of lease variation charges

- (1) This section applies if—
 - (a) the applicant for a development application for a chargeable variation of nominal rent lease is given a notice of assessment of the lease variation charge under section 276D (1); and
 - (b) the lease variation charge to be deferred is at least the amount determined by the Treasurer; and
 - (c) the applicant satisfies any other criteria determined by the Treasurer.
- (2) The applicant for the development application may apply to the commissioner for revenue to defer payment of the lease variation charge.
- (3) An applicant must provide the commissioner with any information that the commissioner considers necessary to decide the application.
- (4) If the applicant for the development application is not the lessee, the lessee—
 - (a) may apply for the deferral instead of the applicant; or
 - (b) must sign the deferral application.
- (5) A determination under this section is a disallowable instrument.

Note A disallowable instrument must be notified, and presented to the Legislative Assembly, under the [Legislation Act](#).

279AB Approval to defer payment of lease variation charges

- (1) The commissioner for revenue must approve an application under section 279AA (2) if satisfied section 279AA (1) applies.
- (2) However, an approval under subsection (1) is subject to the applicant entering into an arrangement under the *Taxation Administration Act 1999*, section 52 (Arrangements for payment of tax) about payment of the amount of the deferred lease variation charge (a **deferral arrangement**).

Note An amount payable under a deferral arrangement is a debt owing to the Territory and is a charge on the land (see *Taxation Administration Act 1999*, s 56H).

- (3) If the applicant for the development application is not the lessee, the lessee—
 - (a) may enter into the deferral arrangement instead of the applicant; or
 - (b) must sign the deferral arrangement.

Note A decision to approve an application and a decision to impose conditions under a deferral arrangement are reviewable decisions (see *Taxation Administration Act 1999*, sch 1).

279AC Conditions of deferral arrangement

- (1) The conditions of a deferral arrangement include the following:
 - (a) the amount of the lease variation charge, and any accrued interest, must be paid to the commissioner for revenue not later than the earlier of—
 - (i) if stated in the deferral arrangement—the date a certificate of occupancy is issued for part of the building work for the development to which the lease variation relates; or
 - (ii) the date a certificate of occupancy is issued for all of the building work for the development to which the lease variation relates; or

(iii) 4 years from the date of the lease variation;

(b) any other condition determined under subsection (2).

Note A certificate of occupancy is issued under the [Building Act 2004](#), s 69.

(2) The Treasurer may determine other conditions to which a deferral arrangement is subject, including the rate of interest charged on the amount payable under the arrangement.

Note There may be additional interest and penalty tax payable under the [Taxation Administration Act 1999](#).

(3) A determination is a disallowable instrument.

Note A disallowable instrument must be notified, and presented to the Legislative Assembly, under the [Legislation Act](#).

(4) This section does not limit the [Taxation Administration Act 1999](#), section 52, but any arrangement under that section about deferred payment of a lease variation charge under this subdivision must not be inconsistent with the conditions under subsection (1).

279AD Lease variation charge changed after reconsideration etc

(1) This section applies if—

(a) an applicant for a development application for a chargeable variation of a nominal rent lease has entered into a deferral arrangement; and

(b) after the deferral arrangement was entered into, the amount of the lease variation charge in relation to the chargeable variation is increased or decreased from the amount deferred under the arrangement because of a reconsideration, reassessment or review under this Act or the [Taxation Administration Act 1999](#).

(2) If the lease variation charge is decreased, the deferral arrangement applies to the decreased amount.

- (3) If the lease variation charge is increased, the deferral arrangement applies to the increased amount unless the applicant applies, and the commissioner for revenue agrees, to vary the conditions of the deferral arrangement.
- (4) If the applicant for the development application is not the lessee—
 - (a) the lessee—
 - (i) may apply for the variation instead of the applicant; or
 - (ii) must sign the application; and
 - (b) if the application is approved, the lessee must sign the variation.

