

# **COOLEMAN COURT STAGE 2 BRIERLY STREET UPGRADE**

## **PRELIMINARY SKETCH PLAN (PSP)**

25 July 2022

ACKNOWLEDGMENT OF COUNTRY

The land on which we live and work is aboriginal land. Aboriginal people have lived on the Australian continent for at least 65,000 years. Non-aboriginal people have lived in Australia for just 230 years.

As a practice, we are working towards an understanding of that fact, and how it might inform our relationship to the land, its original people, and the work that we do. We acknowledge that we have a long way to go. Our studios are located on Gadigal, Ngunnawal and Whadjuk country in Sydney, Canberra and Perth respectively.