279AE Certificate of lease variation charge and other amounts

- (1) This section applies if there is a charge on land under the *Taxation Administration Act 1999*, section 56H (Tax payable is charge on land) in relation to a lease variation charge.
- (2) A relevant person in relation to the land to which the lease variation charge applies may apply to the commissioner for revenue for a certificate that sets out the amount of—
 - (a) the lease variation charge that remains unpaid at the date of the certificate; and
 - (b) any interest and penalty tax payable under this division, a deferral arrangement, or the *Taxation Administration Act 1999*.
- (3) The commissioner must give the applicant the certificate.
- (4) The certificate is conclusive proof for an honest buyer for value of the matters certified.
- (5) For this section, the lease variation charge and other amounts payable are taken to be payable immediately even though any necessary time after a date or event, or the service of a notice, has not ended.

(6) In this section:

relevant person, in relation to land to which a lease variation charge applies, means—

- (a) the lessee, buyer or mortgagee of the land; or
- (b) an applicant for a development application in relation to the land, if the applicant is not the lessee.

- (c) the planning and land authority executes a variation of the lease to which the lease variation charge relates.

(2) The commissioner for revenue may reassess the lease variation charge under the *Taxation Administration Act 1999*, section 9 (Reassessment).

(3) The commissioner for revenue must give—

- (a) a notice of assessment of the lease variation charge to the lessee; and
- (b) if the development application in relation to the chargeable variation is made by someone other than the lessee—a copy of the notice to the applicant.

Note The assessment notice must show the amount of the reassessment and the amount by which the assessment has been increased or decreased (see *Taxation Administration Act 1999*, s 14 (3)).

- (4) For this division, the *Taxation Administration Act 1999*, part 10 (Objections and reviews) applies only to a reassessment of a lease variation charge under this section.

Note 1 Either the lessee or, if the lessee is not the applicant for the development approval, the applicant for the development approval, may apply under this Act for reconsideration of a notice of an assessment of a lease variation charge worked out under s 277 (see s 277D).

Note 2 A notice of a reassessed lease variation charge is an internally reviewable decision (see *Taxation Administration Act 1999*, s 107, def *internally reviewable decision*), and the notice of assessment must be an internal review notice (see that Act, s 107B).

Subdivision 9.6.3.4 Application of Taxation Administration Act

279B Application of Taxation Administration Act

- (1) The *Taxation Administration Act 1999* applies to this division as if a lease variation charge for a chargeable variation were a tax payable from the day the development application in relation to the chargeable variation is approved.
- (2) For this division, a tax liability in relation to a chargeable variation only arises if the planning and land authority executes a variation of the lease to which the chargeable variation relates.

Note The planning and land authority must not execute a variation of a nominal rent lease unless the lessee has paid, or deferred, the lease variation charge worked out under s 276C less any remission under s 278, plus any increase under s 279 (see s 276B (1) and s 276C).

279C Taxation Administration Act—disclosure of information

For the *Taxation Administration Act 1999*, division 9.4 (Secrecy), a tax officer under that Act may disclose information obtained under or in relation to the administration of this division to the planning and land authority or a person authorised by the authority to receive the information.

- (3) If the Minister has not made a determination under subsection (1), the amount that is taken to have been determined for a rural lease is the market value of the lease, payable as a lump sum.
- (4) A determination is a disallowable instrument.

Note A disallowable instrument must be notified, and presented to the Legislative Assembly, under the [Legislation Act](#).

Note A single form may be used for a number of provisions, so a joint certificate of completion, certificate of compliance and certificate of occupancy may be issued (see [Legislation Act](#), s 255 (7)).

- (2) If a building and development provision of a lease has been partly complied with, the planning and land authority may issue a certificate of compliance stating that the provision has been partly complied with.
- (3) A certificate of compliance under subsection (2) may be issued subject to a condition (stated in the certificate) that the lessee provides security in a stated form against failure to complete stated outstanding work.
- (4) This section is subject to section 297.

297 Certificates of compliance relating to Unit Titles Act leases

- (1) The planning and land authority must not issue a certificate of compliance under section 296 in relation to a building and development provision that a lease under the [Unit Titles Act 2001](#) is subject to unless satisfied under subsection (2).

- (2) The planning and land authority must be satisfied—
- (a) for every other lease in relation to the same subdivision under the *Unit Titles Act 2001* that is subject to a building and development provision—that the provision has been complied with, or a certificate of compliance has been issued under section 296 in relation to the provision; or
 - (b) that the occupier of the unit that is held under the lease will not, as occupier, be substantially inconvenienced by works being carried out, or that are to be carried out, in compliance with a building and development provision to which the lease of the common property or another unit contained in the same subdivision under the *Unit Titles Act 2001* is subject.
- (3) For subsection (2), an occupier is *substantially inconvenienced* by works being carried out, or that are to be carried out, if the works are being, or are to be, carried out to the common property, or another unit, in the same stage of the development as the occupier's unit.

Division 9.9.2 Building and development provisions—transfer of land

298 Transfer of land subject to building and development provision

- (1) A lease containing a building and development provision, or an interest in the lease, cannot be transferred or assigned, either at law or in equity, unless—
- (a) the lessee has died; or
 - (b) the transfer or assignment is made under any of the following orders:
 - (i) an order of the Family Court;
 - (ii) an order of another court having jurisdiction under the *Family Law Act 1975* (Cwlth);

- (iii) an order under the *Domestic Relationships Act 1994*, division 3.2 adjusting the property interests of the parties in a domestic relationship; or
- (c) the transfer or assignment happens by operation of, or under, bankruptcy or insolvency; or
- (d) the lessee has—
 - (i) a certificate of compliance under section 296; or
 - (ii) the consent of the planning and land authority under subsection (2) or (4).

Note A consent under the *City Area Leases Ordinance 1936* may be taken to be a consent under s (2) (see *Land (Planning and Environment) Act 1991*, s 292 (expired)).

- (2) The planning and land authority may, in writing, consent to a legal or equitable transfer or assignment of a lease containing a building and development provision, or an interest in the lease, if—
 - (a) the authority—
 - (i) is satisfied that the proposed transferee or assignee intends to comply with the building and development provision; and
 - (ii) has been given the security (if any) required by the authority for compliance with the provision by the proposed transferee or assignee; and
 - (b) either—
 - (i) the authority is satisfied that the lessee cannot, for personal reasons prescribed by regulation, comply with the building and development provision; or

- (ii) the authority is satisfied that—
 - (A) the lessee cannot comply with the building and development provision for financial reasons; and
 - (B) the financial reasons are connected with the lease; or
- (iii) the authority is satisfied that—
 - (A) an unforeseen major event outside the lessee's control happened after the lessee purchased the lease; and
 - (B) the event has had a demonstrable effect on the lessee's ability to develop the land comprised in the lease; or
- (iv) the proposed transferee or assignee (the *homebuyer*) has a contract with the person (the *builder*) proposing to transfer or assign the lease and, under the contract, the builder is required to build a home on the leased land for the homebuyer; or
- (v) the authority is satisfied that the transfer or assignment (the *relevant transfer or assignment*) of the lease is—
 - (A) by the Territory, a territory entity, the Commonwealth or a Commonwealth entity (each of which is an *entity*); and
 - (B) within the entity's functions; and

- (C) necessary because of a change in a policy of the Territory, the Commonwealth or the entity that affects more than 1 transfer or assignment, or potential transfer or assignment, including the relevant transfer or assignment.

Examples of unforeseen major events

- 1 a bushfire
- 2 a large increase in interest rates

- (3) For subsection (2) (b) (ii), a financial reason is connected with the lease unless—
- (a) the reason is that the lessee has borrowed an amount, using the land as security, for a purpose other than to purchase or develop the land; and
 - (b) the amount is used for a purpose other than to meet an expense arising from a personal reason prescribed by regulation for subsection (2) (b) (i).

Examples of financial reasons not connected with lease

- 1 expenditure on purchase of other land
- 2 purchase of luxury car
- 3 expenditure on extended overseas holiday

- (4) The planning and land authority may also, in writing, consent to a transfer of a lease containing a building and development provision, or an interest in the lease, if the proposed transfer is the first sale of a lease of undeveloped land by the person who provided the infrastructure on the lease.
- (5) In deciding under subsection (2) or (4) whether to consent to a transfer or assignment of a lease, the planning and land authority must take into consideration any matters prescribed by regulation.

Division 9.9.3 Building and development provisions—extension of time to complete works

298B Extension of time to complete works

- (1) This section applies if—
 - (a) a lease includes a building and development provision requiring works be completed within a stated time; and
 - (b) a certificate of occupancy has not been issued for the works; and
 - (c) the works have not been completed within the stated time.
- (2) The time to complete the works is extended indefinitely unless the planning and land authority—
 - (a) extends the time to complete the works to another stated time; or
 - (b) refuses to extend the time to complete the works.
- (3) The planning and land authority may extend the time to complete the works to another stated time only if—
 - (a) if a time limit for completing the works is prescribed by regulation—the other stated time is on or before the prescribed time; or
 - (b) any of the prescribed criteria apply.
- (4) The planning and land authority may refuse to extend the time to complete the works only if—
 - (a) if a time limit for completing the works is prescribed by regulation—the time limit has been reached; or
 - (b) any of the prescribed criteria apply.
- (5) The period of extension starts when the stated time in the building and development provision to complete the works ends.

- (6) The period of extension ends—
- (a) if the time to complete the works is extended indefinitely—when the construction occupations registrar issues a certificate of occupancy in relation to the lease; or
 - (b) if the time to complete the works is extended to another stated time—on the other stated time.
- (7) In this section:
- prescribed criteria* means—
- (a) completion of the works is in the public interest; or
 - (b) development of the land subject to the lease is required for residential or commercial purposes; or
 - (c) criteria prescribed by regulation.

**298C Extension of time to complete works—decision by
planning and land authority**

- (1) This section applies if the time to complete works under a lease is extended indefinitely under section 298B (2).
- (2) The planning and land authority may, on its own initiative, decide that the extension of time to complete the works will end at a stated time.
- (3) However, the planning and land authority must not make a decision under subsection (2) before a fee is payable in relation to an extension of time.
- (4) The planning and land authority may decide that an extension of time to complete the works will end at a stated time only if—
 - (a) if a time limit for completing the works is prescribed by regulation—the stated time is on or before the prescribed time; or
 - (b) any of the prescribed criteria apply.

(5) The period of extension ends on the stated time.

(6) In this section:

prescribed criteria means—

- (a) completion of the works is in the public interest; or
- (b) development of the land subject to the lease is required for residential or commercial purposes; or
- (c) criteria prescribed by regulation.

298D Extension of time to complete works—required fee

- (1) If the time to complete the works is extended under section 298B or section 298C, the lessee must pay the planning and land authority the amount, or the total of the amounts, (the *required fee*) for each year, or part year, of the period of the extension of time, worked out as follows:

$$A \times \frac{D}{365} \times B$$

Example

Frank's lease includes a building and development provision requiring the works be completed by 15 May 2016. The works are not completed by 15 May 2016. A time limit for completing the works is not prescribed in the regulation, and the prescribed criteria do not apply. The planning and land authority extends the time for completing the works indefinitely. In Frank's case, the [Planning and Development Regulation 2008](#) prescribes A in the above formula to be 0 for the first 4 years and 1 for the 5th year of the period of extension. No fee is payable for the first 4 years of the extension (until 15 May 2020). If the works are completed after 15 May 2020 but before 15 May 2021, Frank is liable to pay a fee equal to his rates for the year $[1 \times 365/365 \times B]$.

Note The required fee may be waived under the [Financial Management Act 1996](#), s 131.

- (2) The planning and land authority must, at the end of each year, or part year of the period of extension, give the lessee written notice of the required fee payable for the year or part year.

- (3) The required fee payable for a year or part year must be paid on or before the payment date stated in the notice.

- (4) In this section:

A is the figure prescribed by regulation for the relevant year of the period of extension.

Note Power to make a statutory instrument (including a regulation) includes power to make different provision for different categories (see [Legislation Act](#), s 48).

B is the amount of rates imposed under the [Rates Act 2004](#), section 14 in relation to the land for the year to which the extension of time applies.

D is the lesser of—

- (a) 365; and
- (b) the number of days in the year to which the extension of time applies.

period of extension means the period of extension under section 298B (Extension of time to complete works) or section 298C (Extension of time to complete works—decision by planning and land authority).

- (3) The application must—
 - (a) be in writing; and
 - (b) be accompanied by evidence of the hardship reason.
- (4) In this section:
medical condition includes a physical or mental illness or disability.

298G Decision on application for reduction or waiver for hardship

- (1) On application under section 298F, the planning and land authority must—
 - (a) approve a reduction or waiver of the required fee; or
 - (b) refuse a reduction or waiver of the required fee.
- (2) In deciding an application, the planning and land authority must apply any criteria prescribed by regulation for deciding the application.
- (3) The planning and land authority may reduce or waive a required fee only if—
 - (a) the authority is satisfied that—
 - (i) a hardship reason applies to the lessee; and
 - (ii) the reduction or waiver is necessary because of the hardship reason; and
 - (b) the lessee has not received a reduction or waiver of a required fee for an extension of time to complete works for a hardship reason in relation to another lease within 5 years of making the application.

- (1) A person who holds a lease may, at any time, with the consent of the planning and land authority, surrender the lease or part of the land comprised in the lease.

Note For provisions about compensation for improvements, see pt 9.8.

- (2) The planning and land authority may agree to accept the surrender of a lease, or part of the land comprised in a lease, under subsection (1) either unconditionally or subject to any condition the authority considers appropriate.
- (3) The surrender of a lease, or part of the land comprised in a lease, does not entitle the lessee to a refund or remission of any rent already paid or owing.

Part 9.11 Licences for unleased land

301 Criteria for granting licences for unleased land

Note A licence is a contractual right to do something that would be unlawful to do without the licence, eg to occupy or use land under the contract.

- (2) A determination is a disallowable instrument.

Note A disallowable instrument must be notified, and presented to the Legislative Assembly, under the [Legislation Act](#).

302 Applications for licences for unleased land

- (1) A person may apply to the planning and land authority for a licence to occupy or use an area of unleased territory land.

- (1) On receiving an application under section 302, the planning and land authority may grant the applicant a licence to occupy or use the land, and any building or structure on the land, stated in the application for the purposes and period stated in the application.

Note An application must be accompanied by the custodian's written consent to the issue of the licence applied for.

305 Licences—when not needed

A person need not hold a licence granted under section 303 to occupy or use an area of unleased territory land if—

- (a) the person holds a sign approval, work approval, or public unleased land permit, to use the area under the [Public Unleased Land Act 2013](#); and
- (b) the person uses the area in accordance with the approval or permit; and

Part 9.12 Leases and licences— miscellaneous

306 Land leased to be held as undivided parcel

- (2) The land comprised in a lease may be sublet and the lease and any interest in it may be assigned, transferred or mortgaged, unless a provision of this chapter provides otherwise.

307 Power of lessee to sublet part of building

- (1) Any part of a building on land comprised in a lease may, subject to the lease, any sublease of the land and this Act, be sublet separately from the remainder of the building.

Note Section 251 and s 284 require consent before subleasing in some cases.

- (2) If a part of a building is sublet separately from the remainder of the building, any part of the parcel of land with the building on it may be sublet with the part of the building separately from the remainder of the parcel of land, as long as the part of the parcel of land sublet adjoins the part of the parcel of land with the building on it.
- (3) To remove any doubt, nothing in this section prevents the subletting of a whole building.

308 Power of Crown lessee to sublet part of land

- (1) A Crown lessee must not sublease any land under a Crown lease without the planning and land authority's prior written approval.

Note 1 A sublessee cannot further sublease the land under the sublease (see [Land Titles Act 1925](#), s 88E).

Note 2 If a form of application or sublease is approved under s 425 for this provision, the form must be used.

- (2) The planning and land authority must, in writing, approve or refuse to approve a sublease of land not later than 10 working days after the authority is asked, in writing, to approve the sublease.
- (3) The planning and land authority must not approve a sublease of land—
 - (a) other than in accordance with criteria prescribed by regulation; and

Note Power to make a regulation includes power to make different provision in relation to different matters or different classes of matters, and to make a regulation that applies differently by reference to stated exceptions or factors (see [Legislation Act](#), s 48).

 - (b) if the sublease—
 - (i) is inconsistent with this Act or the [Land Titles Act 1925](#); or
 - (ii) allows—
 - (A) the extension of the initial term of the sublease; or
 - (B) the grant of a further sublease; and
 - (c) unless satisfied that, during the term of the sublease (including a declared land sublease), the sublessee will have—
 - (i) direct access to the subleased land from a road or road related area; or
 - (ii) access to the subleased land from a road or road related area by way of an access road or track, or in another way, that the sublessee may use for entry or exit only, without charge and at any time.
- (4) The Crown lessee must give the executed approved sublease to the planning and land authority.

- (5) The planning and land authority must give the executed approved sublease to the registrar-general for registration under the *Land Titles Act 1925*.

Note The planning and land authority must give the executed approved sublease to the registrar-general for registration as soon as possible (see *Legislation Act*, s 151B).

- (6) Access provided because of subsection (3) (c) (ii)—
- (a) must not interfere with a building, garden or stockyard on the land (the *affected land*) through which the access is provided at the time the access is provided; and
 - (b) must be located in a way that causes as little damage or inconvenience to the sublessee, another sublessee or Crown lessee of the affected land as possible.
- (7) A regulation may prescribe—
- (a) the form of a sublease; and
 - (b) a document that must accompany or be included in a sublease; and
 - (c) a provision that must or must not be included in the sublease.
- (8) A provision of a sublease that—
- (a) is inconsistent with this Act or the *Land Titles Act 1925* is void to the extent of the inconsistency; or
 - (b) allows the extension of the initial term of the sublease is void; or
 - (c) allows the grant of a further sublease is void.
- (9) Nothing in this Act, by itself, creates an obligation on a lessee under a sublease of land to grant the sublessee a further or new sublease.

Note The *Unit Titles Act 2001*, s 167AA provides for the grant of further leases of units and common property if a declared land sublease is subdivided by a units plan.

- (10) This section does not apply to a part of land sublet under section 309.

309 Subletting for siting of mobile homes

- (1) This section applies if—
- (a) a lease of territory land authorises the use of the land comprised in the lease as a mobile home park; and
 - (b) part of the land is being used, or intended to be used, for the siting of a mobile home.
- (2) The part of the land may, subject to the lease and any sublease of the land, be sublet separately from the remainder of the land.
- (3) In this section:

mobile home means a dwelling (whether or not on wheels) capable of being transferred from place to place and re-erected.

mobile home park means land used for the purpose of accommodating mobile homes or caravans, and includes a caravan park or camping ground.

310 Reservation of minerals

A reservation of minerals contained in a lease must be read as a reservation of all minerals and mineral substances in or on the land, including gold, silver, copper, tin, other metals, ores and substances containing metals, gems, precious stones, coal, limestone, shale, mineral oils, valuable earths and substances, stone, clay, gravel and sand.

**312 How land may be recovered if former lessee or licensee
 in possession**

- (1) This section applies if—
 - (a) a person who has been a lessee remains in possession of the land after—
 - (i) the term of the lease has ended; or
 - (ii) the lease has been surrendered or ended; or
 - (b) a person who has been a licensee remains in possession of the land after—
 - (i) the term of the licence has ended; or
 - (ii) the licence has been surrendered or ended.
- (2) The planning and land authority may, by written notice to the person (the ***unlawful occupier***), demand that the unlawful occupier give possession of the land to the authority within the reasonable period stated in the demand.
- (3) If a demand is not complied with—
 - (a) the planning and land authority may apply to the Magistrates Court for an order that possession of the land be given to the authority; and
 - (b) the court may issue a warrant authorising a police officer, within 20 working days after the day the warrant is issued, to enter the land with the assistance and by the force that is reasonable, and give possession of the land to the authority.
- (4) In this section:

licence means a licence granted by the Territory, the Commonwealth or the planning and land authority.

312A Conversion of Commonwealth leases

- (1) This section applies if—

- (4) The show cause notice must—
 - (a) be accompanied by a copy of the application; and
 - (b) contain a statement to the effect that the person to whom it is given may, not later than 10 working days after the day the person is given the notice, give the planning and land authority written reasons explaining why the order should not be made.
- (5) The show cause notice may also include any other information that the planning and land authority considers appropriate.
- (6) To remove any doubt, a person is not prevented from applying for a controlled activity order only because the person has made a complaint in relation to the same matter.

351 Decision on application for controlled activity order

- (1) Before deciding whether to make a controlled activity order on an application under section 350, the planning and land authority must consider any reasons given in accordance with the show cause notice.

- (2) The planning and land authority may decide—
- (a) to make a controlled activity order of the kind sought; or
 - (b) to make a controlled activity order (including a different kind of order) that is not more burdensome than the order sought; or
 - (c) not to make a controlled activity order.

Example of less burdensome order—par (b)

A person applies for an order for the demolition of an unapproved structure but the planning and land authority makes an order that a development application be lodged for the structure within a stated period and, if the application is not lodged within that period or is not approved, the structure is to be demolished.

- (3) A controlled activity order may be directed to 1 or more of the following:
- (a) the person against whom the order is sought to be directed;
 - (b) if the planning and land authority considers that the order would be more appropriately directed to someone else mentioned in section 350 (3) (b)—that person.
- (4) The planning and land authority is taken to have refused to make the controlled activity order applied for under section 350 if the authority fails to decide the application before the end of the period prescribed by regulation.

Note There may be a right of review for a decision under this section (see ch 13 and sch 1).

Note 1 **Business hours**—see the dictionary.

Note 2 If entry is made under a rectification work order, see s 402G for re-entry to the premises.

- (3) However—
- (a) an authorised person must not enter premises for the first time unless accompanied by an inspector; and
 - (b) if the authorised person enters or re-enters the premises with consent under subsection (1) (a), the person must leave the premises if an occupier withdraws consent to the person being on the premises.

371 Liability for cost of rectification work

The person who is required to comply with a direction under section 366 (Direction to carry out rectification work) must pay to the Territory the reasonable cost of any rectification work carried out by an authorised person to which the direction related.

Note An amount owing under a law may be recovered as a debt in a court of competent jurisdiction or the ACAT (see [Legislation Act](#), s 177).

372 Criteria for deferral of rectification work costs

6 Expired transitional or validating provisions

This Act may be affected by transitional or validating provisions that have expired. The expiry does not affect any continuing operation of the provisions (see [Legislation Act 2001](#), s 88 (1)).

Expired provisions are removed from the republished law when the expiry takes effect and are listed in the amendment history using the abbreviation ‘exp’ followed by the date of the expiry.

To find the expired provisions see the version of this Act before the expiry took effect. The ACT legislation register has point-in-time versions of this Act.
